He is an accredited mediator with Malaysian Mediation Centre.

## Dear Shareholders,

On behalf of the Board of Directors, it is our pleasure to present the Annual Report and Audited Financial Statements of Eonmetall Group Berhad ("Eonmetall") for the financial year ended 31 December 2005.

Accredited by MSC Multimedia

**Development Corporation.** 

## **Operations Review**

2000 accreditation by

**Anderson Consulting.** 

Eonmetall was incorporated in Malaysia on 16 October 2003 as a private limited company under the name Eoncap Corporation Sdn Bhd. It was converted into a public limited company and subsequently changed and assumed its present name since 15 April 2005. It was successfully listed on the Second Board of Bursa Malaysia Securities Berhad on 3 August 2005.

The principle activities of Eonmetall Group are primarily involved in the manufacturing of secondary flat steel products and steel storage systems, metalwork and industrial process machinery and equipment, IT software development and distribution activities.

## **Overall Performance**

For the year under review, the Group recorded a turnover of RM70.01 million and a profit before tax of RM26.83 million. The Group's profit after tax stood at RM26.58 million inclusive of a negative goodwill recognised of RM11.85 million. Basic earnings per ordinary share as at 31 December 2005 was 31.81 sen.

As this is the first set of consolidated financial statements, no comparative figures are presented for the Group.

The demand for Eonmetall products both in the export and domestic markets has been encouraging. The overseas market share contributed 54% to its 2005 Group revenue and the balance 46% was derived from within the domestic market. Eonmetall products penetrate the ASEAN, Middle-East, Africa and Europe markets.

## **Outlook and Prospects**

Early this year, the Malaysian Government announced its 9th Malaysia Plan ("9MP") with an allocation of RM220 billion compared to the 8th Malaysia Plan ("8MP") of RM170 billion, an increase of 29%. The government is targeting a real GDP growth of 6.0% during the 9MP compared to the of 4.5% growth during the 8MP.

A national mission with five key trusts was announced for the 9MP to set the foundation for the second phase towards Malaysia's Vision2020. One relevant key trust of the 9MP is to move the economy up the value chain by increasing the productivity, competitiveness and value-add in agriculture, manufacturing and services sectors, and to expand the market for Malaysian exports and services sectors. In year 2005, manufacturing exports accounted for 77.4% of Malaysia's total exports of USD140.47 billion.

**Moody International Certification** 

(Malaysia) Sdn Bhd.

## Outlook and Prospects (cont'd)

Coupled with the continuous strategies, policies and incentives by the government for the manufacturing sector, the Malaysian economy is expected to achieve its forecasted GDP growth of 6% in 2006 as compared to 5.3% in 2005.

Within this operating climate of Malaysia, the Group is optimistic to maintain its growth in 2006. However, the recent hike in global oil prices and the slowing down of China's economy are major factors that can hamper growth. Therefore, the Group will continue to focus on manufacturing efficiency and effectiveness, improvements on product quality, and reducing cost of production. Continuous Research and Development will also be constantly addressed to ensure Eonmetall remains competitive.

We are also pleased to inform on our recent announcement to Bursa Securities Malaysia Berhad of our proposal to undertake the following corporate exercise:

- a) Bonus issue of up to 63,250,000 new ordinary shares of RM0.50 each to be credited as fully paid-up, on the basis of one (1) Bonus Share for every two (2) existing ordinary shares held on the entitlement date to be determined later; and
- b) Transfer of listing of and quotation for the entire enlarged issued and paid-up share capital from the Second Board to the Main Board of Bursa Securities.

## Dividend

The Company paid an interim dividend of 5% per share less 28% tax and a special interim dividend of 5% per share less 28% tax, totalling RM3,960,000 in respect of the year ended 31 December 2005 on 29 November 2005.

The Board of Directors does not recommend any final dividend for the financial year ended 31 December 2005.

## Acknowledgement

On behalf of the Board, I would like to thank our shareholders, customers, suppliers, financial institutions, business associates and other stakeholders for their support and confidence in the Group. We also wish to express our gratitude to the employees and management team for their commitment and dedication towards the advancement of the Group.

Last but not the least, I wish to express my congratulations with regards to the appointment of all Directors to the Board. Together, we will strive to improve shareholders' value and work for a stronger performance in year 2006.

## STATEMENT ON CORPORATE GOVERNANCE

The Board of Directors fully appreciates the importance of adopting high standards of corporate governance within the Group. The Board views corporate governance as synonymous with three key concepts; namely transparency, accountability and integrity.

The Board evaluates the status of the Group's corporate governance practices with a view to adopt and apply, where practicable, the Principles and Best Practices enshrined in Parts 1 and 2 of the Malaysian Code on Corporate Governance (the "Code") respectively. As such, the Board is fully committed to the maintenance of high standards of corporate governance in its quest to enhance shareholder value.

The Board is pleased to provide the following statement, which outlines the main corporate governance practices that were in place throughout the financial year under review unless otherwise stated.

## **PRINCIPLES STATEMENT**

The following statement sets out how the Company has applied the Principles in Part 1 of the Code. The Principles are dealt with under the headings of Board of Directors, Directors' Remuneration, Shareholders and Accountability and Audit.

#### A. DIRECTORS

#### The Board

The Board acknowledges its role in the stewardship of the Group's direction and operations, and ultimately the enhancement of long-term shareholder value. To fulfil this role, the Board is responsible for the overall corporate governance of the Group, including its strategic direction, establishing goals for Management and monitoring the achievement of these goals. Although it does not have a formal schedule of matters reserved to it for decision, the Board is normally involved in deciding the overall Group strategy and direction, acquisition and divestment policy, approval of major capital expenditure, consideration of significant financial matters and the review of financial and operating performance of the Group.

The Board delegates the day-to-day operations of the Group to the Group Managing Director and Executive Director, who have vast experience in the business of the Group.

## Meetings

The Board ordinarily meets at least four times a year at quarterly intervals with additional meetings convened when urgent and important decisions need to be taken between the scheduled meetings. During the financial year ended 31 December 2005 and subsequent to the listing of the Company in August 2005, the Board met twice, attended by all directors, where it deliberated upon and considered a variety of matters including the Group's financial results, strategic decisions and the direction of the Group.

All Directors are furnished with an agenda and documents on matters requiring their consideration in advance of each Board meeting. The Chairman, with the assistance of the Company Secretary, undertakes the primary responsibility for organising information necessary for the Board to deal with the agenda and for providing this information to the Directors on a timely basis.

All proceedings of Board meeting are duly recorded and the minutes thereof signed by the Chairman of the Board.

## **Board Committees**

The Board of Directors delegates certain responsibilities to Board Committees, namely an Audit Committee, a Nominating Committee, a Remuneration Committee and an Employee Share Option Scheme ("ESOS") Committee in order to enhance business and operational efficiency as well as efficacy. The ESOS Committee was established to administer the Company's ESOS in accordance with the by-laws thereof to determine, amongst others, participation eligibility, option offers and share allocations.

All Board Committees have written terms of reference and the Board receives reports of their proceedings and deliberations, where relevant. The Chairman of various Committees reports to the Board the outcome of the Committee meetings.

## STATEMENT ON CORPORATE GOVERNANCE (cont'd)

#### **Board balance**

At the date of this statement, the Board consists of seven (7) members; comprising two (2) Executive Directors, three (3) Non-Executive Directors and two (2) Independent Non-Executive Directors. A brief profile of each Director is presented on pages 8 and 10 of the Annual Report.

The concept of independence adopted by the Board is aligned with the definition of an independent Director in Section 1.01 of the Listing Requirements of Bursa Malaysia Securities Berhad ("Bursa Securities"). The key elements for fulfilling the criteria are the appointment of Directors who are not members of Management and who are free of any relationship which could interfere with the exercise of independent judgement or the ability to act in the best interest of the Company. The Board complies with paragraph 15.02 of the Listing Requirements, which requires that at least two (2) Directors or one-third of the Board of the Company, whichever is higher, are independent Directors.

The Executive Directors are responsible for implementing the policies and decisions of the Board, overseeing the operations as well as co-ordinating the development and implementation of business and corporate strategies. The presence of independent Non-Executive Directors in the Board is essential as they provide an unbiased and independent view, advice and judgement to the decisionmaking of the Board and provide an appropriate check and balance for the Executive Directors, thereby ensuring that no one individual or group dominates the Board's decision-making process.

Together with the Executive Directors who have intimate knowledge of the business, the Board is constituted of individuals who have a proper understanding of, and competence to deal with, current and emerging business issues.

There is a clear division of responsibilities at the head of the Company to ensure a balance of authority and power. The Board is led by Tan Sri Dato' Mohd Desa bin Pachi, a Non-Executive Chairman while the executive management of the Company is led by Mr Goh Cheng Huat, the Managing Director.

Although the roles of the Chairman and the Managing Director are not defined in writing on their individual position responsibilities, the Chairman in practice is responsible for running the Board and ensures that all Directors receive sufficient relevant information on financial and non-financial matters to enable them to participate actively in Board decisions, whilst the Managing Director is responsible for the day-to-day management of the business as well as the implementation of Board's policies and decisions.

The Board is satisfied that the current Board composition fairly reflects the interests of minority shareholders in the Company.

## **Supply of information**

The Board recognises that the decision-making process is highly dependent on the quality of information furnished. As such, all Directors have unrestricted access to any information pertaining to the Group.

The Chairman, with the assistance of the Company Secretary, ensures that all Directors have full and timely access to information with Board papers distributed in advance of Board meetings. This ensures that Directors have sufficient time to understand and appreciate issues deliberated at the Board meeting and expedites the decision-making process.

Every Director also has unhindered access to the advice and services of the Company Secretary. The Board believes that the current Company Secretary is capable of carrying out her duties to ensure the effective functioning of the Board. The Articles of Association specify that the removal of the Company Secretary is a matter for the Board as a whole.

Before meetings of the Board and Board Committees, appropriate documents, which include the agenda and reports relevant to the issues to be deliberated at the meetings covering the areas of financial, operational and regulatory compliance matters, are circulated to all Directors, to enable them to obtain further explanation, where necessary, in order to be properly briefed before the meeting.

The Directors meet, review and approve all corporate announcements, including the announcement of guarterly financial results, before releasing them to Bursa Securities.

The Board, as a whole, will determine whether as a full board or in their individual capacity, to take independent professional advice, where necessary and under appropriate circumstances, in furtherance of their duties, at the Group's expense.

## STATEMENT ON CORPORATE GOVERNANCE (cont'd)

## Appointments to the Board

#### **Nominating Committee**

The Nominating Committee comprises the following members:

- Tang Yin Kham
- Phee Boon Leng
- Goh Kee Seng

- Chairman, Independent Non-Executive Director
- Independent Non-Executive Director
- Non-Executive Director

The Committee consists entirely of Non-Executive Directors, a majority of whom are independent in accordance with Best Practices of the Code.

The Nominating Committee is empowered by the Board and its terms of reference are to bring to the Board recommendations on the appointment of new Directors. The Committee is to systematically keep under review the effectiveness of the Board and Board Committees as a whole and for assessing the contribution of each individual Director in discharging his duties. The Nominating Committee is also empowered to seek professional advice within or outside the Group as it considers necessary in the discharge of its responsibilities.

The Committee shall meet whenever there is a need to perform its function, and at least once every year in carrying out an annual review of the Board, its Committees and the contribution of individual Directors to the Company.

During the financial year, no meetings were convened by the Committee to deliberate on the retirement of Directors and their eligibility for re-election at the Annual General Meeting ("AGM"), the performance of the Board and the various Board Committees as well as contribution of individual Directors as the Company was only listed on Bursa Securities in August 2005.

The Company Secretary will ensure that all necessary information is obtained and that all legal and regulatory obligations are met before appointments of new Directors are made.

## Directors' training

The Board, through the Nominating Committee, ensures that it recruits to the Board only individuals of sufficient calibre, knowledge and experience to fulfil the duties of a Director appropriately. There is no formal training or orientation programme for Directors.

At the date of this Statement, all Directors have attended and successfully completed the Mandatory Accreditation Programme.

## Re-election

The Articles of Association of the Company provide that an election of Directors shall take place each year and, at the AGM, one-third of the Directors for the time being or, if their number is not three (3) or a multiple of three (3), then the number nearest to one-third shall retire from office and be eligible for re-election. All the Directors shall retire from office once at least in three years but shall be eligible for re-election.

The Directors to retire in each year are the Directors who have been longest in office since their appointment or re-appointment. A retiring Director is eligible for re-appointment. This provides an opportunity for shareholders to renew their mandates. The election of each Director is voted on separately. To assist shareholders in their decision, sufficient information such as personal profile, meetings attendance and the shareholdings in the Group of each Director standing for election are furnished in a separate statement accompanying the Notice of the AGM.

In accordance with Section 129(6) of the Companies Act, 1965, Directors who are over seventy (70) years of age are required to submit themselves for re-appointment on an annual basis.

## **DIRECTORS' REMUNERATION**

## **Remuneration Committee**

The Remuneration Committee comprises the following members:

- Phee Boon Leng
- Tang Yin Kham
- Goh Kee Seng

- Chairman, Independent Non-Executive Director
- Independent Non-Executive Director
- Non-Executive Director

The Remuneration Committee is responsible for recommending and putting in place a structured remuneration framework for Executive Directors.

The determination of remuneration packages of Non-Executive Directors shall be a matter for the Board as a whole, with individual Directors abstaining from decisions in respect of their individual remuneration. During the financial year, the Remuneration Committee met twice, attended by all the members.

The policy adopted by the Committee on Directors' remuneration is to structure remuneration packages necessary to attract, retain and motivate Directors to effectively manage the business of the Group.

Details of the nature and amount of each major element of the remuneration of Directors of the Company during the financial year ended 31 December 2005 are as follows:

	Executive Directors RM'000	Non-Executive Directors RM'000	Independent Non- Executive Directors RM'000	Total RM'000
Fees	20	30	20	70
Salary and bonus	765	_	-	765
Other emoluments	93	28	2	123
Total	878	58	22	958

The remuneration paid/payable to Directors, analysed into bands of RM50,000 each for the year ended 31 December 2005, is summarised as follows:

Dange of remuneration	Number of Directors			
Range of remuneration	Executive	Non-Executive		
Below RM50,000	_	5		
RM250,001 – RM300,000	1	-		
RM600,001 – RM650,000	1	_		

#### C. SHAREHOLDERS

The Company realises the importance of communicating with its shareholders and does this through the Annual Report, the AGM and Extraordinary General Meetings ("EGM"). Whilst the Annual Report provides a comprehensive source of information on the Group's financial and operational performance, the AGM and EGM provide a platform for shareholders to seek more information and clarification on the audited financial statements, operational issues and other matters of interest. The Directors readily avail themselves to answer any such questions that may arise as shareholders may seek more information than what is available in the Annual Report and/or circulars. The Company's practice is to send out the notice of AGM and related papers to shareholders at least twenty-one (21) working days before the meeting.

In addition, the Group's quarterly financial results, information on corporate exercises undertaken by the Group, and other information that warrants an announcement under the Listing Requirements are released on a timely basis to continuously provide shareholders with an update of the Group's operations.

While the Company endeavours to provide as much information as possible to its shareholders and stakeholders, it is mindful of the legal and regulatory framework governing the release of material and price-sensitive information. However, in any of the circumstances, the Directors are cautious not to provide undisclosed material information about the Group and frequently stress the importance of timely and equal dissemination of information to shareholders and stakeholders.

## D. ACCOUNTABILITY AND AUDIT

## **Financial reporting**

The Board aims to provide and present a balanced and meaningful assessment of the Group's financial performance and prospects at the end of the financial year, primarily through the annual financial statements, quarterly announcement of results to Bursa Securities as well as the Chairman's statement and review of operations in the Annual Report. The Board is assisted by the Audit Committee to oversee the Group's financial reporting processes and the quality of its financial reporting.

## Directors' responsibility statement in respect of the preparation of the audited financial statements

The Board is responsible for ensuring that the financial statements of the Group give a true and fair view of the state of affairs of the Group and of the Company as at the end of the financial year and the results of their operations and cash flows for the year then ended. In preparing the financial statements, the Directors have ensured that applicable approved accounting standards in Malaysia and the provisions of the Companies Act, 1965 have been applied.

In preparing the financial statements, the Directors have selected and applied consistently suitable accounting policies and made reasonable and prudent judgements and estimates.

The Directors also have a general responsibility for taking such steps as are reasonably open to them to safeguard the assets of the Group and to prevent and detect fraud and other irregularities.

## State of internal controls

The Statement on Internal Control furnished on pages 19 to 20 of the Annual Report, provides an overview on the state of internal controls within the Group.

## **Relationship with the Auditors**

Key features underlying the relationship of the Audit Committee with the internal and external auditors are included in the Audit Committee's terms of reference as detailed on pages 22 to 23 of the Annual Report.

A summary of the activities of the Audit Committee during the financial year, including the evaluation of the independent audit process, are set out in the Audit Committee Report on pages 21 to 23 of the Annual Report.

## STATEMENT ON CORPORATE GOVERNANCE (cont'd)

## ACCOUNTABILITY AND AUDIT (cont'd)

## **Compliance statement**

The Group has complied throughout the financial year ended 31 December 2005 with all the Best Practices of corporate governance set out in Part 2 of the Code, except for the following:

- Appointment of a senior independent non-executive Director to whom concerns may be conveyed has not been made as the Board is of the opinion it is sufficient that the Chairman normally encourages full discussion and deliberation by all Directors during Board meetings;
- Since the listing of the Company and up to end of the financial year, there has not been any formal examination of the size and composition of the Board of Directors to determine its effectiveness. The Nominating Committee which met subsequent to the financial year end deliberated on the size and composition of the Board as well as recommendation to the Board on the reelection of Board members who would be retiring at the forthcoming AGM;
- Pursuant to Best Practice Provision AA XIII of the Code on training to new recruits to the Board, the Company does not have a formal training programme for its new Directors since it is the Board's policy to recruit only individual of sufficient calibre and experience to carry out the necessary duties of a Director. Nevertheless, the Board will review the necessity for a formal orientation programme for its new Directors from time to time;
- The Board has not developed position description for the Board and the Managing Director nor any formal schedule of matters specifically reserved to it for decision. The Board recognizes the importance for a proper identification of the roles and limits of Management as well as a formal schedule on matters that require multiple Board signatures and/ or Board decision and will consider enacting a Board Charter to delineate the roles and responsibilities of executives and Non-Executive Directors;
- Whilst a documented policy on communication with stakeholders and the public has yet to be established, the Board will use the AGM as an avenue to communicate with shareholders;
- In the absence of a formalized succession planning framework, the Board is confident that with the experience and exposure of the Executive Directors, there would not be any problem for a successor to take over when they go on uninterrupted leave. Moreover, there are adequate second liners available for each department to ensure that the operations will not be interrupted on a prolonged basis;
- The Board has not, via the Nominating Committee, carried out a review of the mix of skills amongst the Board members as the Nominating Committee has not met during the financial year. In the absence of a proper assessment by the Nominating Committee, the Board takes it upon itself to carry out the role;
- The Board does not have an agreed procedure for Directors, whether as a full Board or in their individual capacity, to seek independent professional advice in furtherance of their duties at the Group's expense. Where such a need arises, the issue will be tabled at Board meeting for resolution; and
- The Board outsourced its internal audit function by appointing an independent firm of consultants to carry out internal audit of the Group using a risk-based approach. The first cycle of the internal audit was carried out in March 2006 and the report presented to the Audit Committee/Board in May 2006 for their attention and deliberation in the following meeting.

This statement is issued in accordance with a resolution of the Directors dated 21 April 2006.

## STATEMENT ON INTERNAL CONTROL

## Introduction

Paragraph 15.27(b) of the Listing Requirements of Bursa Malaysia Securities Berhad ("Bursa Securities") requires the Board of Directors to include in its annual report a "statement about the state of internal control of the listed issuer as a group". The Board is committed to maintaining a sound system of internal control in the Group (comprising the Company and its subsidiaries) and presents the following statement, which outlines the nature and scope of internal control prevailing in the Group during the financial year under review.

## **Board responsibility**

The Board affirms its ultimate responsibility for the Group's system of internal control, which includes the establishment of an appropriate control environment and framework as well as reviewing its adequacy and integrity. In view of the limitations that are inherent in any system of internal control, this system is designed to manage, rather than eliminate, the risk of failure to achieve corporate objectives. Accordingly, it can only provide reasonable but not absolute assurance against material misstatement or loss. The system of internal control covers financial, operational and compliance controls as well as risk management procedures.

During the financial year and subsequent to the listing of the Company on Bursa Malaysia, the Board established a formal process for the purpose of identifying, evaluating and managing significant risks faced by the Group. This process accords largely with the "Statement on Internal Control – Guidance for Directors of Public Listed Companies" (the "Internal Control Guidance"), a publication of the task force on internal control.

## Enterprise risk management framework

The Board fully supports the contents of the Internal Control Guidance and, with the assistance of external consultants, has put in place a structured risk management process within the Company and principal operating subsidiaries, with the aim of strengthening the risk management function across the Group.

This enterprise risk management framework addresses the following key initiatives:

- The issuance of a Risk Management Policy and Procedure document which outlines the risk management framework for the Group and offers practical guidance to all employees on risk management issues;
- Workshops and interviews were conducted with Executive Directors, Senior Management and other key personnel from the major business units in the Group. A database of all risk and controls has been created, and information filtered to produce a detailed risk register, and risk profiles of the major business units in the Group. Key risks to each business unit's objectives, aligned with the Group's strategic objectives, were identified and scored for likelihood of the risks occurring and the magnitude of impact; and
- A risk profile of the Group was developed, which together with a summary of the key findings, was discussed at the Board meeting.

The next steps in the risk management process are as follows:

- Key Management personnel to be nominated in each business unit to prepare action plans, with implementation time-scales to address the risk and control issues identified:
- To consider establishing a Group Risk Management Committee ("GRMC"), headed by the Managing Director or his designate, with the responsibility to identify and communicate to the Board of Directors, on an ongoing basis, the critical risks the Group faces, their changes, and the management action plans to manage the risks;
- To further embed the risk management within the Group, the GRMC will disseminate and explain to all employees the risk management process and the ramifications thereof. Risk management training for selected Management and staff will be conducted on an ongoing
- To appoint a dedicated Risk Officer, or outsource to consultants, to update the risk profile of the Group at appropriate intervals in line with the requirements of the Risk Management Policy and Procedure document;

## STATEMENT ON INTERNAL CONTROL (cont'd)

## Enterprise risk management framework (cont'd)

- To embed internal control and risk management further into the operations of the Group's businesses through the establishment of a process of control self-assessment, using the assistance of consultants, if necessary;
- To submit yearly risk management reports prepared by individual business units to the GRMC for onward transmission to the Board in respect of critical risks faced by the Group; and•
- · Formal periodic review by the Board on the adequacy and integrity of the system of internal control of the Group.

## Internal audit function

During the financial year, the Group outsourced its internal audit function to an independent firm of consultants, which provides the Board with much of the assurance it requires regarding the adequacy and integrity of the system of internal control of the Group.

The internal audit function reviews the system of internal control in the key activities of the Group's businesses based on a 3-year internal audit strategy and detailed annual internal audit plan presented to the Audit Committee for approval. The internal audit function adopts a risk-based approach and prepares its audit strategy and plan based on the risk profiles of the major business units of the Group.

The internal audit function carried out a cycle of internal audit subsequent to the financial year under review, where opportunities for improvement to the system of internal control were identified and reported to the Board for Management's deployment of measures to address the issues raised.

## Other risk and control processes

Apart from risk management and internal audit, the Board has put in place an organizational structure with formally defined lines of responsibility and delegation of authority. A process of hierarchical reporting has been established which provides for a documented and auditable trail of accountability. Such procedures include the establishment of limits of authority, coupled with internal checks and appropriate segregation of duties. These procedures are relevant across Group's operations and provide for continuous assurance to be given at increasingly higher levels of Management and, finally, to the Board.

The Executive Director in charge of finance provides the Board with quarterly financial information, including pertinent explanations on the performance of the Group.

Where areas of improvement in the system of internal control are identified, the Board will consider the recommendation made by the Audit Committee and Management for implementation.

## Weaknesses in internal controls that result in material losses

The Board is of the opinion that there were no material losses incurred during the financial year ended 31 December 2005 resulting from weaknesses in internal control. The Board and Management continue to take measures to strengthen the control environment.

This statement is issued in accordance with the resolution of the Directors dated 21 April 2006.

## **MEMBERSHIP**

The present members of the Audit Committee (the "Committee") comprise:

Tang Yin Kham Chairman, Independent Non-Executive Director

Phee Boon Leng Independent Non-Executive Director

Goh Cheng Huat Managing Director

## TERMS OF REFERENCE OF THE AUDIT COMMITTEE

The Committee was established to act as a Committee to the Board of Directors, with terms of reference as set out in the following paragraphs of this report.

## **MEETINGS**

The Committee met once during the financial year after its establishment in August 2005 and the meeting was attended by all the members. The meeting was appropriately structured through the use of agenda, which was distributed to members with sufficient notification.

The Company Secretary was present by invitation at the meeting. The external auditors were also invited to attend the meeting that concerned them.

## **SUMMARY OF ACTIVITIES DURING THE FINANCIAL YEAR**

The Committee carried out its duties in accordance with its terms of reference during the financial year. The main activities undertaken by the Committee were as follows:

- Reviewed the external auditors' audit plan for the financial year ended 31 December 2005;
- Reviewed and approved the Committee's terms of reference;
- Reviewed the Group's compliance, in particular the quarterly and year end financial statements with the Listing Requirements of Bursa Malaysia Securities Berhad ("Bursa Securities") and other relevant legal and regulatory requirements, before recommending them for the Board's approval;
- Reviewed related party transactions entered into by the Group;
- Reviewed and approved the proposal for engagement of the internal auditors for the Group; and
- Reviewed and verified the allocation of options under the Employees Share Option Scheme.

## INTERNAL AUDIT FUNCTION

The Group outsourced its internal audit function to an independent firm of consultants to carry out internal audit of the Group. The principal role of the internal audit function is to undertake independent and periodic reviews of the system of internal control so as to provide reasonable assurance that such system continues to operate satisfactorily and effectively. It is the responsibility of the internal audit function to provide the Audit Committee with independent and objective reports on the state of internal control of the key business units within the Group and the extent of compliance of the units with the Group's established policies and procedures as well as relevant statutory requirements.

The internal audit function only carried out the first cycle of internal audit on the internal control system of the Group for the financial year ended 31 December 2005 subsequent to the end of the financial year. The opportunities for improvement noted, together with the recommendations thereof and agreed management action plans, were presented to the Audit Committee in May 2006 for consideration.

Further details on the internal audit function and its activities are set out in the Statement on Internal Control on pages 19 to 20 of the Annual Report.

## TERMS OF REFERENCE OF THE AUDIT COMMITTEE

## **Objectives**

The primary function of the Audit Committee is to assist the Board of Directors in fulfilling the following oversight objectives on the Group's activities:

- assess the Group's processes relating to its risks and control environment;
- oversee financial reporting; and
- evaluate the internal and external audit processes.

## Composition

The Board shall elect and appoint Committee members from amongst their numbers, comprising no fewer than three Directors, the majority of whom shall be independent non-executive Directors of the Company.

The Board shall at all times ensure that at least one member of the Committee shall be:

- a member of the Malaysian Institute of Accountants ("MIA"); or
- · if the person is not a member of MIA, the person must have at least three years of working experience and:
  - the person must have passed the examinations specified in Part I of the 1st Schedule of the Accountants Act 1967; or
  - the person must be a member of the associations of accountants specified in part II of the Accountants Act 1967.

If a member of the Committee resigns, dies or for any reason ceases to be a member with the result that the number of members is reduced to below three, the Board shall within three months of the event appoint such number of new members as may be required to fill the vacancy.

The Chairman of the Committee shall be an Independent Non-Executive Director. No alternate Director of the Board shall be appointed as a member of the Committee.

The Board shall review the terms of office of each of its members at least once every three years.

## **QUORUM AND COMMITTEE'S PROCEDURES**

Meetings shall be convened at least four times annually, or more frequently as circumstances dictate.

In order to form a quorum for the meeting, the majority of the members present must be Independent Non-Executive Directors. In the absence of the Chairman, the members present shall elect a Chairman for the meeting from amongst the members present.

The Company Secretary shall be appointed Secretary of the Committee (the "Secretary"). The Secretary, in conjunction with the Chairman, shall draw up an agenda, which shall be circulated together with the relevant support papers, at least one week prior to each meeting to members of the Committee. The minutes shall be circulated to members of the Board.

The Committee may, as and when deemed necessary, invite other Board members and senior management members to attend its meetings.

The Chairman shall submit an annual report to the Board summarising the Committee's activities during the year and the related significant results and findings.

The Committee shall meet at least annually with Management, and at least once every year with the internal auditors and external auditors in separate sessions to discuss any matters with the Committee, if necessary, without the presence of any executive member of the Board.

The Committee shall regulate the manner of proceedings of its meetings, having regard to normal convention on such matter.

## **AUTHORITY**

The Committee is authorised to seek any information it requires from employees, who are required to cooperate with any request made by the Committee.

The Committee shall have full and unlimited access to any information pertaining to the Group.

The Committee shall have direct communication channels with the internal auditors and external auditors and with senior management of the Group and shall be able to convene meetings with the external auditors whenever deemed necessary.

The Committee shall have the resources that are required to perform its duties. The Committee can obtain, at the expense of the Company, outside legal or other independent professional advice it considers necessary.

Where the Committee is of the view that a matter reported by it to the Board has not been satisfactorily resolved resulting in a breach of the Listing Requirements, the Committee shall promptly report such matter to Bursa Securities.

## **RESPONSIBILITIES AND DUTIES**

In fulfilling its primary objectives, the Committee shall undertake the following responsibilities and duties:

- To consider the appointment of external auditors, the audit fee and any questions of resignation or dismissal;
- To discuss with the external auditors before the audit commences, the nature and scope of the audit, and ensure co-ordination where more than one audit firm is involved;
- To review the quarterly and year-end financial statements of the Company, focusing particularly on:
  - any changes in accounting policies and practices;
  - significant adjustments arising from the audit;
  - the going concern assumption; and
  - compliance with accounting standards and other legal requirements.
- To discuss problems and reservations arising from the interim and final audits, and any matter the auditors may wish to discuss (in the absence of Management, where necessary);
- To review the external auditors' management letter and management's response;
- To do the following where an internal audit function exists:
  - review the adequacy of the scope, functions and resources of the internal audit function, and that it has the necessary authority to carry out its work;
  - review the internal audit program and results of the internal audit process and, where necessary, ensure that appropriate action is taken on the recommendations of the internal audit function;
  - review any appraisal or assessment of the performance of members of the internal audit function;
  - approve any appointment or termination of senior staff members of the internal audit function; and
  - inform itself of resignations of internal audit staff members and provide the resigning staff member an opportunity to submit his reasons for resigning.
- To consider any related party transactions that may arise within the Company or Group;
- To consider the major findings of internal investigations and management's response; and
- To consider other topics as defined by the Board.

The details of such events are disclosed in Note 25 to the financial statements.

## **DIRECTORS' BENEFITS**

Since the end of the previous financial year, no Director of the Company has received nor become entitled to receive any benefit (other than a benefit included in the aggregate amount of emoluments received or due and receivable by a Director as shown in the financial statements of the Company and its related company) by reason of a contract made by the Company or a related company with the Director or with a firm of which the Director is a member, or with a company in which the Director has a substantial financial interest other than:

- i) certain Directors who may be deemed to derive a benefit from a restructuring scheme ("the Scheme") approved by the Securities Commission in January 2005. Under the scheme, the Company issued 87,955,278 ordinary shares of RM0.50 each, in exchange for the entire issued and paid-up share capital of subsidiary companies acquired during the year (as detailed in Note 25 to the financial statements) in which certain Directors of the Company have substantial financial interests;
- ii) those transactions entered in the ordinary course of business between certain subsidiaries with companies in which certain Directors have substantial financial interests as disclosed in Note 21 to the financial statements; and
- iii) certain Directors who received fixed salaries as full time employees in a subsidiary.

## **DIRECTORS' BENEFITS** (cont'd)

There were no arrangements during and at the end of the financial year which had the object of enabling Directors of the Company to acquire benefits by means of the acquisition of shares in or debentures of the Company or any other body corporate, other than those arising from the share options granted under the Employees' Share Options Scheme.

## **ISSUE OF SHARES**

During the financial year, the Company increased its:

- authorised ordinary share capital RM100,000 to RM100,000,000 through the creation of 199,800,000 ordinary shares of RM0.50 each; and
- issued and paid-up ordinary share capital from RM2 to RM55,000,000 by way of:
  - the issuance of 50,361,300 ordinary shares of RM0.50 each at an issue price of RM0.50 per ordinary share as purchase consideration for the acquisition of Eonmetall Technology Sdn Bhd;
  - the issuance of 19,671,920 ordinary shares of RM0.50 each at an issue price of RM0.50 per ordinary share as purchase consideration for the acquisition of Eonmetall Industries Sdn Bhd;
  - iii) the issuance of 10,076,060 ordinary shares of RM0.50 each at an issue price of RM0.50 per ordinary share as purchase consideration for the acquisition of Eonmetall Systems Sdn Bhd;
  - iv) the issuance of 5,437,122 ordinary shares of RM0.50 each at an issue price of RM0.50 per ordinary share as purchase consideration for the acquisition of Eontarr IT Solutions Sdn Bhd;
  - v) the issuance of 2,408,876 ordinary shares of RM0.50 each at an issue price of RM0.50 per ordinary share as purchase consideration for the acquisition of Eonchem Technology Sdn Bhd;
  - vi) the rights issue of 44,718 ordinary shares of RM0.50 each at an issue price of RM0.50 per ordinary share, for cash, for working capital purposes; and
  - vii) the public issue of 22,000,000 new ordinary shares of RM0.50 each at an issue price of RM1.00 per ordinary share, for cash, for purposes as approved by the Securities Commission.

The new ordinary shares issued during the financial year rank pari passu in all respects with the existing ordinary shares of the Company.

## OTHER STATUTORY INFORMATION

Before the financial statements of the Group and of the Company were made out, the Directors took reasonable steps to ascertain that:

- all known bad debts have been written off and adequate provision made for doubtful debts, and i)
- all current assets have been stated at the lower of cost and net realisable value.

At the date of this report, the Directors are not aware of any circumstances:

- that would render the amount written off for bad debts, or the amount of the provision for doubtful debts, in the Group and in the Company inadequate to any substantial extent, or
- that would render the value attributed to the current assets in the financial statements of the Group and of the Company misleading, or

## **OTHER STATUTORY INFORMATION** (cont'd)

- iii) which have arisen which render adherence to the existing method of valuation of assets or liabilities of the Group and of the Company misleading or inappropriate, or
- iv) not otherwise dealt with in this report or the financial statements that would render any amount stated in the financial statements of the Group and of the Company misleading.

At the date of this report, there does not exist:

- i) any charge on the assets of the Group or of the Company that has arisen since the end of the financial year and which secures the liabilities of any other person, or
- ii) any contingent liability in respect of the Group or of the Company that has arisen since the end of the financial year.

No contingent liability or other liability of any company in the Group has become enforceable, or is likely to become enforceable within the period of twelve months after the end of the financial year which, in the opinion of the Directors, will or may substantially affect the ability of the Group and of the Company to meet their obligations as and when they fall due.

In the opinion of the Directors:

- i) the results of the operations of the Group and of the Company for the financial year ended 31 December 2005 have not been substantially affected by any item, transaction or event of a material and unusual nature other than the negative goodwill recognised as disclosed in Note 14 to the financial statements; and
- ii) there has not arisen in the interval between the end of the financial year and the date of this report any item, transaction or event of a material and unusual nature likely to affect substantially the results of the operations of the Group or Company for the year in which this report is made.

## REPORT OF THE AUDITORS

to the members of Eonmetall Group Berhad

We have audited the financial statements set out on pages 33 to 63. The preparation of the financial statements is the responsibility of the Company's Directors.

It is our responsibility to form an independent opinion, based on our audit, on the financial statements and to report our opinion to you, as a body, in accordance with section 174 of the Companies Act, 1965 and for no other purpose. We do not assume responsibility to any other person for the content of this report.

We conducted our audit in accordance with approved Standards on Auditing in Malaysia. These standards require that we plan and perform the audit to obtain all the information and explanations which we consider necessary to provide us with evidence to give reasonable assurance that the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence relevant to the amounts and disclosures in the financial statements. An audit also includes an assessment of the accounting principles used and significant estimates made by the Directors as well as evaluating the overall adequacy of the presentation of information in the financial statements. We believe our audit provides a reasonable basis for our opinion.

## In our opinion:

- the financial statements are properly drawn up in accordance with the provisions of the Companies Act, 1965 and applicable approved accounting standards in Malaysia so as to give a true and fair view of:
  - the state of affairs of the Group and of the Company at 31 December 2005 and the results of their operations and cash flows for the year ended on that date; and
  - the matters required by Section 169 of the Companies Act, 1965 to be dealt with in the financial statements of the Group and of the Company;

and

(b) the accounting and other records and the registers required by the Companies Act, 1965 to be kept by the Company and its subsidiaries have been properly kept in accordance with the provisions of the said Act.

We are satisfied that the financial statements of the subsidiaries that have been consolidated with the Company's financial statements are in form and content appropriate and proper for the purposes of the preparation of the consolidated financial statements and we have received satisfactory information and explanations required by us for those purposes.

The audit reports on the financial statements of the subsidiaries were not subject to any qualification and did not include any comment made under sub-section (3) of Section 174 of the Act.

Note

Acquisition of subsidiaries

During the year, the Company acquired subsidiaries with an aggregate consideration of RM43,977,639, settled by way of 87,955,278 ordinary shares issued at par value of RM0.50 each.

### **SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

The following accounting policies are adopted by the Group and by the Company and are consistently applied throughout the year.

#### (a) Basis of accounting

The financial statements of the Group and of the Company are prepared on the historical cost basis except as disclosed in the notes to the financial statements and in compliance with the provisions of the Companies Act, 1965 and applicable approved accounting standards in Malaysia.

#### (b) Basis of consolidation

Subsidiaries are those enterprises controlled by the Company. Control exists when the Company has the power, directly or indirectly, to govern the financial and operating policies of an enterprise so as to obtain benefits from its activities. The financial statements of subsidiaries are included in the consolidated financial statements from the date that control effectively commences until the date that control effectively ceases. Subsidiaries are consolidated using the acquisition method of accounting.

A subsidiary is excluded from consolidation when either control is intended to be temporary if the subsidiary is acquired and held exclusively with a view of its subsequent disposal in the near future and it has not previously been consolidated or it operates under severe long term restrictions which significantly impair its ability to transfer funds to the Company. Subsidiaries excluded on these grounds are accounted for as investments.

Under the acquisition method of accounting, the results of subsidiaries acquired or disposed of during the year are included from the date of acquisition or up to the date of disposal. At the date of acquisition, the fair values of the subsidiaries' net assets are determined and these values are reflected in the financial statements of the Group. The difference between the acquisition cost and the fair values of the subsidiaries' net assets is reflected as goodwill or negative goodwill as appropriate (refer Note 1(f)).

Intragroup transactions, balances and the resulting unrealised profits are eliminated on consolidation. Unrealised losses resulting from intragroup transactions are also eliminated unless cost cannot be recovered.

#### (c) Property, plant and equipment

Freehold land is stated at cost. All other property, plant and equipment are stated at cost less accumulated depreciation and accumulated impairment losses, if any.

Property, plant and equipment retired from active use and held for disposal, if any, are stated at the carrying amount at the date when the asset is retired from active use, less impairment losses, if any.

#### Depreciation

Freehold land and capital work-in-progress is not amortised.

The straight line method is used to write off the cost of other assets over the term of their estimated useful lives at the following principal annual rates:

	%
Factory buildings	2
Plant and machinery, moulds, tools and equipment	10
Furniture, fittings, office equipment and computer software	10 - 20
Motor vehicles	10 - 20
Electrical installation and renovation	10

#### 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (cont'd)

#### (d) Impairment

The carrying amount of assets, other than inventories and financial assets (other than investment in subsidiaries), are reviewed at each balance sheet date to determine whether there is any indication of impairment. If any such indication exists, the asset's recoverable amount is estimated. An impairment loss is recognised whenever the carrying amount of an asset or the cashgenerating unit to which it belongs exceeds its recoverable amount. Impairment losses are recognised in the income statement.

The recoverable amount is the greater of the asset's net selling price and its value in use. In assessing value in use, estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. For an asset that does not generate largely independent cash inflows, the recoverable amount is determined for the cash-generating unit to which the asset belongs.

An impairment loss is reversed if there has been a change in the estimates used to determine the recoverable amount. It is reversed only to the extent that the asset's carrying amount does not exceed the carrying amount that would have been determined, net of depreciation or amortisation, if no impairment loss had been recognised. The reversal is recognised in the income statement.

#### (e) Investments

Long term investments other than investment in subsidiaries are stated at cost. An allowance is made when the Directors are of the view that there is a diminution in their value which is other than temporary.

Long term investments in subsidiaries are stated at cost in the Company, less impairment loss, where applicable.

#### (f) Negative goodwill

Negative goodwill represents the excess of the fair values of the net identifiable assets acquired over the cost of acquisition.

Negative goodwill in excess of the fair values of the non-monetary assets acquired is recognised immediately in the income statement.

#### (g) Inventories

Raw materials, work-in-progress, trading and manufactured inventories are stated at the lower of cost and net realisable value with first-in, first-out being the main basis for cost. For work-in-progress and manufactured inventories, cost consists of materials, direct labour and an appropriate proportion of fixed and variable production overheads.

Construction-in-progress is stated at cost plus attributable profits less foreseeable losses and progress billings.

#### (h) Trade and other receivables

Trade and other receivables are stated at invoice amount less allowance for doubtful debts. Bad debts are written off when identified. An allowance for doubtful debts is established when there is objective evidence that the Group will not be able to collect all amounts due according to the original terms of receivables.

#### (i) Liabilities

Borrowings and trade and other payables are stated at cost.

#### (j) Provisions

A provision is recognised when it is probable that an outflow of resources embodying economic benefits will be required to settle a present obligation (legal or constructive) as a result of a past event and a reliable estimate can be made of the amount.

#### **SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (cont'd)**

#### (k) Cash and cash equivalents

Cash and cash equivalents consist of cash on hand, balances and deposits with banks and highly liquid investments which have an insignificant risk of changes in value. For the purpose of the cash flow statement, cash and cash equivalents are presented net of bank overdrafts and pledged deposits, if any.

#### Foreign currency transactions

Transactions in foreign currencies are translated to Ringgit Malaysia at rates of exchange ruling at the date of the transactions. Monetary assets and liabilities denominated in foreign currencies at the balance sheet date are translated to Ringgit Malaysia at the foreign exchange rates ruling at that date. Foreign exchange differences arising on translation are recognised in the income statement. Non-monetary assets and liabilities denominated in foreign currencies, which are stated at historical cost, are translated to Ringgit Malaysia at the foreign exchange rates ruling at the date of the transactions.

The closing rates used in the translation of foreign currency monetary assets and liabilities are as follows:

	<u>2005</u>
	RM
1 US Dollar	3.77
1 Euro	5.20
1 Singapore Dollar	2.30

#### (m) Income recognition

#### Goods sold and services rendered

Revenue from sale of goods is measured at the fair value of the consideration receivable and is recognised in the income statement when the significant risks and rewards of ownership have been transferred to the buyer.

Revenue from services rendered is recognised in the income statement in proportion to the stage of completion of the transaction at the balance sheet date. The stage of completion is assessed by reference to services performed to date as a percentage of total services to be performed. Where the outcome of the transaction cannot be estimated reliably, revenue is recognised only to the extent of the expenses recognised that are recoverable.

#### Interest income

Interest income is recognised in the income statement as it accrues, taking into account the effective yield on the asset.

Dividend income is recognised when the right to receive payment is established.

#### (n) Financing costs

All interest and other costs incurred in connection with borrowings are expensed as incurred.

#### (o) Income tax

Tax on the profit or loss for the year comprises current and deferred tax. Income tax is recognised in the income statement except to the extent that it relates to items recognised directly in equity, in which case it is recognised in equity.

Current tax expense is the expected tax payable on the taxable income for the year, using tax rates enacted or substantively enacted at the balance sheet date, and any adjustment to tax payable in respect of previous years.

Deferred tax is provided, using the liability method, on temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the financial statements. Deferred tax is not recognised if the temporary difference arises from goodwill or negative goodwill or from the initial recognition of assets or liabilities in a transaction which is not a business combination and at the time of the transaction, affects neither accounting nor taxable profit. The amount of deferred tax provided is based on the expected manner of realisation or settlement of the carrying amount of assets and liabilities, using tax rates enacted or substantively enacted at the balance sheet date.

#### 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (cont'd)

#### (o) Income tax (cont'd)

Deferred tax is recognised in the income statement, except when it arises from a transaction which is recognised directly in equity, in which case the deferred tax is also recognised directly in equity, or when it is arises from a business combination that is an acquisition, in which case the deferred tax is included in the resulting goodwill or negative goodwill.

A deferred tax asset is recognised only to the extent that it is probable that future taxable profits will be available against which the asset can be utilised.

#### (p) Research and development

Expenditure on research activities, undertaken with the prospect of gaining new scientific or technical knowledge and understanding, is recognised in the income statement as an expense as incurred.

Expenditure on development activities, whereby research findings are applied to a plan or design for the production of new or substantially improved products and processes, is capitalised if the product or process is technically and commercially feasible and the Group has sufficient resources to complete development. The expenditure capitalised includes the cost of materials, direct labour and an appropriate proportion of overheads. Other development expenditure is recognised in the income statement as an expense as incurred.

#### (q) Hire purchase obligation

Equipment acquired under hire purchase instalment plan is capitalised and the corresponding obligation is treated as a liability. Financing charges are allocated to the income statement over the hire purchase periods using the sum-of-digits method to give a constant periodical rate of interest on the remaining hire purchase liabilities.

#### (r) Employee benefits

#### Short term benefits

Wages, salaries and bonuses are recognised as expenses in the year in which the associated services are rendered by employees of the Group. Short term accumulating compensated absences such as paid annual leave are recognised when services are rendered by employees that increase their entitlement to future compensated absences, and short term nonaccumulating compensated absences such as sick leave are recognised when the absences occur.

#### ii) Defined contribution plans

Obligations for contributions to defined contributions plans are recognised as an expense in the income statement as incurred.

#### iii) Equity and equity related compensation

The share option programme allows the Group's employees to acquire shares of the Company. When the options are exercised, equity is increased by the amount of the proceeds received.

#### (s) Share capital

#### Share issue expenses

Incremental external expenses directly attributable to the issue of new shares are shown as a deduction, net of tax, in equity from the proceeds.

#### Dividends to shareholders of the Company

Dividends on ordinary shares are recognised as liabilities when proposed or declared before the balance sheet date. A dividend proposed or declared after the balance sheet date, but before the financial statements are authorised for issue is only accounted for as a liability when the dividend becomes payable.

#### 10.1 Ordinary shares issued for acquisition of subsidiaries

During the financial year, the Company issued 87,955,278 new ordinary shares of RM0.50 each at an issue price of RM0.50 per ordinary share amounting to RM43,977,639 as full discharge of purchase consideration for the acquisition of all subsidiaries (Note 25). The new ordinary shares rank pari passu in all respects with the existing ordinary shares of the Company.

#### 10.2 Rights issue

During the financial year, the Company issued 44,718 new ordinary shares of RM0.50 each at an issue price of RM0.50 per ordinary share on the basis of approximately fifty-one (51) new ordinary shares for every 100,000 existing ordinary shares held, based on the enlarged share capital of the Company of 87,955,282 ordinary shares of RM0.50 each in the Company after the above acquisition of subsidiaries.

The new ordinary shares rank pari passu in all respects with the existing ordinary shares of the Company.

#### 10.3 Public issue

During the financial year, the Company had a public issue of 22,000,000 new ordinary shares of RM0.50 each at an issue price of RM1.00 per ordinary share.

#### 10.4 Employees' share option scheme

The Company's Employees' Share Option Scheme ("ESOS" or "the Scheme") was approved by the shareholders at an Extraordinary General Meeting ("EGM") held on 30 May 2005 and the approval-in-principle by Bursa Malaysia Securities Berhad was obtained on 7 October 2004 for the listing of and quotation for such new shares that may be issued pursuant to the Scheme.

The main features of the Scheme are as follows:

- The total number of options to be offered under the Scheme shall not exceed fifteen percent (15%) of the issued and paidup share capital of the Company at any point in time during the duration of the Scheme, unless the issued and paid-up share capital of the Company is diminished as a result of a Share Buyback or an undertaking of any other corporate proposal, in which event, the options granted prior to the diminution of the issued and paid-up share capital shall remain valid and exercisable in accordance with the terms and conditions of the Scheme;
- The Scheme shall be in force for a duration of up to five (5) years commencing from 2 August 2005, and may be extended for another five (5) years as provided in the By-Law;
- iii) Eligible persons are employees of the Group which have been confirmed in the employment of the Group and falls within any other criteria that the ESOS Committee may from time to time determine at its discretion. If an employee is serving under an employment contract, the contract should be for a duration for at least two (2) years, provided always that if such an employee has previously been employed permanently for a continuous period of at least two (2) years, then there shall be no minimum contractual duration imposed. Eligible Directors need not be a Malaysian;
- iv) No employee or Director shall participate at any time in more than one (1) employee share option scheme by any company within the Group;
- v) The number of options under the Scheme shall be allocated as follows:
  - not more than fifty percent (50%) of the new shares available under the Scheme should be allocated, in aggregate, to Directors and senior management; and
  - b) not more than ten percent (10%) of the new shares available under the Scheme shall be allocated to any individual eligible person who, either singly or collectively through persons connected with the eligible person, holds twenty percent (20%) or more in the issued and paid-up share capital of the Company.

#### 10. SHARE CAPITAL (cont'd)

- vi) The option price shall be:
  - the price not less than the price set for the offer for sale and/or public issue of the Shares of the Company if the option is granted before the Company is listed on the Bursa Securities; or
  - the price at a discount of not more than ten percent (10%) from the weighted average market price of the shares for the five (5) market days immediately preceding the date of offer, or such lower or higher limit as approved by the relevant authorities.
- The options granted do not confer any dividend or other distribution declared to the shareholders as at a date which precedes the date of exercise of the option and will be subject to all the provisions of the Articles of Association of the Company.

The options granted to take up unissued ordinary shares of RM0.50 each and the option price are as follows:

#### 19. SEGMENTAL INFORMATION - GROUP

Segment information is presented in respect of the Group's business and geographical segments. The primary format, business segments, is based on the Group's management and internal reporting structure. Inter-segment pricing is determined based on negotiated terms.

Segment results, assets and liabilities include items directly attributable to a segment as well as those that can be allocated on a reasonable basis. Unallocated items mainly comprise interest-earning assets and revenue, interest-bearing loans, borrowings and expenses, and corporate assets and expenses.

Segment capital expenditure is the total cost incurred during the year to acquire segment assets that are expected to be used for more than one year.

#### 24. FINANCIAL INSTRUMENTS

#### Financial risk management objectives and policies

Exposure to credit, interest rate and currency risk arises in the normal course of the Group's business. The Group's risk management is basically guided and monitored by the Board of Directors of the Group as summarised below:

#### Credit risk

The Group has no significant concentration of credit risk. Credit risks are minimised through the close monitoring by the Directors. The maximum exposures to credit risk are represented by the carrying amount of each financial asset.

#### Interest rate risk

In the current low interest rate scenario, the Group borrows for operations at variable rates using its overdrafts, trust receipts and bankers' acceptances facilities, whilst using the fixed rate term loan to finance its capital expenditure. The Group is not exposed to major long term financial commitments or obligations apart from the non-current term loan.

#### **Currency risk**

The Group incurs foreign currency risk on sales and purchases that are denominated in a currency other than Ringgit Malaysia. The currencies giving rise to this risk are primarily US Dollars, Singapore Dollars and Euro. The Directors monitor the risk on an ongoing basis, and forward exchange contracts will be taken to hedge the risk if deemed necessary.

#### Effective interest rates and repricing analysis

In respect of interest-earning financial assets and interest-bearing financial liabilities, the following table indicates their effective interest rates at the balance sheet date and the years in which they reprice or mature, whichever is earlier.
