## **CHAIRMAN'S STATEMENT**

On behalf of the Board of Directors ("the Board") of Eonmetall Group Berhad ("Eonmetall" or "the Company"), I am pleased to present the Annual Report and Audited Financial Statements of Eonmetall and its subsidiaries ("the Group") for the financial year ended 31 December 2024 ("FYE2024").

The Group recorded a profit before taxation ("PBT") of RM1.1 million in FYE 2024, higher as compared to FYE ended 31 December 2023 with LBT of RM5.4 million due to one-off gain on disposal of property during the year. Steel market has been subject to pressures on a global scale. The Group will continue to be responsive to market conditions, carry out cost mitigation measures and optimise operational efficiencies. Besides this, our Group will continue to emphasise on environmental, social and governance ("ESG") matters to enhance our sustainable value and create competitive edge.

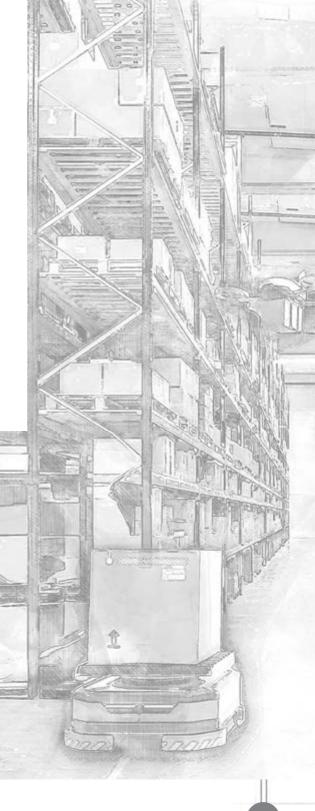

The Group's future financial performance will be influenced by the indirect effect arising from the emerging tariff war in early 2025 between major economic superpower for steel products, which may cause trade diversions and potential oversupply in other markets, potentially squeezing margins for the Group.

The Group is also preparing itself for the scheduled implementation of carbon tax in Malaysia in 2026.

The Group recognised the importance of ESG. Significant efforts and initiatives have been rolled out to address the material matters of ESG and we target to improve our FTSE Russell ESG Score from 2 stars in 2023.

On behalf of the Board of Directors, I wish to express my sincere appreciation to our management team and all our employees for their commitment, contribution and dedication to the Group. Our appreciation also goes to our valued customers, financiers, business associates, vendors, shareholders and the Government for their continuous support to our Group.

Tan Sri Dato' Mohd Desa Bin Pachi Independent Non-Executive Chairman

#### Overview:

This Management Discussion and Analysis ("MD&A") is prepared by the Management of Eonmetall Group Berhad ("the Company") and its subsidiaries ("the Group") to offer an in-depth analysis of the financial performance for the financial year ended 31 December 2024 ("FYE2024"). It provides insights into the overall performance of the Group and the Company, key business strategies, as well as the anticipated and known risks and prospects of the Group.

While comments on past performance are grounded in historical data, this MD&A incorporates forward-looking statements. Despite Management's diligence in formulating these forward-looking statements, they inherently involve uncertainties and should be interpreted with caution. These statements are made based on the Management's reasonable expectations and beliefs, considering the information available during the drafting of this MD&A and are subject to future uncertainty. Actual future performance may materially differ from the projections herein.

These statements reflect the Management's expectations regarding future growth, the general industry and economic outlook, predicted financial and operating conditions, business risks and opportunities, as well as plans and strategies of the Group. Expressions such as "seek," "project," "anticipate," "expect," "believe," "estimate," "could," "intend," "may," "might," "plan," "will," "would," and other similar expressions, or the negative of these expressions, are generally indicative of forward-looking statements.

The MD&A should be read in conjunction with the audited financial statements of the Group and the Company for FYE2024. This MD&A is the responsibility of the Management, and the Board of Directors of the Company ("Board ") has reviewed and approved it for inclusion in this Annual Report.

#### **Business Overview:**

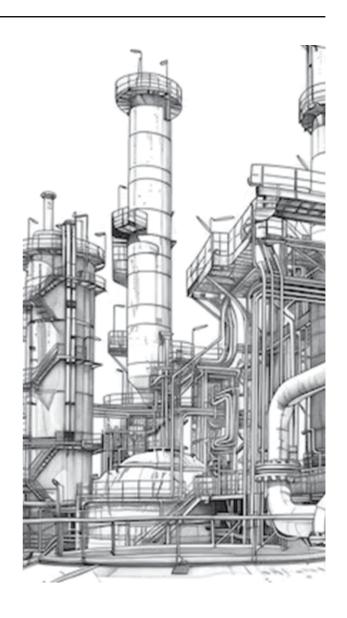

The Group is principally engaged in the manufacturing and sale of material handling systems under the "Eonmetall" and "Constructor" marques, both emerged as leading brands in their respective categories across Asia, the Middle East, and Australasia.

The Group is engaged in exclusive manufacturing and marketing in Asia under "Constructor" brand name for our steel storage system by Gonvarri Material Handling AS ("GMH") (one of Europe's leading engineering and manufacturers of steel storage solutions) since 2019.

The Group also caters for original equipment manufacturing (OEM) customers overseas apart from original design manufacturing (ODM) customers. The performance of our material handling systems is reported under Steel Product and Trading Activity Segment ("Steel Segment").

The Group is also involved in manufacturing of metal work and industrial process machinery and equipment where the Group offers its built, operate-transfer (BOT) business model offering patented processing technology both for Palm Fibre Oil Extraction ("PFOE") and Palm Kernel Oil Extraction ("PKOE") plants to palm oil mill owners. The performance of this segment is reported under Machinery and Equipment Segment.

Other activities within the Group included investment in properties and other activities, the performance of which are reported under the Other Segment. This included an investment in a piece of industrial development land measuring 68.26 acres, being land located in Mukim of Kapar, District of Klang, Selangor.

#### **Industry Overview**

Steel Product and Trading Activity

In 2024, the Malaysian steel industry faced significant headwind such as low-capacity utilisation in Malaysia, declining global steel prices and increased competition of steel products manufactured abroad. The fluctuations in exchange rates also affected the input cost especially for products manufactured from hot-rolled steel coils.

Looking ahead, the industry's outlook will be influenced by global economic conditions with added uncertainties amid the tariff wars by major global economy powerhouse, exchange rate fluctuations, introduction of carbon tax on steel industry, and changes to the national minimum wage.

Machinery and Equipment Segment

The Group remains optimistic in the growth in Machinery and Equipment Segment due to the high crude palm oil ("CPO") price which may lead to higher demand in its palm oil related machinery.

The Group aimed to capitalise on this opportunity and will work with the players in the palm oil industry in Malaysia and Indonesia to develop and build PFOE and PKOE machinery.

The Management will continue to closely monitor industrial development and exercise caution in managing the Group's operations in the upcoming financial year to safeguard the Group's business interests and assets.

#### Financial Performance of the Group

The financial results of the Group for FYE2024, compared to the preceding financial year, are summarized as follows:

|   | FYE2024 | FYE2023 | Increase/<br>(Decrease) |
|---|---------|---------|-------------------------|
|   |         |         |                         |
| Revenue (RM'000)  | 197,425 | 173,190 | 24,235                  |
| Gross profit ("GP")(RM'000)   | 14,760  | 21,114  | (6,354)                 |
| Profit before taxation ("PBT")(RM'000)  | 1,137   | (5,437) | 6,574                   |
| Profit after taxation ("PAT")(RM'000)   | 3,093   | (7,514) | 10,607                  |
| Earnings before interest, taxes, depreciation and amortisation ("EBITDA")(RM'000) | 23,873  | 17,671  | 6,202                   |
| Gross assets (RM'000)   | 731,391 | 529,353 | 202,038                 |
| Shareholders' equity (RM'000)   | 531,206 | 317,303 | 213,903                 |
| Total borrowings and lease liabilities (RM'000)                                   | 138,234 | 172,394 | (34,160)                |
| No. of share in issue at year end, including treasury shares ('000)               | 307,783 | 280,084 | 27,699                  |
| Net assets per share (RM)   | 1.87    | 1.15    |                         |
| Earnings per share (sen)  |         |         |                         |
| - Basic   | 1.08    | (2.44)  |                         |
| - Diluted   | 1.08    | (2.42)  |                         |
| Debt/Equity ratio (times)   | 0.26    | 0.54    |                         |

Revenue increased by RM24.3 million to RM197.5 million (FYE2023: RM173.1 million) mainly due to higher sales from Steel Segment.

Despite the increase in revenue, GP declined by RM6.31 million to RM14.76 million (FYE2023: RM21.11 million), resulting in a lower gross profit margin. This was attributable to higher raw material costs and competitive pricing pressures in the steel market.

The Group recorded a turnaround in PBT of RM1.14 million in FYE2024, compared to a loss before tax of RM5.44 million in FYE2023. This improvement was mainly due to a one-off gain arising from the compulsory land acquisition of the Kapar Land.

#### Financial Performance of the Group (Cont'd)

PAT improved primarily due to the recognition of deferred tax assets during the year, arising from previously underrecognized deductible temporary differences.

The Group's gross assets increased by RM202.04 million to RM731.39 million, while shareholders' equity strengthened by RM213.90 million to RM531.21 million, supported by the revaluation of properties and issue of shares pursuant to a 10% private placement exercise completed during the financial year.

#### Revenue

Revenue contributions from the respective segments are as follows:

|                         | FYE2024<br>RM'000 | FYE2023<br>RM'000 | Increase/<br>(Decrease) |
|-------------------------|-------------------|-------------------|-------------------------|
| Steel Segment           | 224,530           | 206,246           | 18,284                  |
| Machinery Segment       | 11,506            | 24,342            | (12,836)                |
| Others                  | 1,574             | 2,077             | (504)                   |
| Total Gross Revenue     | 237,610           | 232,665           | 4,945                   |
| Inter-Segment Revenue   | (40,185)          | (59,475)          | (19,290)                |
| Discontinued operations | -                 | 2,429             | (2,429)                 |
| Net Revenue             | 197,425           | 175,619           | 21,806                  |

The growth from Steel Segment was supported by a broader product mix, including some of these products carried comparatively lower margins. Conversely, revenue from the Machinery Segment declined by RM12.84 million or 52.7% to RM11.51 million (FYE2023: RM24.34 million), due to reduced commissioning activities during the year.

Employee Share Option Scheme ("ESOS")

During the financial year ended 31 December 2024, none of the granted shares have been exercised in the group.

#### Private placement Exercise

The Private Placement, which entailed the issuance of 25,000,000 and 2,698,700 ordinary shares at issue price of RM0.2891 and RM0.2915 per ordinary share respectively, was completed on 17 October 2024.

On 27 January 2025, the Company announced its intention to undertake a private placement of up to 30% of the total number of issued shares of the Company (excluding treasury shares). The Company announced that the listing application in relation to the Proposed Private Placement has been approved by Bursa Malaysia Securities Berhad on 9 April 2025.

#### **Key Business Risks**

The Group is exposed to a wide range of business risks, and the management is constantly monitoring and implementing risk-mitigating strategies to address these challenges.

#### Customer concentration risks

The Group's revenue stream is diversified, with only two largest customers contributing more than 20% of sales in FYE2024.

#### Credit risks

It is an industry practice to sell products on credit terms, typically granting customers between 30 to 120 days, subject to a credit evaluation process. The management conducts an annual review of credit terms and limits for each customer, with monthly assessments using ageing reports to identify potential slow-paying customers. This allows the management to take appropriate action for debt recovery.

#### **Key Business Risks (Cont'd)**

Credit risks (Cont'd)

An evaluation of expected credit loss is performed at each financial year-end to ensure an adequate allowance has been made to account for potential doubtful debts. For details on debtors' ageing analysis and allowances for doubtful debts, please refer to Note 11(g) in the Notes to the Audited Financial Statements for FYE2024.

#### Pricing risks

The Group's businesses are exposed to the volatility in commodity prices, particularly steel prices. The cost of steel is influenced by the international supply and demand of the commodity and can be affected by geopolitical factors.

To mitigate the impact of adverse steel price movements, the Group consistently monitors international steel prices and assesses its inventory position.

Supply Chain risks

The Group imported more than 40% of its steel direct materials to cater for its production needs.

To mitigate the risk of material shortages, the Group carefully plans for material procurement ahead of production and keeps 4 months of steel direct material in its inventory.

Contract performance risks

In the Machinery Segment, the Group entered into contracts with its customers to build, operate and transfer PKOE and PFOE plants.

The Group places significant emphasis on contractual risks by implementing robust contract reviews and legal safeguards to mitigate potential project delays, cost overruns, and disputes. The Group also maintains comprehensive quality control measures, best practices, and policies to ensure compliance with industry standards and timely project execution to fulfil its contractual obligations.

Foreign currency risks

The Group's exposure to foreign currency risks arises from transactions originating in currencies other than its functional currency. The fluctuations in foreign currency exchange rate, especially the United State Dollars (USD) will have an impact on the financial performance of the Group.

In FYE2024, approximately 22.5% of Steel Segment revenue were denominated in USD.

The Group also procure more than 40% of steel material from foreign source.

The Group constantly monitors the movements in USD to minimize exposure to these foreign currencies. When appropriate, the Group enters into foreign currency contracts to lock in the exchange rates for these currencies.

Liquidity and capital management risk

The Group maintains a healthy level of cash and cash equivalents and holds committed credit facilities from financial institutions to fulfil its short-term and long-term obligations. Long-term assets will be financed through long-term loans, with any excess funds placed in interest-bearing assets.

Interest rate risk

The Group's interest rate risks arise mainly from bank borrowings and lease liabilities. The Group borrowed at both fixed and floating rates to achieve desired interest rate profile and to manage the exposure to interest rate risks.

#### Key Business Risks (Cont'd)

Investment risk

The Group, through its wholly owned subsidiary, Eonmetall Land Sdn. Bhd. ("EML"), owned a piece of Industrial land in Kapar, Selangor ("Kapar Land").

On 28 November 2023, EML received and accepted a Notis Award dan Tawaran Pampasan ("Borang H") from Pentadbir Tanah Klang, invoking the compulsory acquisition of a portion of Kapar Land under the Land Acquisition Act 1960 ("Act 486"). The acquisition involved approximately 8,996 square meters of land for a cash consideration of RM30.4 million. This disposal was completed in the first quarter of FYE2024. The disposal resulted in a gain on disposal of RM28 million which was reported by the Group in FYE2024.

For the remaining Kapar Land, the Group intends to develop it for its own operations. However, Management may also explore options to sell or lease portions of it in the future.

These investments are subject to inherent risks, as they do not guarantee the desired returns.

## Cyber risks

The evolution of cybercrime and cyber-threats due to the acceleration in digital technologies and infrastructure pose a great challenge to the Group's information system.

The Group take accountability to manage the growing threat of cyber-attacks including protecting data related to our stakeholders and business information. The following measures have been taken:

- Installation of Firewall and Antivirus applications and keep systems up to date with the latest patches to ensure proper functionality;
- Monitor Antivirus status for all users' computers/notebooks to ensure the devices are secured and free of risk from any cyber-attack

#### **Prospect**

The Group anticipates a challenging operating environment in 2025 due to several macro and microeconomic factors. These include rising cost pressures, global economic uncertainty, ongoing geopolitical tensions, tariff war between global economic powerhouse and fluctuations in foreign currency exchange rates.

The Group intends to focus on the expanding its of product range for material handling system to cater for automated warehouses. Towards this end, the Group will work towards securing new markets in Asia and Australia.

We will also continue to tap into the potential of PFOE plants and the demand for biofuels to take the Group to greater heights.

This MD&A was approved by the Board for inclusion in the Annual Report on 29 April 2025.

#### 1. About This Statement

Eonmetall Group Berhad and its subsidiaries ("Eonmetall") are pleased to present this Sustainability Statement ("this Statement") for the financial year ended 31 December 2024. This Statement provides an overview of the Group's sustainability performance during FYE2024, unless stated otherwise.

## Scope and Basis of Scope

This Statement focuses on sustainability matters and performance of the Group's four main subsidiaries, namely Eonmetall Industries Sdn Bhd ("EMI"), Eonmetall Technology Sdn Bhd ("EMT"), Eonmetall Systems Sdn Bhd ("EMS") and Eonmetall Carotene Oil Sdn Bhd ("ECO"), all of which are wholly owned. Other subsidiaries, as shown in the Group Structure and Principal Activities as at 31 December 2024 in the Group's Annual Report for FYE2024, have been excluded on the basis that they were either dormant, had no operational activity, or engaged only in minimal activities that were not material to the Group during FYE2024.

In this Statement, updates to some of the FYE2023 data have been indicated in the relevant sections, which is a result of enhancements in our data collection and review processes. This Sustainability Statement for FYE2024 has been approved by the Board on 29 April 2025.

## **Reporting Framework**

This Statement has been prepared according to Bursa Malaysia's Listing Requirements for Main Market Listed Issuer, with reference to Bursa Malaysia's Sustainability Reporting Guide (3<sup>rd</sup> edition). Our Board of Directors strictly adhere to the Securities Commission's Malaysian Code on Corporate Governance; and as a Group, we are also committed to aligning our efforts with the United Nations Sustainable Development Goals ("UN SDGs").

#### **Feedback**

We welcome and encourage our stakeholders to provide feedback pertaining to this Statement and the issues covered. If you have any questions or concerns regarding this Statement, please feel free to reach out to us via the following:

#### 2. Our Approach to Sustainability

#### **Sustainability Governance**

Eonmetall is committed to maintaining robust standards of sustainability governance throughout the Group, ensuring integrity, transparency, and accountability. Our governance practices are outlined in the **Board Charter** and various policy documents (see below), guiding our actions to safeguard our reputation and enhance shareholder value.

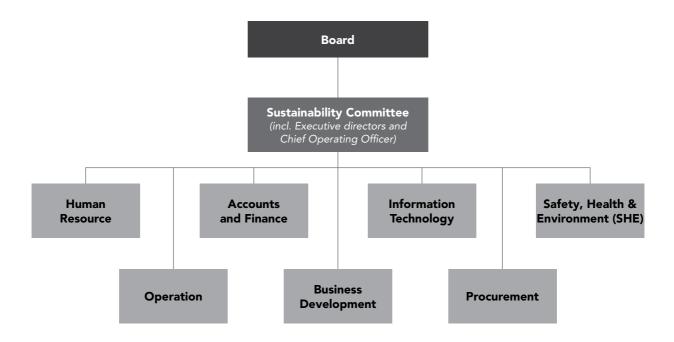

Eonmetall's sustainability governance has three levels of accountability, as illustrated in the Sustainability Governance Structure below. Their roles and responsibilities with regards to sustainability are as follows:

The **Board of Directors** ("the Board") acts as the first tier of accountability. They initiate new and approve amendments to policies, set directions and spreadhead all sustainability strategies, long term plans and in identifying material sustainability matters – they ultimately are accountable for Eonmetall's sustainable business strategy. This top-level leadership is also responsible for distilling thinking on sustainable development into all levels of Eonmetall's workforce and operations in a long-term manner.

Second tier is our **Sustainability Committee** ("SC") which comprises our Executive Directors and the Chief Operating Officer ("COO"). They are appointed by the Board to oversee and to ensure that the Group's sustainability practices, methodologies, and outcomes are aligned with the established Environmental, Social and Governance ("ESG") Policy and the common sustainability reporting frameworks and criteria, including that of Bursa Malaysia.

The third tier's sustainability responsibility is entrusted to all **Heads of Department** ("HODs"). In FYE2024, Eonmetall has further strengthened its sustainability governance structure by including two additional departments to the third tier, which are the Procurement and Safety, Health & Environment ("SHE") Departments. The HODs are responsible for the day-to-day implementation of sustainability initiatives within their department, ensuring sustainability objectives are met, contributing to the Group's overall sustainability performance.

Through this three-tier governance structure, Eonmetall fosters a culture of sustainability, integrating ESG principles into its business strategies and decision-making processes. The Sustainability Governance structure is at the Group level and applies to all of Eonmetall's subsidiaries.

#### 2. Our Approach to Sustainability (Cont'd)

#### Sustainability Governance (Cont'd)

As of FYE2024, Eonmetall has the following policies, Standard Operating Procedures ("SOPs") and guidelines in place. These are downloadable from our website:

- Whistle Blower Policy
- Code of Conduct
- Code of Ethics
- Board Charter
- Anti-Bribery and Anti-Corruption Policy
- Environmental, Social and Governance Policy

## 3. Stakeholder Engagement

At Eonmetall, we recognise that stakeholder engagement and feedback are an integral part of our sustainability strategy and initiatives. In FYE2023, we identified six stakeholder groups: including **shareholders and investors, customers, suppliers, regulatory authorities and industry associations, local communities**, and **our employees**, which we deemed are key to our operations and have significant influence over the impacts of our business. We continued to engage these groups at various platforms and intervals throughout FYE2024. The stakeholder engagement process which includes a proactive and both formal and informal approach, was carried out to fully understand their sustainability concerns and issues.

We also aim to improve our stakeholder engagement approach which has, over the years, evolved into more tailored and targeted engagement sessions. In this context, the following Table provides an overview of the efforts involved in our Group's focus on stakeholder engagement.

#### 4. Materiality Assessment

The Group acknowledges that certain issues can impact our capacity to generate value for our stakeholders, whether directly or indirectly. Hence, we have carried out a materiality assessment in FYE2023 to further understand issues of significance to both our stakeholders and to the Group. The process is summarised below.

## **Identification and Engagement**

We assembled a list of sustainability issues for assessment. Engaged our senior management team to deliberate on issues concerning our business risk, and opportunities internally and externally.

## Prioritisation

By conducting materiality assessment survey involving internal and external stakeholders, we prioritised and displayed a total of 11 material matters in our materiality matrix.

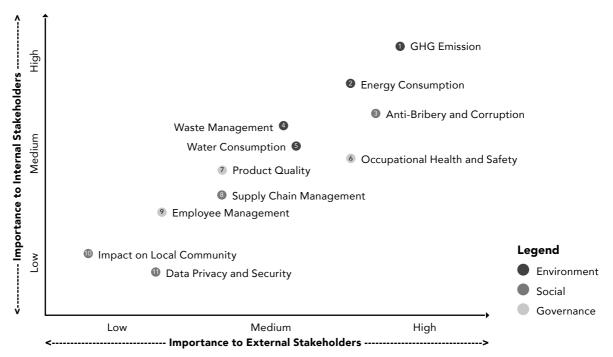

## **Validation**

The outcomes of the materiality prioritisation process and the creation of the materiality matrix were thoroughly examined and approved by the Board.

Eonmetall's materiality assessment process

#### 4. Materiality Assessment (Cont'd)

The result of our materiality assessment is depicted in the Group's materiality matrix below - it summarises the outcome of the materiality assessment conducted in FYE2023.

## **Eonmetall's Materiality Matrix**

Based on the materiality assessment exercise conducted, matters material in order of significance to the Group is shown in the Table below.

| Order | Material Topics                |
|-------|--------------------------------|
| 1     | GHG emission                   |
| 2     | Energy Consumption             |
| 3     | Anti-Bribery and Corruption    |
| 4     | Waste Management               |
| 5     | Water Consumption              |
| 6     | Occupational Health and Safety |
| 7     | Product Quality                |
| 8     | Supply Chain Management        |
| 9     | Employee Management            |
| 10    | Impact on Local Community      |
| 11    | Data Privacy and Security      |

#### List of material topics in order of significance to Eonmetall

In FYE2024, the Board revisited the outcomes of the materiality assessment (above). The material matters were deemed to have continual relevance to our business activities well into FYE2024, however the Board decided that some rewordings of the material matters were required to align more closely with that of Bursa Malaysia's common sustainability matters, as follows:

- "Bribery and Corruption" has been reworded to "Anti-Bribery and Corruption"
- "General and Special Waste Management" has now been reworded to "Waste Management" to denote the inclusion of both types of waste management.
- "Labour conditions and environmental impact in supply chain" has been rephrased to "Supply Chain Management" to better reflect the various sustainability aspects of relevance to our suppliers.

#### Materiality Assessment (Cont'd)

In FYE2024, the Board revisited the outcomes of the materiality assessment (above). The material matters were deemed to have continual relevance to our business activities well into FYE2024, however the Board decided that some rewordings of the material matters were required to align more closely with that of Bursa Malaysia's common sustainability matters, as follows: (Cont'd)

- "Fair employment and grievance mechanisms" has been rephrased to "Employee Management"
- "Customer Privacy" has been amended to "Data Privacy and Security" to reflect that not only data of customers matters, it should also include the Group's commercial data as well as the effort to safeguard confidential data internally.

## **Sustainability Framework**

The Group's sustainability framework is underpinned by three core pillars: Environmental, Social, and Governance – we continuously aim to identify ways to reduce our environmental footprint; being inclusive to both our employees and local communities around us; we believe in creating value for our stakeholders by offering excellent quality products and services, while upholding transparency and accountability in our operations.

Our commitment can be illustrated by the Group's Sustainability Framework below which are mapped against the relevant United Nations Sustainable Development Goals (UN SDGs):

#### Vision

To be a leader in steel racking manufacturing through sustainable innovation, ensuring our legacy ensues for future generations.

#### Mission

To reduce environmental impact, support local communities and employee well-being and maintain responsible business practices. We are committed to integrating environmental responsibility into all aspects of our operations, driving continuous improvement, and creating enduring value.

#### **Three Core Pillars Environmental** Social Governance Reduce GHG emissions and Cultivate a diverse culture, Provide excellent services, create minimise environmental impact promote employee wellness, and value for stakeholders while uphold from our operations support local communities transparency and accountability **GHG** Emissions Occupational Health and Safety Anti-Bribery and Corruption **Energy Consumption Product Quality** Data Privacy and Security Waste Management **Employee Management** Water Consumption Impact on Local Community Supply Chain Management

**Eonmetall's Sustainability Framework** 

#### 5. Sustainability Framework (Cont'd)

It should be noted that the Board has decided that Supply Chain Management (previously "Labour Conditions & Environmental Impact in Supply Chain"), which in FYE2023 was under Governance, be better positioned under the "Social" pillar from FYE2024 onwards; while Data Privacy and Security (previously "Customer Privacy") would be more appropriate to be positioned under the "Governance" pillar starting FYE2024. The Sustainability Framework above illustrates these changes.

## 6. Management Approach to Material Matters

Eonmetall recognises that our core business activity in producing steel products, which involves highly energy-intensive processes, could have a significant impact on the environment. We understand that these processes need to be carefully controlled and monitored if adverse impacts are not to be realised. In addition, mismanagement of these processes could also bring about unwanted financial and safety consequences. Therefore, as an environmental and socially responsible company, we strive to reduce our environmental footprint and have established and implemented the relevant policies to deliver the promise of creating long-term value for our stakeholders and communities around our operations.

#### **Environmental Performance**

In FYE2023, we started reporting on our environmental performance quantitatively: in Gigajoules ("GJ") for energy consumption, tonnes of carbon dioxide equivalent ("tCO2e") for GHG emissions, m³ for water consumption, and finally, in tonnes for waste managed. In this regard we are pleased to be able to present meaningful comparison between FYE2023 and FYE2024 on our performance in these four material matters.

#### Water Management

The Group recognises the substantial consumption of fresh water in steel production, particularly during descaling processes, hence we prioritise effective water management to address the risk of water shortages and embed enhancement of efficiency across our operations. We periodically track water usage within our premises in order to identify processes and machineries with unusually high consumption. In addition, we promote water conservation among our employees through awareness campaigns and placing signages as reminder of such initiatives throughout our premises.

In FYE2024, our water consumption was  $39,183 \text{ m}^3$  (or 39.183 megalitres) marking a 7.7% increase from FYE2023 as a result of increase in production outputs.

## Updated data

#### **Energy Management**

We recognise that responsible energy management is a key pillar of sustainable steel production, especially because we understand that it is a high-energy intensive process. We believe that gradually transitioning to renewable energy and being energy efficient is crucial to the Group's long-term success as it helps to reduce our reliance on finite natural resources, lower carbon emissions and ultimately reduce operational costs.

The main contributor to our energy consumption is from the use of electricity followed by liquefied petroleum gas ("LPG") which is used primarily in heating during steel production process. In October 2024, natural gas was added to the mix as a replacement to LPG as part of our efforts to transition to cleaner fuels. Other uses of fossil fuel such as diesel and petrol are for our vehicle fleet and factory forklifts.

<sup>\*</sup> Updated data

#### **Greenhouse Gas Emissions**

Eonmetall started reporting GHG emissions data in FYE2023, as we recognise that CO<sub>2</sub> emissions contribute to climate change. Currently in our second year of GHG reporting, we have adopted a systematic methodology and approach guided by the *Greenhouse Gas Protocol:* A Corporate Accounting and Reporting Standard (2004) ("the Protocol") to better quantify our data. The Group uses the operational control approach and in FYE2024, emissions data were reported in three different scopes and the relevant categories as guided by the Protocol:

#### Scope 1:

Scope 1 encompasses direct GHG emissions generated from sources that are owned or controlled by Eonmetall. It includes emissions from the combustion of fuels such as diesel, petrol, liquefied petroleum gas ("LPG") and natural gas used in our operations.

In FYE2024, thanks to the effective monitoring and planned effort in lowering liquid fuel consumption, diesel consumption saw a reduction of 2.6% (60 GJ), LPG consumption reduced by 11.1% (2,227 GJ) while petrol consumption has lowered by 28.5% (by 200 GJ) compared to consumption in FYE2023. The initiative to replace some of our LPG consumption with natural gas in production has resulted in a generation of 3,266 GJ from natural gas consumption up until 31 December 2024. The Group plans to completely phase out LPG by the end of year 2026.

#### Scope 2:

Scope 2 accounts mainly for the consumption of purchased electricity, emissions at a source that is outside the control of the Group. As electricity is a main energy source in our operations, assessing Scope 2 emissions enables us to identify opportunities for energy efficiency improvements and transition to renewable energy sources in reducing our carbon footprint and advancing our sustainability objective. In FYE2024, electricity consumption had reduced by 4.1% (646 GJ).

#### Scope 3:

Scope 3 includes all other indirect value chain emissions. In FYE2024, our data collection efforts included two of the 15 Scope 3 categories: Category 6 Business Travel and Category 7 Employee Commute, which were not reported in FYE2023. As part of our commitment to reduce dependence on fossil fuel which is a non-renewable resource, Eonmetall promotes the use of electric or hybrid electric vehicles ("EVs") and has installed two electric chargers for employee usage in FYE2023.

## **Waste Management**

We understand that inadequate waste management, in particular hazardous waste, poses significant risks, impacting quality of air, soil and water in our surroundings, as increased exposure to hazardous materials can negatively impact the quality of life to both our employees and neighbouring communities. Therefore, we prioritise responsible management of wastes in all aspects of our operations.

For example, employees who are involved in handling hazardous waste strictly adhere to the **Chemical Waste SOP** as part of the **Factory Waste Management Strategy** to ensure no spillage. This practice also ensures the optimisation of raw steel material, minimising waste. Segregated hazardous waste is also handled and stored safely in a designated closed-door area which was constructed during FYE2024. These wastes are regularly tracked, recorded and monitored carefully following the SOP.

In FYE2024, Eonmetall generated a total of 1,032 tonnes of waste. Much of these (over 98%) were sent for recycling or re-treated for other uses; only about 14.22 tonnes (or 1.4%) were general waste sent for disposal.

In terms of the total waste generated, compared to FYE2023, there was an increase of about 44% in FYE2024, this is due to better tracking of data especially in schedule waste management and more precise measurement of material scraps.

| Total Waste Managed (tonnes)                     |         |                     |  |

#### Activity was not monitored in FYE2023

For recyclable materials, we adopt the 3R approach: reduce, reuse, and recycle, while educating our employees about the significance of sustainable waste management.

Other waste reduction initiatives that took place in FYE2024 include:

- Reuse of powder carton boxes as part of our packaging materials
- Repurpose of reject material (steel) parts to use as bins and racks for storage
- Purchase of recycled paper for packing materials
- Digitalisation of office operations wherever possible, thereby reducing the usage of virgin paper

#### **Social Performance**

## **Impact on Local Community**

Eonmetall values its relationship with the communities in which it operates and understands the significance of contributing to their well-being. In FYE2024, to encourage locals to source their vegetables locally to reduce their carbon footprint, the Group ventured into hydroponic farming as one of its sustainability pilot projects. In addition, aside from selling the bulk of the produce to the public, the Group also donated some of the produce to a school and an elderly care home in vicinity. A donation of RM2,000 was also made to a school nearby in upgrading its library, benefiting a total of 250 pupils.

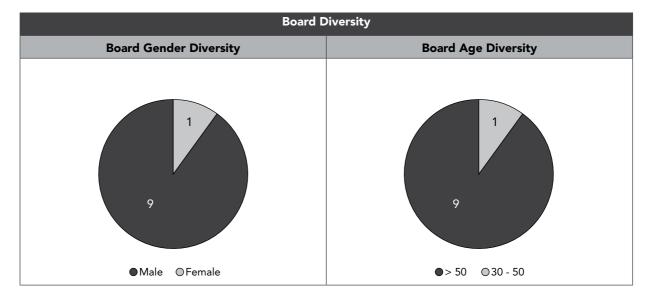

| Total Amount Invested in Communities  |         |          |         |

| Total number of beneficiaries of the investment in communities  | Persons | 272      | 0       |

#### **Diversity and Inclusion**

We firmly recognise that diversity, equity, and inclusion ("DEI") are fundamental pillars for fostering a culture of innovation and creativity, which are imperative for driving the Group forward in today's competitive market landscape. We are committed to nurturing an inclusive culture beyond mere compliance; it is deeply ingrained in our corporate ethos and serves as a guiding principle in all aspects of our operations. Also, because embracing diversity enables us to tap into a wider pool of talent, it only makes business sense that we do so in all phases of human resource planning - from recruitment, talent development and to career advancement of our employees.

As a result, we actively recruit talent from a variety of backgrounds, race, gender, ages and nationalities, taking into consideration the individual's goals and ambitions.

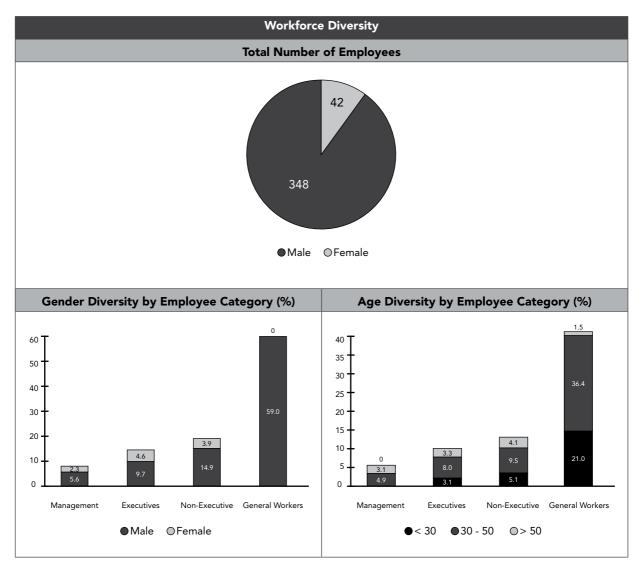

Information on board diversity is illustrated in the table below.

## Diversity and Inclusion (Cont'd)

In FYE2024, the total headcount at the end of the reporting period was 390. The breakdown by gender and age are provided in the figures above.

## **Employee Management**

Eonmetall views our employees as contributors to our success and expansion. We are committed to the recruitment, development, and retention of high-performing individuals within the Group. Furthermore, we invest in professional training programs to ensure that our employees remain professionally competitive, forward-thinking, and well-prepared for the future.

## Talent Acquisition and Retention

We have established a resilient and sustainable talent pipeline that is critical to Eonmetall. We rigorously recruit individuals based on their merits, skills, experience, and suitability for roles within the Group, while aligning with the Group's values, culture, and vision. This fair recruitment principle ensures we cultivate a strong employer brand that appeals to top-tier talent.

## **Talent Development**

To retain our skilled workforce, we offer opportunities for high-potential employees to grow and advance into senior positions within the Group. We believe that providing training to employees will lead to enhanced customer service, increased productivity, improved efficiency, and in general, a better and safer working environment. In FYE2024 we have identified certain gaps in skillsets and have set out to address these gaps by providing the relevant training to ensure ongoing relevance.

In FYE2024, a total of 28 training sessions totalling 3,224 hours covering financial management, quality management and occupational health and safety topics have been provided to our employees, as compared to FYE2023 where our employees completed a total of 2,216 training hours. This figure represents an increase of 46% in total number of training hours, illustrating our commitment towards upskilling and reskilling our workforce.

#### Remuneration and Benefits

Eonmetall is committed to offering fair and competitive compensation and benefits that adhere to legally required standards, with the goal of enhancing employee retention, morale, and overall satisfaction. In FYE2024, all full-time employees received a comprehensive benefits package, including medical coverage, hospitalisation insurance, travel allowance, and other benefits. The assessment of these benefits took into consideration of career span, tenure, and positions in Eonmetall, aiming to cultivate a motivating environment that attracts and retains top talents.

As with FYE2023, FYE2024 has recorded no substantiated complaints concerning human rights violations.

## **Health and Safety**

The importance of health and safety transcends regulatory compliance; it is a moral imperative and a strategic investment. A safe workforce is a motivated and productive workforce. Prioritising the health and safety of our employees is our top priority – doing so not only enhances their quality of life but also ensures operational efficiency and resilience. As such we are committed to creating a secure and supportive environment, with a focus on preventing any occupational injuries and illnesses of all employees and contractors while working at our premises.

We subscribe to strictly comply with the Occupational Safety and Health Act 1994 and Environmental Quality Act 1974 in all our operations. In addition, we also take the Safety, Health and Environmental ("SHE") Policy, the Management System Procedure, internal communications and safety rule reminders very seriously. The established Safety Committee (Figure below) at the Group level is tasked with overseeing and monitoring any ongoing safety and health initiatives which were being implemented in FYE2024.

#### **Product Quality**

Product quality is a core principle ingrained in the Eonmetall culture. Our over 30 years history of success is a result of providing products that have gained the confidence of our customers, created satisfaction, and have taken their interest into consideration. This requires a holistic approach to quality and safety across our value chain.

To achieve the objective mentioned, and to always live up to our ethos of "Customer's Satisfaction First", the Group has long established a Quality Management System ("QMS") to monitor and control the entire production process. On the management side, we aim to meet our customers' high expectation for high quality products throughout our business process in planning, development, production to after-sales service.

In addition, because safety is a non-negotiable principle at Eonmetall, we promote a culture of producing high quality products while adhering to safety standards. Throughout our workforce, we adhere to all strict health and safety regulations applicable to the steel production industry by regulators for the markets we operate in. The fact that our products have successfully entered markets in Asia Pacific, the Middle East, North Africa and the USA is a testament to such high standards.

To enhance the quality of services we provide to our customers, our technical employees continuously undergo comprehensive training. For example, employees involved in production are required to participate in training programs on product knowledge and soft skills development to meet the standards by our Quality Policy in alignment with the ISO9001:2015 standard.

In FYE2024, Eonmetall held the following international certifications:

- ISO 9001:2015 Quality Management system ("QMS") on racking system, certified by Intertek
- QAS International Certification on coils (raw material) compression testing, certified by SIRIM QAS International

#### **Governance Performance**

## **Anti-Corruption**

We place a strong emphasis on maintaining a high level of integrity, accountability, transparency, and fairness at the heart of our corporate governance. Through the implementation of our **Anti-Bribery and Anti-Corruption Policy** ("ABC Policy"), we promote a culture of robust corporate governance, fostering confidence and trust among our stakeholders.

The Group maintains a strict zero-tolerance position towards corruption among our employees irrespective of rank and status, as outlined in our ABC Policy. This policy undergoes regular reviews to ensure compliance with the provisions of the Malaysian Anti-Corruption Commission ("MACC") Act 2009. In addition to our employees, any agents, representatives of the Group who are consultants, independent contractors, external agencies or any party that has a business relationship with the Group is required to sign the "Corruption-Free Pledge".

We also constantly reiterate the principles of the ABC Policy to all employees. It is mandatory for new employees to familiarise themselves during orientation sessions on the Group's policies, with a focus on anti-corruption and anti-bribery measures. Additionally, our **Whistle Blower Policy** has established a platform for employees and external stakeholders to confidentially report any unethical practice through email or telephone. The **Code of Conduct ("CoC")**, ABC Policy, and Whistle Blower Policy are readily accessible on our website, ensuring their availability to all stakeholders.

As of 31 December 2024, we recorded zero incidents of corruption across Eonmetall's business operations.

## **Supply Chain Management**

Steel production requires a large volume of raw materials, which has a wide-ranging impact across local community, workers, and the ecosystem. As a frequent purchaser of these resource-intensive raw materials, we prioritise sourcing from local suppliers over those from overseas to reduce our carbon footprint. To ensure fairness and transparency in our procurement processes, we evaluate potential vendors and suppliers by examining various criteria such as quality, pricing, payment terms, production and capacity.

In FYE2023 Eonmetall planned to formulate a sustainability assessment to screen suppliers with a sustainability scoring system. However this plan has been postponed to financial year ending 2025 to allow for development of a more robust program. In the coming years, our major suppliers must adhere to a defined set of sustainability standards, highlighting their commitment to ethical conduct, occupational health and safety compliance, environmental responsibility, and human rights principles.

The Group is pleased to report that in FYE2024 a total of 59.5% was spent on procuring from local suppliers, as compared to 55.8% on the same in FYE2023. This is an increase of 3.7% from the previous financial year, showing our commitment in supporting local suppliers and businesses.

#### Data Privacy and Security

The increased adoption of digital technologies due to recent trends such as remote work, e-commerce, and automation has increased the risks posed by cyber threats and undermined data security. As a result, there is a growing responsibility to safeguard our data and secure customers' personal information to prevent any potential data breaches or losses.

At Eonmetall, the oversight of data privacy and security is at the heart of our IT Policy and Procedure. The IT Manager or Head of Department has been tasked to oversee and to maintain the IT policy and ensure Group-wide adherence of the Policy. This is to ensure all data with regards to Eonmetall's business, its clients and customers' information is safe, remains confidential while we safeguard its integrity.

In addition, Eonmetall has in place a security firewall system to safeguard our networks against external cyber threats. We regularly train our employees to identify phishing emails. During FYE2024, we deployed anti-malware to prevent cyber threats, this in turn safeguarded all data on the server and ensured operational continuity. As with FYE2023, there has been no incident of data breaches in FYE2024, and no substantiated complaint lodged regarding the loss of customer data or breaches of customer privacy.

#### 7. Statement of Assurance

The non-financial data presented in this Statement has been reviewed by both internal and external parties. All the data concerning the Group's material topics have been validated by Eonmetall's internal teams, especially by the Heads of Department. Going forward, Eonmetall has plans to subject its sustainability statement to an internal review by its internal audit team or externally by an independent assurance body.

The Board of Directors ("Board") of Eonmetall Group Berhad ("Company" or "Eonmetall") fully appreciates the importance of adopting and continuously maintaining high standards of corporate governance throughout Eonmetall and its subsidiaries ("the Group") so that the affairs of the Group are conducted with integrity, transparency and professionalism with the objective of enhancing business success, safeguarding shareholders' investment, enhancing shareholders value as well as the interests of other stakeholders. The main focus is to adopt the substance behind good corporate governance practices with the ultimate aim to ensure Board effectiveness and efficacy in enhancing shareholders' value.

This Corporate Governance Overview Statement ("CG Statement") provides the summary of the Company's corporate governance practices during the financial year ended 31 December 2024 ("FYE2024") with reference to the following three (3) principles set out in the Malaysian Code on Corporate Governance 2021 ("MCCG"):

Principle A: Board leadership and effectiveness;

Principle B: Effective audit and risk management; and

Principle C: Integrity in corporate reporting and meaningful relationship with stakeholders

The application for each Practice as set out in the MCCG is disclosed in the Corporate Governance Report ("CG Report") which is available on the Company's website: www.eonmetall.com as well as through an announcement on the website of Bursa Malaysia Securities Berhad ("Bursa Securities"). This CG Statement is to be read together with CG Report, based on a prescribed format as outlined under Paragraph 15.25(2) of Main Market Listing Requirements of Bursa Securities ("MMLR").

#### PRINCIPLE A: BOARD LEADERSHIP AND EFFECTIVENESS

#### 1. Board of Directors

The current Board comprised of nine (9) members; three (3) Executive Directors, four (4) Independent Non-Executive Directors and two (2) Non-Independent Non-Executive Directors, as at the date of this Annual Report as follows:

| Position                                     | Directors   |
|--|---|
| Independent Chairman Non-Executive Chairman  | Tan Sri Dato' Mohd Desa Bin Pachi   |
| Managing Director & Chief Executive Officer  | Datin Tan Pak Say   |
| Executive Director & Chief Operating Officer | Goh Hong Kent   |
| Executive Director                           | Dato' Goh Cheng Huat  |
| Independent Non-Executive Directors          | Chan Theng Sung<br>Dato' Mohammad Radhi Bin Abdul Razak<br>Datuk Yogeesvaran A/L Kumaraguru |
| Non-Independent Non-Executive Directors      | Yeoh Cheng Chye<br>Goh Kee Seng   |

On 3 January 2025, Datin Tan Pak Say was appointed as the Managing Director & Chief Executive Officer to replace Mr Yeoh Cheng Chye who re-designated as Non-Independent Non-Executive Director ("**Non-INED**") on the even date. On the same day, Dato' Wahab Bin Hamid and Madam Tang Yin Kham retired as Non-INEDs.

The details of directors' background, experiences and qualifications are set out under the Profile of Directors in this Annual Report.

All concerns regarding the Group can be conveyed to any one of the Directors and or will be deliberated by all Directors during the Board meeting. As such, the Board had not appointed a Senior Independent Non-Executive Director to whom concerns regarding the Group may be conveyed.

The concept of independence as adopted by the Board is consistent with definition of Independent Non-Executive Director ("INED") outlined in Paragraph 1.01 and Practice Note 13 of the MMLR. The key elements for fulfilling the criteria are the appointment of Directors who are not members of Management and who are free of any relationship which could interfere with the exercise of independent judgment or the ability to act in the best interest of the Company and the Group.

#### PRINCIPLE A: BOARD LEADERSHIP AND EFFECTIVENESS (Cont'd)

#### 1. Board of Directors (Cont'd)

The Board scheduled to meet at least four (4) times a year at quarterly intervals with additional meetings convened when urgent and important decisions need to be taken between the scheduled meetings with sufficient notice. During the FYE2024, the Board held five (5) meetings to deliberate and decide on various issues including the Group's financial results, strategic decisions, appointment of new Executive Director ("**ED**"), policies and procedures, sustainability as well as Directors' fees and benefits payable.

The major deliberation, in terms of issues discussed and the conclusion arrived by the Board during the meetings, are recorded by the Company Secretary with the minutes signed by the Chairman of the meetings.

Detail of attendance of each Director at the Board and Board Committees meetings of Eonmetall held during the financial year under review is as follows:

| Directors                            | Board | Audit<br>Committee | Nominating<br>Committee | Remuneration<br>Committee |

#### Notes:

- (1) Datin Tan Pak Say was appointed as Managing Director & Chief Executive Officer of the Board on 3 January 2025. Her attendance at the meetings of the Board is counted from her appointment date.
- Dato' Wahab Bin Hamid and Madam Tang Yin Kham retired from the Board and Board Committees on 3 January 2025. Both attended all meetings of the Board and Board Committees held during FYE2024 up to the date of their retirement.

Board meetings are scheduled ahead to enable the Directors to plan and adjust their schedule to ensure good attendance and the expected degree of attention to the Board meeting agenda.

Management personnel and external consultants are also invited to attend the Board meetings as and when required in order to present and advise the members with information and clarification on certain meeting agenda to facilitate informed decision-making.

The Board is satisfied with the time commitment given by the Directors as demonstrated by their attendance to the meetings of the Board and Board Committees.

In addition, all of the Directors do not hold more than 5 directorships in public listed companies as required under Paragraph 15.06 of the MMLR of Bursa Securities to enable the Directors to discharge their duties effectively by ensuring that their commitment, resources and time are more focused. The Board members must notify the Board or the Chairman before accepting any new Directorship in other public listed companies.

In respect of the new appointee, Datin Tan Pak Say had attended the Mandatory Accreditation Program ("MAP") Part I prescribed under the MMLR.

#### PRINCIPLE A: BOARD LEADERSHIP AND EFFECTIVENESS (Cont'd)

#### 1. Board of Directors (Cont'd)

All Directors have complied with the provision of MMLR in relation to MAP Part II: Leading in Impact ("MAP Part II"), except Datuk Yogeesvaran A/L Kumaraguru and Mr Goh Kee Seng, who have registered for the MAP Part II and will comply by 1 August 2025.

Directors regularly enhance their knowledge and stay updated on latest statutory and regulatory requirements through briefings provided by Internal Auditors, External Auditors, Company Secretaries and management during the Audit Committee and Board meetings, as applicable.

In compliance with Paragraph 15.08 of the MMLR, the Directors had attended the following seminar/webinar/conference/trainings in FYE2024:

| Directors                            | Training, Conferences or Seminars   |

| Chan Theng Sung                      | MAP Part II   |
| Dato' Mohammad Radhi Bin Abdul Razak | MAP Part II   |

Datuk Yogeesvaran A/L Kumaraguru and Mr Goh Kee Seng did not attend any external training during the financial year, but they have enhanced their knowledge and kept abreast with the latest developments on statutory and regulatory requirements from the briefings given by the Internal Auditors, External Auditors, and the Company Secretaries from time to time during the Audit Committee and Board Meetings. Moving forward, the Nominating Committee will ensure that all Directors attend external training programmes periodically.

#### **Board Responsibilities**

The Board has the overall responsibility to manage the business affairs of the Group and approving all strategies, providing leadership and direction as well as management supervision. In addition to its legal responsibilities, the Board ensures that management has in place appropriate processes for management and internal controls, risk assessment and monitoring performance against agreed benchmark for the Group as well as ensuring businesses are carried out in compliance with good governance practices and in a transparent and objective manner. Its overall objective is to enhance the value of its shareholders by achieving the strategic objectives of the Group.

As part of the Board's effort to ensure that its duties and responsibilities are effectively discharged, the Board delegates certain functions to Board Committees, the Managing Director & Chief Executive Officer ("MD&CEO") and the management. The Board has established the following Board Committees to perform certain of its functions and to provide recommendations and advice.

#### PRINCIPLE A: BOARD LEADERSHIP AND EFFECTIVENESS (Cont'd)

#### 1. Board of Directors (Cont'd)

#### **Board Responsibilities (Cont'd)**

These Board Committees comprise solely of Non-Executive Directors ("**NED**") with a majority being independent. Each of these Board Committees operates under clearly defined Terms of Reference ("**TOR**") as approved by the Board and which are periodically reviewed for relevance and improvement. The Chairman of the respective Board Committees will report to the Board on the outcome of any discussions and make recommendations thereon to the Board. The ultimate responsibility for the final decision on all matters, however, lies with the Board.

The Board, at its meetings, regularly reviews and approves the strategies and business plans of the Company and the Group, identifies and manages principal risks affecting the Group including establishing and approving relevant policies, reviewing the adequacy and integrity of the Group's internal control systems, overseeing the performance of the Group's businesses, reviewing succession planning and talent management, reviewing of Group strategies and promoting sustainability, enforcing compliance with legal and statutory requirements within the Group, acquisition or divestment policy, approval of major capital expenditure, consideration of significant financial matters and review of the financial and operating performance of the Group.

The Board has established clear functions reserved for the Board and those delegated to management. The Board is responsible for the overall business framework within which the Group operates. This is formalised into a schedule of events that is reserved for the Board and these include determining overall group strategy and direction to approve acquisitions and divestments, business plan, budgets, capital expenditures, quarterly and annual financial results as well as monitoring financial and operational performance against targets. Management is responsible for the execution of activities to meet corporate plans as well as instituting various measures to ensure due compliance with various governing legislations.

The Board acknowledges its role in the stewardship of the Group's direction and operations, and ultimately the enhancement of long-term shareholders value. To fulfil this role, the Board is responsible for the overall corporate governance of the Group, including its strategic direction, establishing goals for management and monitoring the achievement of the goals. The Board delegates the responsibility of implementing Group strategies, business plans, policies and decisions to the management, which is led by the MD&CEO.

#### Chairman of the Board

The Board is led by an Independent Non-Executive Chairman supported by an experienced Board, comprising members with wide ranging experience in relevant fields such as general management, public policy, accounting and finance, industry knowledge and information technology. The Chairman is responsible for leading the Board and ensures that all Directors receive relevant information on financial and non-financial matters to enable them to participate actively in Board decisions.

He provides leadership and governance on the Board and creates a conducive situation geared towards building and growing Directors' effectiveness and ensure that appropriate issues are discussed by the Board in a timely manner. As part of that role, Chairman ensures that no member dominates any discussion and appropriate discussions are taken place with relevant participation among Board members forthcoming.

Other roles of the Chairman include leading the Board in the oversight of management, ensuring adequacy and integrity of the governance process and issues, maintaining regular dialogues with MD&CEO over operational matters and seek opinion of fellow Board members over any matters that may give cause for major concerns.

#### Separation of Position of Chairman and MD&CEO

The Board has always made the distinction that the position of the Chairman and the MD&CEO do not reside with the same person. There is a clear and separate division of responsibility in the roles and duties of the Chairman and MD&CEO.

The Chairman is primarily responsible for the effective and efficient conduct and working of the Board. He leads the Board with focus on governance, compliance and acts as a facilitator during Board meetings.

The MD&CEO has overall responsibilities over the daily conduct of operating units, human resource management with respect to key positions in the Group's hierarchy, financial management and business affairs as well as organisational effectiveness and implementation of Board policies and decisions.

#### PRINCIPLE A: BOARD LEADERSHIP AND EFFECTIVENESS (Cont'd)

#### 1. Board of Directors (Cont'd)

#### Separation of Position of Chairman and MD&CEO (Cont'd)

The MD&CEO also ensures that the Group's corporate identity, products and services are of high standard and reflective of market expectations, business practices and are in compliance with governmental regulations. During each of its scheduled meetings, the MD&CEO will brief the Board on the performance and activities of the Group and specific proposals for capital expenditure and acquisitions and disposals, if any.

#### Chairman of the board shall not be a member of the AC, NC or RC

The Chairman of the Board is not a member of Board Committees.

#### **Qualified and Competent Company Secretaries**

The Company Secretaries are capable of carrying out their duties to ensure the effective functioning of the Board. The Board is satisfied with the performance and support rendered as the Directors are able to seek advice and service of the Company Secretaries. The Company Secretaries, who are competent, qualified and experienced, advise the Board on any updates relating to any new statutory and regulatory requirements pertaining to the duties and responsibilities of Directors and the potential impact and implications arising there from.

The Company Secretaries, or her representatives, attend and ensure that all Board and its Committees meetings are properly convened. The decisions made and/or resolutions passed thereof are recorded in minutes of meetings and kept at the registered office of the Company together with its statutory registers. The Company Secretaries also facilitate the communication of key decisions and policies between the Board, Board Committees and Management. The Board is also regularly updated and kept informed of the latest developments in the legislation, regulatory and corporate governance framework affecting the Group and are advised on the proposed contents and timing of material announcements to be made to regulatory authorities.

Other roles of the Company Secretaries included coordinating with Management the preparation of Board papers, ensuring Board procedures and applicable rules are observed and maintaining records of the Board as well as provide timely dissemination of information relevant to the Directors' roles and functions and keeping them updated on evolving regulatory requirements.

#### **Access to Information and Advice**

The Board recognises that the decision-making process is highly dependent on the quality of information available. All the Directors have access to all information within the Group and may seek the advice of Management on matters under discussion or request further information on the Group's business activities. The Chairman, with the assistance of the Company Secretaries, ensures that all Directors have full and timely access to information with Board papers distributed in advance for meetings of the Board and Board Committees.

The Directors, whether as full Board or in their personal capacity, may upon approval from the Board, seek independent professional advice, where necessary and under appropriate circumstances, in furtherance of their duties and to enable them to discharge their duties, at the Group's expense.

All Board and Board Committees are provided with agenda and relevant board papers, reports including matters arising, financial, operational and regulatory compliance matter, at least seven (7) days prior to meetings to ensure that they have sufficient time to review and evaluate the matters to be deliberated and obtain further information, if needed, prior to meeting to expedite decision-making during meetings. Actions on all matters arising from any previous meeting are reported at the following meeting.

#### 2. Demarcation of Responsibilities

#### **Board Charter**

The Board Charter provides structured guidance by clearly delineating the roles, duties and responsibilities of the Chairman, MD&CEO, Board, Board Committees and Management. The Board Charter also includes the requirements of Directors in carrying out their leadership and supervisory role; and in discharging their duties towards the Group as well as boardroom activities.

#### PRINCIPLE A: BOARD LEADERSHIP AND EFFECTIVENESS (Cont'd)

#### 2. Demarcation of Responsibilities (Cont'd)

#### **Board Charter (Cont'd)**

The Board Charter is subject to periodical review by the Board to ensure that it remains consistent with the Board's roles and responsibilities, changing needs of the Company as well as any development in the prevailing legislation and practices.

The Board Charter is available on the Company's website at www.eonmetall.com.

#### 3. Good Business Conduct and Corporate Culture

#### **Code of Conduct and Ethics**

The Board is committed towards inculcating a corporate culture which engenders ethical conduct throughout the Group. The Board has formalised Code of Ethics and Code of Conduct setting out the standard of ethics and conduct expected from its Directors, management and employees to enhance the standards of corporate governance and corporate behaviour.

The Code of Conduct is based on principles in relation to trust, integrity, responsibility, excellence, loyalty, commitment, dedication, discipline, diligence and professionalism. Our Code of Ethics is based on the principles of sincerity, integrity, responsibility and corporate social responsibility. The codes cover a wide range of business practices and procedures; and sets out the basic principles to guide the Group's Directors, management and employees in performing their duties so as to improve work quality, productivity and self-discipline in order to provide effective, good and quality services.

The Board noted the importance of a code of ethics and conduct that emphasise the Group's commitment to ethical practices and compliance with the applicable laws and regulations which also governs the standards of ethics and good conduct expected from the Directors and employees of the Group. The Group has in place an Employee Handbook, which contains various human resource policies and serves as a guide for employees to ensure their actions and practices are in line with the guidelines under the Handbook.

The Company has also adopted the Anti-Bribery and Anti-Corruption Policy ("**ABAC Policy**") as in compliance with the Section 17A of the Malaysian Anti-Corruption Commission (Amendment) Act 2018. The adoption of the ABAC Policy signalled commitment by the Board and the Group to conduct all businesses in an honest and ethical manner requiring all Directors and employees to act professionally, fairly and with integrity in all our business dealings and relationships.

The ABAC Policy sets out adequate procedures designed to prevent situations in which bribery and corrupt practices may take root.

Both Codes and ABAC policy are available on the Company's website at www.eonmetall.com.

#### Whistleblowing Policy

The Company has always advocated for openness and transparency in its commitment to the highest standard of integrity and accountability. All malpractices or wrongdoings reported by the whistle-blower are made to the Chairman of AC (for financial reporting, unethical or illegal conduct) or MD&CEO (for Employment-related concern) and shall be set forth in writing or verbally.

The Whistle Blower Policy is available on the Company's website at <a href="https://www.eonmetall.com">www.eonmetall.com</a>.

#### **Fit & Proper Policy**

The Board adopted the Fit & Proper Policy to provide guidance to assess the fitness and propriety of Directors and Key Senior Management ("KSM") to ensure that person(s) to be appointed or re-elected as a director/KSM possesses the necessary character and integrity, experience and competence as well as the ability to discharge and give appropriate commitment and participation and contribution to the Board and the Company.

The Fit & Proper Policy is available on the Company's website at www.eonmetall.com.

#### PRINCIPLE A: BOARD LEADERSHIP AND EFFECTIVENESS (Cont'd)

#### 4. Sustainable Practice

#### **Material Sustainability Matters**

The Board recognises that sustainable development is an important and integral part of the Group's pursuit of its long-term business success. The Board is responsible for the development of the Group's sustainability strategies. The Risk Management Committee ("RMC") comprises mainly of the senior management have been entrusted to drive strategic management of material sustainability matters.

The Board appointed the Executive Director & Chief Operating Officer ("**ED&COO**") to drive strategic management of material sustainability matters.

#### **Sustainability Strategies**

The management has set sustainability targets and communicated with the key stakeholders. Implementation strategies are developed and measured continuously.

The Board will meet and discuss key sustainability matters at least once a year.

#### **Periodic Updates**

During the year under review, the management presented updates to the Board to keep the Directors apprised on the Group's sustainability initiatives in managing material sustainability matters thus far. The Directors provide their views and opinions on the sustainability issues as well as suggestions on improvements during meetings.

The Directors have been and will continue to attend training to keep abreast of development on sustainability as well as regulations and guidance on current and emerging environmental problems that may affect the Group.

#### **Performance Evaluation**

The Board recognises the importance of sustainability in all its business operation and had included sustainability as one of the criteria in the performance evaluations of all employees including its board members.

The Board Effectiveness Evaluation for FYE2024 included assessment on Boards' understanding on sustainability issues that are critical to the company's performance.

Please refer to the Sustainability Statement which outlined sustainability activities by the Group.

#### 5. Board Composition

The current NC comprises of three (3) members, all of whom are INEDs. The members of NC are as follows:

| Name   | Position |
|--|----------|
|  |          |
| Datuk Yogeesvaran A/L Kumaraguru   | Chairman |

- (i) Considered the candidacy and thereafter recommended to the Board the appointment of Datin Tan Pak Say MD&CEO and Mr Ooi Teik Huat as Chief Financial Controller ("**CFO**").

#### **Review of Board Composition**

NC reviewed the size and composition of the Board, and the skills and core competencies of its members, to ensure an appropriate balance and diversity of skills and experience. The Board, through the NC, have upon their annual assessment, concluded that the current Board comprises of a balanced mix of skills, knowledge and experience in the relevant areas to enable the Board to carry out its responsibilities in an effective and efficient manner.

#### **Independent Directors**

The Board had not met the composition recommended under the Practice 5.2 of MCCG, whereby at least half (50%) of the Board members, the three (3) INEDs, with their breadth of professional background, have enabled the Board to exercise objective judgement on various issues through their sharing of impartial, objective and unbiased opinion and viewpoints.

The current Board composition was compliance with the provision of Paragraph 15.02 of MMLR, which requires that at least two (2) Directors or one-third (1/3) of the Board of the Company, whichever is the higher, are INEDs.

#### **Tenure of Independent Director**

The Board recognises the MCCG's recommendation that service tenure of an INED should not exceed a cumulative or consecutive term of nine (9) years. Upon completion of the nine (9) years, an INED may continue to serve on the Board subject to the Director's re-designation as a Non-ID or the Board shall justify and seek annual shareholders' approval at the Annual General Meeting ("AGM").

None of the INEDs served for a cumulative term of more than nine (9) years.

#### **Policy on Tenure of Independent Directors**

The Board did not adopt any policy which limits the tenure of its INED to nine (9) years without further extension.

#### Diversification of Board and Senior Management

The Board is supportive of diversity on the Board and in Senior Management team. The appointment of Board and Senior Management team are based on objective criteria, merit and takes into consideration for diversity in experience, skills set, age and cultural background.

The present Directors, with their diverse background and professional specialisation, collectively bring with them a wealth of experience and expertise in areas such as general management and operations, law, commercial, finance and accounting, corporate affairs, manufacturing as well as sales and marketing.

#### PRINCIPLE A: BOARD LEADERSHIP AND EFFECTIVENESS (Cont'd)

#### 5. Board Composition (Cont'd)

#### Sources to identify candidate for directorship

The Board relies on a few sources to identify candidate for directorship, including recommendation from Directors.

Following evaluation and deliberation against the pre-set criteria, the Board approved the recommendation from the NC for the appointment of Datin Tan Pak Say as MD&CEO and Mr Ooi Teik Huat as CFO of the Board.

#### **Directors' Information**

The profiles of Directors are published in the Annual Report. Information contained therein included age, gender, tenure of service, directorship in other companies, working experience and any conflict of interest as well as shareholding in Eonmetall.

To ensure shareholders have the information they require to make an informed decision on the appointment and reappointment of a director, a brief profile of director concerned together with statement from the Board (on whether it support the appointment or reappointment) will be included in the agenda of meeting when such appointment or reappointment will be considered.

#### Chairman of NC

Datuk Yogeesvaran A/L Kumaraguru, an INED, is the current Chairman of the NC. He assumed chairmanship of the NC on 1 March 2024.

#### **Female Board Representation**

Whilst acknowledging the recommendation of the MCCG on gender diversity, the Board is of the collective opinion that there was no necessity to adopt a formal gender diversity policy as the Group is committed to provide fair and equal opportunities and nurturing diversity within the Group.

The current composition of one (1) female Director testifies to the Group's commitment on gender diversity.

#### **Gender Diversity**

The Board is supportive of gender diversity in the Board and in its senior management team. Within its rank of senior management, the Group has about 25% female representation.

#### 6. Board Effectiveness

#### Effectiveness of the Board and individual Directors

The Board has adopted a Directors' Assessment Policy which sets out the criteria and procedures for the Board performance assessment. The NC conducts annual review of the effectiveness of the Board and Board Committees as well as performance of each individual Director. The assessment is administered via customised questionnaires, using a self and peer-rating model for continuous improvement.

The NC reviews annually the required mix of skills, experience and other qualities, including core competencies of the members in discharging their duties. The skills and experience of each Director is analysed, inter-alia, in the areas of business operations technical and governmental affairs and legislation. Furthermore, the Nominating Committee reviews size and composition of the Board with consideration on the impact on the effective functioning of the Board.

The NC had also reviewed and assessed the independence of the Independent Directors based on the Directors' professionalism and integrity in the decision-making process, ability to form independence judgements, as well as objectivity and clarity in deliberations in addition to the specific criteria of independence as set out in the MMLR of Bursa Securities.

The results of all assessments and comments by Directors were summarised before being tabled for review and discussion at the NC meeting. Thereafter, the Chairman of NC would report on the results and deliberations to the Board.

#### PRINCIPLE A: BOARD LEADERSHIP AND EFFECTIVENESS (Cont'd)

#### 6. Board Effectiveness (Cont'd)

#### Effectiveness of the Board and individual Directors (Cont'd)

Based on the outcome of evaluation for the financial year under review, the NC and the Board were satisfied that the Board and Board Committees have discharged their duties and responsibilities effectively and the contribution and performance of each individual Director is satisfactory. The NC believes that the current Board composition is well balanced with the right mix of high-calibre individuals with the necessary skills, qualification, experience, knowledge, credibility, independence and core competencies.

The Company's Constitution provides that an election of Directors shall take place each year and, at the Annual General Meeting, one-third of the Directors for the time being or, if their number is not three (3) or a multiple of three (3), then the number nearest to one-third (1/3) shall retire from office and be eligible for re-election. All the Directors shall retire from office once at least in three (3) years but shall be eligible for re-election. The Directors to retire in each year shall be those who have been longest in office since their appointment or re-appointment. A retiring Director is eligible for re-appointment. This provides an opportunity for shareholders to renew their mandates. The re-election of each Director is voted on separately.

The Director who is subject to re-election and/or re-appointment at next Annual General Meeting is assessed by the NC before recommendation is made to the Board and shareholders for re-election and/or re-appointment. Appropriate assessment and recommendation by the NC is based on the annual assessment conducted.

The Company Secretaries will ensure that all appointments are properly effected with the necessary legal and regulatory obligations duly met.

#### 7. Level and Composition of Remuneration

#### RC

The present RC consists of three (3) IDs, all of whom are independent. The RC currently comprised of the following:

| Name                                 | Position |
|--------------------------------------|----------|
|                                      |          |
| Dato' Mohammad Radhi Bin Abdul Razak | Chairman |
| Chan Theng Sung                      | Member   |
| Datuk Yogeesvaran A/L Kumaraguru     | Member   |

The RC was chaired by Dato' Mohammad Radhi Bin Abdul Razak and supported by Datuk Yogeesvaran A/L Kumaraguru and Chan Theng Sung. Dato' Wahab Bin Hamid retired from the Board and the RC on 3 January 2025.

The RC is empowered by the Board and its TOR to review proposed share option schemes, appraise performance of each individual Executive Director in proposing salary increment as well as annual bonus, considering and reviewing fringe benefits issues and to evaluate different remuneration methods and philosophies as well conducting studies of current industry practice.

The TOR of the RC is available on the Company's website at www.eonmetall.com.

#### **Remuneration policy**

The objective of the Group's Directors' Remuneration Policy is to determine the level of remuneration package of EDs and CFO, attract, develop and retain high performing and motivated EDs and CFO, to provide remuneration that commensurate with the responsibilities of their position and encourage of value creation for the Company and its Stakeholders.

As for Non-Executive Directors ("**NEDs**"), the level of fee and other benefits is reflective of their experience, expertise, contribution to the Group, duty and level of responsibilities undertaken by them including the number of Board meetings attended. The determination of Directors' fees for the NEDs including that of Non-Executive Chairman of the Board shall be a matter for the Board as a whole.

#### PRINCIPLE A: BOARD LEADERSHIP AND EFFECTIVENESS (Cont'd)

#### 7. Level and Composition of Remuneration (Cont'd)

#### Remuneration policy (Cont'd)

The RC is responsible for, inter-alia, recommending to the Board the policy framework and remuneration structure for Directors as well as the remuneration packages of EDs and CFO.

In the case of the EDs and CFO, the components of the remuneration package are linked to scope of the duty and responsibilities, conditions and experiences required, ethical values, internal balances and strategic targets of the Group as well as the corporate and individual performance. The EDs played no part in deciding their own remuneration and the respective Board members shall abstain from all discussion pertaining to their remuneration.

During the FYE2024, the RC met twice, attended by all the members, to consider the remuneration package and annual bonus for the EDs and CFO as well as Directors' fees and benefits payable for the NEDs. All deliberations of the RC are properly documented in the minutes of Committee meetings and recommendations are reported by the RC Chairman at Board meetings.

#### 8. Remuneration of Directors and Senior Management

#### **Details of Directors' Remuneration**

The remuneration payable in respect of Directors' fees and benefits payable for FYE2024 are categorised as follows:

| Type of fees  | (RM)   |
|---|--------|
|   |        |
| Executive Directors (per pax)                             | 36,000 |
| Non-Executive Directors (per pax)                         | 36,000 |
| Independent Non-Executive Director and Chairman of the AC | 54,000 |

The fees and benefits payable to Directors are endorsed by the Board for approval by the shareholders at the AGM prior to payment.

The remuneration received/receivable by the Directors of the Company for FYE2024 is as disclosed in the CG Report.

#### Detailed Disclosure of Top Five (5) Senior Management's Remuneration

The Board acknowledged the need for transparency in the disclosure of remuneration as recommended under the MCCG. Nonetheless, the Board takes the view that there is no necessity for the Group to disclose the remuneration package of top five (5) Senior Management as such disclosure could be detrimental to its business interests given the highly competitive human capital environment in which the Group operates where intense headhunting for personnel with the right expertise, knowledge and relevant working experience is the norm. As such, disclosure of specific remuneration information could give rise to recruitment and talent retention issues going forward.

The Board will ensure that the remuneration of the Senior Management personnel commensurate with the level of responsibilities, with due consideration in attracting, retaining and motivating Senior Management to lead and run the Group successfully. Excessive remuneration pay-out is not made to the Senior Management personnel in any instance.

#### PRINCIPLE B: EFFECTIVE AUDIT AND RISK MANAGEMENT

#### 9. Effective and Independent AC

#### AC

Chan Theng Sung, an INED, is the present Chairman of the AC and he is not the Chairman of the Board. Details on the composition and other pertinent facts of the AC is outlined under the AC Report in this Annual Report.

#### **Appointment of Former Key Audit Partner**

None of the members of the Board were former key audit partners. Hence, no former key audit partner is appointed to the AC. As such, there was no need to establish such policy presently. Such a policy would be established when the need arises in future.

The Board will observe a cooling-off period of at least three (3) years in the event any potential candidate to be appointed as a member of the AC was a key audit partner.

#### **External Auditors**

Under its TOR, the AC reviews the suitability, objectivity and independence of the external auditor of the Company on an annual basis. The review process covers the assessment of the independence of the external auditor, the evaluation of the external auditor's performance, competency, quality of work, audit fees and the adequacy of resources.

The AC has assessed the suitability and independence of the external auditors and is satisfied with the technical competency and independence of the external auditors. The AC meets with the external auditors at least twice (2) a year to discuss their audit plan and audit findings. The AC discusses the nature and scope of audit and reporting obligations with the external auditors before commencement of audit engagement. It is also the practice of the AC to respond to auditors' enquiries and recommendations, if any, to ensure compliance with the various approved accounting standards in the preparation of the Group's financial statements.

The AC is empowered by the Board to review all issues in relation to appointment and re-appointment, resignation or dismissal of external auditors. The AC undertakes an annual assessment of the suitability and independence of the external auditors and is satisfied with the technical competency and independence of the external auditors.

The AC has considered the non-audit services provided by the external auditors during FYE2024 and concluded that the provision of these services did not compromise the external auditors' independence and objectivity. The amount of fees paid for these services was not significant when compared to the total audit fees paid to the external auditors. The external auditors have confirmed to the AC that they are, and have been, independent throughout the conduct of the audit engagement in accordance with the independence rules of the Malaysian Institute of Accountants.

The Board place great emphasis on the objectivity and independence of the auditors, namely BDO PLT, in providing relevant and transparent reports to the shareholders. To ensure full disclosure of matters, the auditors attend the AGM to attend any queries from shareholders.

#### Composition of the AC

The present AC comprises three (3) INEDs.

#### Diversity in skills of the AC

The AC currently comprised of members with professional experience in finance and audit assurance, business, public policy and economic environment. All members are financially literate and are able to read, interpret and understand the financial statements. The diversity in skills set coupled with their financial literacy gave the AC the ability to effectively discharge their roles and responsibilities.

#### PRINCIPLE B: EFFECTIVE AUDIT AND RISK MANAGEMENT (Cont'd)

#### 10. Effective Risk Management and Internal Control Framework

#### **Establishment an effective Risk Management and Internal Control**

The Board has established a structured risk management process aimed at identifying, evaluating, controlling, monitoring and reporting principal risks faced by the Group on an on-going basis.

#### Features of Risk Management and Internal Control Framework

The Statement on Risk Management and Internal Control in this Annual Report provides an overview on the state of internal controls and risk management within the Group.

Continuous reviews are carried out by the Group's internal audit function and management to identify, evaluate, monitor and manage significant risks affecting the business and ensure that adequate and effective controls are in place. The findings of the internal audit function are reported to the AC regularly.

#### Establishment of a Risk Management Committee Comprises a Majority of Independent Director

The group has not compiled on this Step-up Practice as the current RMC comprised of management personnel. The Board will assess the need for a RMC in the future.

#### 11. Effective Governance, Risk Management and Internal Control

#### Effectiveness of the internal audit function

The internal audit function of the Group is carried out by an outsourced and competent consulting firm, JWC Consulting Sdn. Bhd. ("JWC"), that assists the AC and the Board in managing the risks and establishment of the internal control system and processes within the Group by providing an independent assessment on the adequacy, efficiency and effectiveness of the Group's risk management and internal control system and processes. The internal auditors reports directly to the AC.

The AC reviews and approves the Internal Audit Plan annually and ensures that the internal auditors are accorded with appropriate standing and authority to facilitate the discharge of its duties. Audits of the practices, procedures, expenditure and internal controls of identified business and support units and subsidiaries are undertaken on a regular basis.

The Board also have a general responsibility for taking such steps as are reasonably open to them to safeguard the assets of the Group and to prevent and detect fraud and other irregularities.

#### Disclosure on the internal audit function

The internal auditors are required to declare their independence to the AC. The AC has also received assurance from the internal auditors that they have adopted internal audit standards and best practices based on the International Professional Practices Framework (IPPF), endorsed by the Institute of Internal Auditors Malaysia.

The external service provider is JWC and RM23,000 has been incurred for internal audit services for FYE2024.

#### PRINCIPLE C: INTERGRITY IN CORPORATE REPORTING AND MEANINGFUL RELATIONSHIP WITH STAKEHOLDERS

#### 12. Continuous Communication between the Company and Stakeholders

#### Communication with its stakeholders

The Group is committed to maintaining regular, transparent, coherent, timely and equitable dissemination of relevant and material information on the development of the Group to shareholders and stakeholders whilst balancing commercial confidentiality and regulatory considerations.

The Company's general meetings remain the principal forum for dialogue and communication with shareholders and investors. Shareholders are encouraged to attend the general meetings and given sufficient time and opportunity to participate in the proceedings, ask questions about the resolutions being proposed and the operations of the Group, and communicate their expectations and possible concerns. In addition, the Board and Management welcome visits by investors, fund managers and analysts and conduct briefings to them when required, as the Board believes that this will give investors and interested parties on one hand, a better appreciation and understanding of the Group's performance and on the other, awareness of the expectations and concerns of investors and such interested parties. Besides, the Company also maintains an official website at www.eonmetall.com that provides an easy and convenient avenue for public to gain access to more information of the Group.

However, in any circumstances, while the Group endeavours to provide as much information as possible to its shareholders and stakeholders, it is mindful of the legal and regulatory framework governing the release of material and price-sensitive information. The Directors are cautious not to provide undisclosed material information about the Group and frequently stress the importance of timely and equal dissemination of information to all shareholders and stakeholders.

The Board is committed under its corporate governance obligation to have an effective channel of communication with shareholders and the investing public. It affirms that the primary channel to engage and communicate with its shareholders is during the general meetings.

The Group disseminates information in relation to its financial performance, operations and corporate developments through the annual reports, quarterly reports, circulars and various announcements. The Company's website at www.eonmetall.com has a tab marked as "Investor Relations" which contains vital information, including annual reports, quarterly reports and official announcements made to Bursa Securities, concerning the Group which is updated on a regular basis. All material announcements are reviewed and endorsed by the AC (as applicable) and the Board prior to release to the public through Bursa Securities. Shareholders and the public in general may also obtain announcements and financial results of the Company from Bursa Securities' website.

The MD&CEO and/or the CFO of the Group is designated spokesperson for all matters related to the Group.

#### **Integrated Reporting**

Integrated reporting is not applicable to the Group presently as the Group does not fall within the definition of "Large Companies".

#### 13. Conduct of General Meetings

#### **Notice for AGM**

The Board encourages shareholders' participation and as such, the AGM is an important event as the Board is given the opportunity to have a dialogue with the shareholders following presentation of annual audited financial results and to address any questions that may arise.

The notice of 21st AGM was sent to the shareholders at least twenty-eight (28) days prior to the meeting date and published in a major local newspaper. Items of special business included in the notice of 21st AGM were accompanied by explanation of the proposed resolutions. All suggestions and comments put forth by shareholders will be noted by the Board for consideration.

All the resolutions set out in the Notice for the 21st AGM were put to vote by poll with the outcome announced to Bursa Securities on the same day. The Board is satisfied with the current programme at AGM and there have been no major contentious issues noted with shareholders/investors.

# PRINCIPLE C: INTERGRITY IN CORPORATE REPORTING AND MEANINGFUL RELATIONSHIP WITH STAKEHOLDERS (Cont'd)

#### 13. Conduct of General Meetings (Cont'd)

#### Directors' attendance

All the Directors had attended the 21st AGM held on 31 May 2024.

#### Leveraging on technology

The Company has leveraged on technology to facilitate shareholders' participation at the 21st AGM which were convened virtually using remote participation and voting ("RPEV") facilities through online meeting platform. These allowed shareholders to participate and vote during the 21st AGM without having to physically present at the meeting venue.

The Company will conduct future general meetings and facilitate shareholders' participation in accordance with the Company's Constitution.

#### Shareholders engagement

All Directors and senior management, Joint Company Secretaries and external auditors were present during 21st AGM to engage with shareholders to address any areas of interest or concerned brought up by the shareholders.

Shareholders are provided with avenue to post their queries to the Company whether virtually or physically.

#### Infrastructure for virtual general meetings

The RPEV system used to handle virtual 21st AGM were tested prior to the AGM and it could support interactions between the Board and senior management team with the shareholders. Questions raised by shareholders could be posted on the meeting platform or read out by the host of the meeting before the Board is invited to respond to the questions. In the event that an answer cannot be readily given at the meeting, the Chairman will undertake to include response in the minutes of said general meeting.

#### **Minutes of General Meeting**

Minutes and/or recordings of the 21st AGM proceedings are posted on the Company's website within 30 days from the AGM.

#### **Statement on Compliance**

The Board will continue to strive for sound standards of corporate governance throughout the Group. Presently, the Board is of the view that the Company has, in all material aspects, satisfactorily complied with the principles and practices set out in the MCCG, except for the departures set out in the Corporate Governance Report.

The Corporate Governance Overview Statement is issued in accordance with a resolution of the Board of Directors dated 29 April 2025.

#### STATEMENT OF DIRECTORS' RESPONSIBILITY

The Directors are required by law to prepare annual financial statements for the Group and the Company which present a true and fair view of the state of affairs of the Group and of the Company as at the end of the financial year, and of the results and cash flows, and changes in equity of the Group and of the Company for the financial year.

In preparing the financial statements of the Group and of the Company for the financial year ended 31 December 2024, the Directors ensured that:

- The financial statements complied with the Malaysian Financial Reporting Standards ("MFRSs"), IFRS Accounting Standards, the Companies Act 2016 ("the Act") and the Main Market Listing Requirements of Bursa Securities Malaysia Berhad ("MMLR")
- Appropriate accounting policies are used and consistently applied
- The going concern basis used in the preparation of the financial statements are appropriate
- Where judgements and estimates are made, they are reasonable and prudent

The Directors are responsible to ensure that the Group and the Company keep accounting records which disclose with reasonable accuracy the financial position of the Group and of the Company, enabling them to ensure that the financial statements comply with MFRSs, IFRS Accounting Standards, the Act and MMLR.

The Directors are responsible for taking such steps as are reasonably available to them to safeguard the assets of the Group and of the Company, and to detect and prevent fraud and other irregularities.

This statement was approved by the Board of Directors on 29 April 2025.

#### INTRODUCTION

This Statement on Risk Management and Internal Control ("**the Statement**") is prepared pursuant to paragraph 15.26(b) of the Main Market Listing Requirements of Bursa Malaysia Securities Berhad ("**Bursa Securities**") ("**MMLR**") and guided by the Statement on Risk Management and Internal Control: Guidelines for Directors of Listed Issuers ("**Guidelines**") and the Malaysian Code on Corporate Governance 2021 ("**MCCG**").

#### **BOARD RESPONSIBILITY**

The Board of Directors ("the Board") of Eonmetall Group Berhad ("Eonmetall" or "the Company") is committed to maintain a sound system of risk management and internal control throughout the Company and its subsidiaries ("the Group").

The Board acknowledges the importance of sound risk management and internal control being embedded into the culture, processes and structures of the Group. The systems of internal control cover risk management as well as financial, organisational, operational, project and compliance controls. The Board affirms its overall responsibility for the Group's systems of internal control and risk management and for reviewing the effectiveness and efficiency of these systems to ensure its viability and robustness. It should be noted, however, that such systems are designed to manage, rather than eliminate, risks of failure to achieve corporate objectives. Inherently, it can only provide reasonable and not absolute assurance against material misstatement or loss.

The Board is guided by Practices 10.1 and 10.2 of the MCCG which calls for the establishment of an effective risk management and internal control framework to be implemented across the Group. The Group has established an ongoing process (as illustrated) for identifying, evaluating, monitoring and managing significant risks faced, or potentially exposed to, by the Group in pursuing its corporate objectives. This process has been in place throughout the financial year and up to the date of approval of the annual report. The adequacy and effectiveness of this process have been continually reviewed by the Board and are in accordance with the Internal Control Guidelines.

#### **MANAGEMENT'S ROLE**

Management is accountable to the Board for the implementation of the processes in identifying, evaluating, monitoring and reporting of risks and internal control. The Board has received assurance from the Managing Director&Chief Executive Officer ("**ED&COO**") and Executive Director&Chief Operating Officer ("**ED&COO**") that the Group's risk management and internal control systems have been operating adequately and effectively, in all material aspects, during the financial year under review and up to the date of this Statement.

#### **CONTROL STRUCTURE AND ENVIRONMENT**

In furtherance to the Board's commitment to maintain sound systems of risk management and internal control, the Board continues to maintain and implement a strong structure and environment for the proper conduct of the Group's business operations as follows:

- The Audit Committee and the Board meet at least quarterly and has set a schedule of matters which is required to be brought to its attention for discussion, thus ensuring that it maintains full and effective supervision over appropriate controls. The MD&CEO leads the presentation of board papers and provides explanation of pertinent issues. In addition, the Board is kept updated on the Group's activities and its operations on a regular basis.
- An organisation structure with well-defined scopes of responsibility, clear lines of accountability, and appropriate levels of delegated authority.
- A process of hierarchical reporting which provides for a documented and auditable trail of accountability.
- A set of documented internal policies and procedures for operational and human resource management, which is subject to regular review and improvement. A documented delegation of authority with clear lines of accountability and responsibility serves as a tool of reference in identifying the approving authority for various transactions including matters that require the Board's approval.
- Regular and relevant information provided to management, covering financial and operational performance and key business indicators, for effective monitoring and decision making.

#### **CONTROL STRUCTURE AND ENVIRONMENT (Cont'd)**

- An Enterprise Resource Planning (ERP) system in place for effective control of information and to ease the management of business activities in relation to accounting, project and supply chain management.
- Adopted and Implemented Whistle Blower Policy and Anti-Bribery & Corruption Policy ("**ABC Policy**") within the Group. The Whistle Blower Policy outlines the mechanism and framework by which employees or any third parties can confidently raise concerns or complaints in a responsible manner without the fear of discriminatory treatment. The latter sets out procedures designed to prevent situations in which bribery and corrupt practices may take root. Copies of the said policies are published on the corporate official website at www.eonmetall.com. Trainings are rolled out as part of induction program for new recruits during the financial year under review as required under the ABC Policy.

#### **RISK MANAGEMENT**

The Group has established sound risk management practices to safeguard the Group's business interest from risk events that may impede the achievement of business strategy, enable value creation and growth through identification of opportunities and provide assurance to the Groups' various stakeholders.

The Group, has implemented Enterprise Risk Management ("**ERM**") processes to identify, assess, monitor, report and mitigate risks impacting the Group's business and supporting activities.

The main components of the Group's risk governance and structure consists of the Board, the Audit Committee and the Management. The structure allows for strategic risk discussions to take place between the Board, the Audit Committee and the Management on a periodical basis. The summary of the accountabilities for the Board, the Audit Committee and the Management under the risk governance structure are as follows:

#### a. Board of Directors

- Overall risk oversight responsibility.
- Ensures that principal risks are identified, and appropriate as well as robust systems are implemented to manage these risks.
- Reviews, through the Audit Committee, the adequacy and the integrity of the Group's internal control systems and risk management and information systems, including systems for compliance with applicable laws, regulations, rules, directives and guidelines.

#### b. Audit Committee

- Reviews and endorses policies and frameworks and other key components of risk management for implementation within the Group.
- Reviews risk reports.
- Reviews and endorses the corporate risk profile for the Group, and the progress of ongoing risk management activities to identify, evaluate, monitor and manage critical risks.

#### c. Management Committee

- Oversees the effective implementation of risk policies and guidelines, ERM and cultivation of risk management culture within the organisation.
- Regularly reviews and monitors the Group's principal risks and their mitigation actions, updating the Audit Committee, which then informs to the Board on exception basis.

The Group has engaged JWC Consulting Sdn Bhd ("**JWC**"), an independent professional firm to assist the Group in its risk management efforts. During the financial year ended ("**FYE2024**"), 3 new risks relating to inventory, sales and purchasing were identified as having a significant impact on the Group's businesses. Following assessment of the likelihood and impact of these risks, appropriate mitigation actions have been identified and implemented.

| Risk aspects   | Mitigation action   |
|----------------|---|
| Inventory risk | To ensure that the machines are tagged and movements between premises are properly recorded and approved. |
| Sales risk     | Develop strategies to increase the Group's market share   |
| Purchase risk  | An authorisation process is in place to add new suppliers   |

#### **RISK MANAGEMENT (Cont'd)**

In essence, risk management is conducted through an ongoing process between the Board, the Management and employees within the Group. The Group believes that the risk management framework and guidelines adopted and implemented have strengthened the risk ownership and risk management culture amongst management and the employees.

The Board is cognizant of the T.R.U.S.T. principles set out in the Guidelines on Adequate Procedures in accordance with Section 17A of the Malaysian Anti-Corruption Commission (Amendment) Act 2018. In this regard, further to the adoption of the ABC Policy, the Board has incorporated corruption risk into the Group's risk register.

#### INTERNAL AUDIT FUNCTION

The Board acknowledges the importance of the internal audit function. The Group has outsourced its internal audit function to an independent professional consulting firm, JWC. The internal auditors reports directly to the Audit Committee and internal audit reports are presented to the Audit Committee at least twice a year for review and discussion at their meetings and onward reporting to the Board for notation. The presence of the internal audit function has provided the Audit Committee and the Board independent assurance as to the effectiveness of the operations and validity of the Group's internal control and risk management system.

The internal audit adopts a risk-based approach to develop its audit plan which addresses all the core auditable areas of the Group based on risk profiles. Scheduled internal audits are carried out by the internal auditors based on the audit plan presented to and approved by the Audit Committee. The audit focuses on areas with high risk and inadequate controls to ensure that an adequate action plan has been put in place to improve the controls.

For those areas with high risk and adequate controls, the audit ascertains that the risks are effectively mitigated by the controls.

The internal auditor continues to independently and objectively monitor compliance with regards to policies and procedures, and the effectiveness of the internal controls and risk management systems. Significant findings and recommendations for improvement are highlighted to Management and the Audit Committee, with periodic follow-up on the implementation of action plans. The Management is responsible for ensuring that corrective actions are implemented accordingly.

#### **Weakness in Internal Controls**

Based on the internal auditors' reports for FYE2024, there is a reasonable assurance that the Group's systems of internal control and risk management are generally adequate and appear to be working satisfactorily. A number of minor internal control weaknesses were identified during FYE2024, all of which had been, or are being addressed. None of the weaknesses have resulted in any material losses, contingencies or uncertainties that would require disclosure in this Annual Report.

The Board continues to review and implement measures to strengthen the internal control and risk management environment of the Group.

#### The Board's Conclusion

The Board is pleased to report that the state of the Group's risk management and internal control framework able to meet the Group's objective to ensure good corporate governance. For the year under review, there was no potential or present failure or weakness that would have material adverse effect on the results of the Group.

The Board has also received assurance from the MD&CEO and ED&COO that the Group's risk management and internal control framework is operating adequately and effectively in all material aspects. Continuous focus on measures to protect and enhance shareholder value and business sustainability will remain a core practice for the Group.

#### **Review of this Statement by External Auditors**

The external auditor has reviewed this Statement on Risk Management and Internal Control as required under Paragraph 15.23 of MMLR of Bursa Securities. The limited assurance review was performed in accordance with Malaysian Approved Standard on Assurance Engagements, ISAE 3000 (Revised) Assurance Engagements Other than Audits or Reviews of Historical Financial Information other than Audits or Reviews of Historical Financial Information and Audit Assurance Practice Guide 3 ("AAPG 3") Guidance for Auditors on Engagements to Report on the Statement on Risk Management and Internal Control Included in the Annual Report. AAPG 3 does not require the external auditors to form an opinion on the adequacy and effectiveness of the risk management and internal control systems of the Group.

Based on their procedures performed, the external auditors have reported to the Board that nothing has come to their attention which causes them to believe that this Statement is not prepared, in all material respects, in accordance with the disclosures required by paragraph 41 and 42 of the Statement on Risk Management and Internal Control: Guidelines for Directors of Listed Issuers, nor is factually inaccurate.

This Statement is issued in accordance with a resolution of the Directors dated 29 April 2025.

#### **AUDIT COMMITTEE REPORT**

#### **Objectives**

The primary function of the Audit Committee of Eonmetall Group Berhad ("**Eonmetall**" or "**the Company**") is to assist the Board of Directors in fulfilling the following oversight objectives of the Group activities:

| Dato' Wahab Bin Hamid   Member (Independent Non-Executive Director) (1)            | 4/4        |

#### Note:

(1) Tang Yin Kham and Dato' Wahab Bin Hamid retired as the members of Audit Committee on 3 January 2025.

The meetings were appropriately structured through the use of agendas and relevant board materials, which were distributed to Audit Committee with sufficient notification. The Company Secretary and/or her representatives were in attendance at all meetings. Executive Directors and representatives of the external and internal auditors were also invited to attend the meetings as and when the need arises.

The minutes of each meeting were reported and tabled for confirmation at its following meeting and subsequently presented to the Board for notation. The Audit Committee Chairman reports to the Board on the activities undertaken and the key recommendations for the Board's consideration and decisions.

The Audit Committee also arranged to meet and discuss with the external and internal auditors on any matters relating to the Group and its audit activities. During the financial year under review, the Audit Committee met twice (2) with the external auditor separately without the presence of executive Board members and management to discuss the audit findings and any other observations that they may have during the audit process.

#### **AUDIT COMMITTEE REPORT**

#### Summary of Activities Undertaken during the Financial Year

The Audit Committee carried out its duties in accordance with its TOR and key activities undertaken during the financial year under review were as follows:

#### **Financial Reporting**

- (a) Reviewed the quarterly unaudited financial results and annual audited financial statements of the Group, with particular focus on the implementation of major changes in accounting policies, significant and unusual events and compliance with the provision of the Companies Act 2016, MMLR and applicable accounting standards approved by the Malaysian Accounting Standards Board before recommending the same to the Board for approval; and
- b) Reviewed relevant issues which have or could have significant impact on the results of the Group such as receivables, inventory management, investment, divestments, bank borrowings and strategic operations of subsidiaries.

#### **External Audit**

- (a) Discussed with external auditors on their audit plan outlining their scope of work, areas of audit emphasis, possible key audit matters, updates on financial reporting, audit timeline, deliverables and proposed audit fees;
- (b) Met twice with the external auditors without the presence of Executive Director and Management to discuss issues of concern by the auditors arising from their interim and final audits and any other observations that they may have during the audit process and, arising therefrom, instructing Management to take needful remedial actions;
- (c) Reviewed with the external auditors, the findings and results of the audit, significant audit/accounting issues, including the management's response and comments; and
- (d) Reviewed and evaluated the performance and effectiveness of the external auditors. The Audit Committee was satisfied with the external auditors' performance and made its recommendations to the Board on their reappointment as auditors at the forthcoming annual general meeting.

#### **Internal Audit and Risk Management**

- (a) Reviewed the internal audit reports prepared by an independent professional consulting firm. The Audit Committee noted the audit recommendations made and Management's response, including the implementation progress and status as agreed by management; on actions to address findings highlighted in previous internal audit cycles;
- (b) Reviewed and approved the Internal Audit Plan to ensure the adequacy of the scope and comprehensive coverage of the activities of the Group based on risk assessment;
- (c) Reviewed any major proposed transaction that would affect the risk management framework; and
- (d) Considered the proposal received for the assessment of current state of the Risk Management Framework adopted by the Group, identify the principal risks and update the existing risk register of the Group.

#### **Corporate Governance**

- (a) Reviewed the relevant regulatory changes and ensure compliance by the Group and the Company;
- (b) Reviewed, periodically, any related party transactions and recurrent related party transactions of a revenue or trading nature ("RRPT") on scope, threshold, limit of shareholders' mandate and any conflict-of-interest situation that might arise from the aforesaid transactions as reported by Management and report to the Board accordingly;
- (c) Reviewed and recommended action plans to resolve potential conflict of interest (COI) situations, reporting to the Board on a quarterly basis. Except for Goh Hong Kent, none of the Directors or Key Senior Management have any COI or potential COI with the Company or its subsidiaries. Goh Hong Kent declared a potential COI arising from a prospective tenancy between a subsidiary and himself. After review, the Audit Committee concluded that this potential COI would constitute a Related Party Transaction (RRPT) and would be managed accordingly;
- (d) Reviewed the circular to the shareholders on RRPT of a revenue or trading nature;
- (e) Reviewed non-audit fees paid/payable to the external auditors and its affiliated firms before recommending the same to the Board for approval; and
- (f) Reviewed and approved/recommended, where applicable, the Audit Committee Report, Statement on Risk Management and Internal Control for Board's approval before inclusion into the Annual Report 2024.

#### **AUDIT COMMITTEE REPORT**

#### Internal audit function

The Board acknowledges the need for an effective system of internal control and risk management covering all aspects of the Group's activities including the mapping and management of risks which the Group may exposed. The principal role of the internal audit function is to undertake independent and periodic reviews of the system of internal controls so as to provide reasonable assurance that such system continues to operate satisfactorily and effectively.

The Group has appointed an independent professional consulting firm to carry out internal audit reviews on the Group. This is to assist the Audit Committee in discharging its duties and responsibilities.

It is the responsibility of the internal audit function to provide the Audit Committee with independent and objective reports on the state of internal controls of the key business units within the Group and the extent of compliance of the units with the Group's established policies and procedures as well as relevant statutory requirements.

During the financial year under review, the internal audit auditors had conducted audit reviews on the Sales and marketing, Procurement, Conversion and production and Inventory management based on the approved internal audit plan. Upon completion of their work, the internal auditors presented their findings and recommendations as well as the Management's responses and action plans to the Audit Committee for its review and deliberation. The internal auditors also conducted follow-up review to monitor the implementation of the management's action plans for reporting to the Audit Committee.

Additionally, the Group, with the help of internal auditors, has implemented the Enterprise Risk Management processes to identify, assess, monitor, report and mitigate risks impacting the Group's businesses, operations and supporting activities.

Further information on the internal audit functions and its activities are set out in the Statement on Risk Management and Internal Control in the Annual Report 2024.

The cost incurred for the internal audit function of the Group in respect of FYE2024 was RM36,000.

This Audit Committee Report is issued in accordance with a resolution dated 29 April 2025.

#### OTHER STATUTORY INFORMATION REGARDING THE GROUP AND THE COMPANY

#### (I) AS AT THE END OF THE FINANCIAL YEAR

- (a) Before the financial statements of the Group and of the Company were prepared, the Directors took reasonable steps:
  - (i) to ascertain that proper action had been taken in relation to the writing off of bad debts and the making of provision for doubtful debts and had satisfied themselves that all known bad debts had been written off and that adequate provision had been made for doubtful debts; and
  - (ii) to ensure that any current assets other than debts, which were unlikely to realise their book values in the ordinary course of business had been written down to their estimated realisable values.
- (b) In the opinion of the Directors, the results of operations of the Group and of the Company during the financial year have not been substantially affected by any item, transaction or event of a material and unusual nature except for the effects arising from:
  - (i) net impairment losses on trade and other receivables of the Group of RM4,346,398;
  - (ii) impairment losses on property, plant and equipment of the Group of RM2,048,061;
  - (iii) property, plant and equipment written off of the Group of RM6,244,997;
  - (iv) gain on disposal of property, plant and equipment of the Group of RM28,004,992; and
  - (v) reversal of impairment losses on cost of investments in subsidiaries of the Company of RM7,223,000.

#### (II) FROM THE END OF THE FINANCIAL YEAR TO THE DATE OF THIS REPORT

- (c) The Directors are not aware of any circumstances:
  - (i) which would render the amount written off for bad debts or the amount of the provision for doubtful debts in the financial statements of the Group and of the Company inadequate to any material extent;
  - (ii) which would render the values attributed to current assets in the financial statements of the Group and of the Company misleading; and
  - (iii) which have arisen which would render adherence to the existing method of valuation of assets or liabilities of the Group and of the Company misleading or inappropriate.
- (d) In the opinion of the Directors:
  - (i) there has not arisen any item, transaction or event of a material and unusual nature likely to affect substantially the results of the operations of the Group and of the Company for the financial year in which this report is made; and
  - (ii) no contingent or other liability has become enforceable, or is likely to become enforceable, within the period of twelve (12) months after the end of the financial year which would or may affect the ability of the Group or of the Company to meet their obligations as and when they fall due.

#### OTHER STATUTORY INFORMATION REGARDING THE GROUP AND THE COMPANY (Cont'd)

#### (III) AS AT THE DATE OF THIS REPORT

- (e) There are no charges on the assets of the Group and of the Company which have arisen since the end of the financial year to secure the liabilities of any other person.
- (f) There are no contingent liabilities of the Group and of the Company which have arisen since the end of the financial year.
- (g) The Directors are not aware of any circumstances not otherwise dealt with in this report or the financial statements which would render any amount stated in the financial statements of the Group and of the Company misleading.

Subscribed and solemnly declared by the abovenamed at Georgetown in the State of Penang this 29 April 2025

**Goh Hong Kent** 

Before me,

Commissioner for Oaths

### INDEPENDENT AUDITORS' REPORT TO THE MEMBERS OF EONMETALL GROUP BERHAD

### **Report on the Audit of the Financial Statements**

### **Opinion**

We have audited the financial statements of Eonmetall Group Berhad, which comprise the statements of financial position as at 31 December 2024 of the Group and of the Company, and the statements of profit or loss and other comprehensive income, statements of changes in equity and statements of cash flows of the Group and of the Company for the financial year then ended and notes to the financial statements, including material accounting policy information, as set out on pages 78 to 156.

In our opinion, the accompanying financial statements give a true and fair view of the financial position of the Group and of the Company as at 31 December 2024, and of their financial performance and their cash flows for the financial year then ended in accordance with Malaysian Financial Reporting Standards ('MFRSs'), IFRS Accounting Standards and the requirements of the Companies Act 2016 in Malaysia.

### **Basis for Opinion**

We conducted our audit in accordance with approved standards on auditing in Malaysia and International Standards on Auditing ('ISAs'). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Independence and Other Ethical Responsibilities

We are independent of the Group and of the Company in accordance with the *By-Laws* (on *Professional Ethics, Conduct and Practice*) of the Malaysian Institute of Accountants ('By-Laws') and the International Ethics Standards Board for Accountants' *International Code of Ethics for Professional Accountants* (including International Independence Standards) ('IESBA Code'), and we have fulfilled our other ethical responsibilities in accordance with the By-Laws and the IESBA Code.

### **Key Audit Matters**

Key audit matters are those matters that, in our professional judgement, were of most significance in our audit of the financial statements of the Group and of the Company for the current year. These matters were addressed in the context of our audit of the financial statements of the Group and of the Company as a whole, in forming our opinion thereon, and we do not provide a separate opinion on these matters.

### Key Audit Matters of the Group

Recoverability of trade receivables

As at 31 December 2024, the Group had trade receivables amounted to RM38,369,903 which were net of impairment losses of RM17,531,296. The details of trade receivables and their credit risks have been disclosed in Note 11 and Note 33(a) to the financial statements respectively.

We determined this to be a key audit matter because it requires management to exercise significant judgement in determining the probability of default by trade receivables, appropriate forward-looking information, significant increase in credit risk and estimated cash flows recoverable in worst-case scenarios.

### Audit response

Our audit procedures included the following:

- a. recomputed the probability of default using historical data and forward-looking information adjustment applied by the Group;
- b. recomputed the correlation coefficient between the macroeconomic indicators used by the Group and historical credit losses to determine the appropriateness of the forward-looking information used by the Group;
- c. inquired of management to assess the rationale underlying the relationship between the forward-looking information and expected credit losses;

### **Key Audit Matters (Cont'd)**

Key Audit Matters of the Group (Cont'd)

Recoverability of trade receivables (Cont'd)

### Audit response (Cont'd)

Our audit procedures included the following: (Cont'd)

- d. assessed the appropriateness of the indicators of significant increase in credit risk applied by the management and the resultant basis for classification of balances into respective stages; and
- e. evaluated the basis applied by management for determining cash flows recoverable in worst-case scenarios.

We have determined that there are no key audit matters to communicate in our report in respect of the audit of the financial statements of the Company.

### Information Other than the Financial Statements and Auditors' Report Thereon

The Directors of the Company are responsible for the other information. The other information comprises the information included in the annual report, but does not include the financial statements of the Group and of the Company and our auditors' report thereon.

Our opinion on the financial statements of the Group and of the Company does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements of the Group and of the Company, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements of the Group and of the Company or our knowledge obtained in the audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

### Responsibilities of the Directors for the Financial Statements

The Directors of the Company are responsible for the preparation of financial statements of the Group and of the Company that give a true and fair view in accordance with MFRSs, IFRS Accounting Standards and the requirements of the Companies Act 2016 in Malaysia. The Directors are also responsible for such internal control as the Directors determine is necessary to enable the preparation of financial statements of the Group and of the Company that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements of the Group and of the Company, the Directors are responsible for assessing the ability of the Group and of the Company to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Directors either intend to liquidate the Group or the Company or to cease operations, or have no realistic alternative but to do so.

### Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements of the Group and of the Company as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with approved standards on auditing in Malaysia and ISAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with approved standards on auditing in Malaysia and ISAs, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

(a) Identify and assess the risks of material misstatement of the financial statements of the Group and of the Company, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

### INDEPENDENT AUDITORS' REPORT TO THE MEMBERS OF EONMETALL GROUP BERHAD

### Auditors' Responsibilities for the Audit of the Financial Statements (Cont'd)

As part of an audit in accordance with approved standards on auditing in Malaysia and ISAs, we exercise professional judgement and maintain professional scepticism throughout the audit. We also: (Cont'd)

- (b) Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the internal control of the Group and of the Company.
- (c) Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Directors.
- (d) Conclude on the appropriateness of the Directors' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability of the Group or of the Company to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the financial statements of the Group and of the Company or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Group or the Company to cease to continue as a going concern.
- (e) Evaluate the overall presentation, structure and content of the financial statements of the Group and of the Company, including the disclosures, and whether the financial statements of the Group and of the Company represent the underlying transactions and events in a manner that achieves fair presentation.
- (f) Plan and perform the group audit to obtain sufficient appropriate audit evidence regarding the financial information of the entities or business units within the Group as a basis for forming an opinion on the financial statements of the Group. We are responsible for the direction, supervision and review of the audit work performed for purposes of the group audit. We remain solely responsible for our audit opinion.

We communicate with the Directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide the Directors with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, actions taken to eliminate threats or safeguards applied.

From the matters communicated with the Directors, we determine those matters that were of most significance in the audit of the financial statements of the Group and of the Company for the current year and are therefore the key audit matters. We describe these matters in our auditors' report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

### **Report on Other Legal and Regulatory Requirements**

In accordance with the requirements of the Companies Act 2016 in Malaysia, we report that the subsidiaries of which we have not acted as auditors, are disclosed in Note 7 to the financial statements.

This report is made solely to the members of the Company, as a body, in accordance with Section 266 of the Companies Act 2016 in Malaysia and for no other purpose. We do not assume responsibility to any other person for the content of this report.

### 1. CORPORATE INFORMATION

Eonmetall Group Berhad ('the Company') is a public limited liability company, incorporated and domiciled in Malaysia, and is listed on the Main Market of Bursa Malaysia Securities Berhad.

The registered office of the Company is located at 170-09-01, Livingston Tower, Jalan Argyll, 10050 George Town, Penang.

The principal places of business of the Company are located at Lot 1258 & 1259, MK 12, Jalan Seruling, Kawasan Perusahaan Valdor, 14200 Sungai Bakap, Penang and Lot 387, MK 12, Kawasan Perusahaan Valdor, 14200 Sungai Bakap, Penang.

The consolidated financial statements for the financial year ended 31 December 2024 comprise the financial statements of the Company and its subsidiaries and the interests of the Group in associates. These financial statements are presented in Ringgit Malaysia ('RM'), which is also the functional currency of the Company.

The financial statements were authorised for issue in accordance with a resolution by the Board of Directors on 29 April 2025.

### 2. PRINCIPAL ACTIVITIES

The Company is principally engaged as an investment holding company. The principal activities of the subsidiaries are mainly involved in manufacturing and sales of metalwork, industrial process machinery and equipment, steel products, steel racking system and storage solutions, palm oil related products, provider of IT solutions including software development to related company, property and investment holding, operation of Palm Fibre Oil Extraction ('PFOE') plants, growing and wholesale of vegetables and agriculture machinery, equipment and supplies, and production of bio-coal and technical services. Further details of the subsidiaries are set out in Note 7 to the financial statements.

There have been no significant changes in the nature of the activities of the Company and its subsidiaries during the financial year.

### 3. BASIS OF PREPARATION

The financial statements of the Group and of the Company have been prepared in accordance with Malaysian Financial Reporting Standards ('MFRSs'), IFRS Accounting Standards and the provisions of the Companies Act 2016 in Malaysia.

The accounting policies adopted are consistent with those of the previous financial year except for the effects of adoption of new MFRSs during the financial year. The new MFRSs and Amendments to MFRSs adopted during the financial year are disclosed in Note 35.1 to the financial statements.

The financial statements of the Group and of the Company have been prepared under the historical cost convention except as otherwise stated in the financial statements.

The preparation of financial statements in conformity with MFRSs requires the Directors to make estimates and assumptions that affect the reported amounts of assets, liabilities, revenue and expenses and disclosure of contingent assets and contingent liabilities. In addition, the Directors are also required to exercise their judgement in the process of applying the accounting policies. The areas involving such judgements, estimates and assumptions are disclosed in respective notes to the financial statements. Although these estimates and assumptions are based on the Directors' best knowledge of events and actions, actual results could differ from those estimates.

31 DECEMBER 2024

# 4. OPERATING SEGMENTS

The Group has three reportable segments, as described below, which are the Group's strategic business units. The strategic business units offer different products and services, and are managed separately because they require different technology and marketing strategies. For each of the strategic business units, the Group's Managing Director (the chief operating decision maker) reviews internal management reports at least on a quarterly basis.

The accounting policies of operating segments are the same as those described in the respective notes to the financial statements.

Inter-segment revenue is priced along the same lines as sales to external customers and is eliminated in the consolidated financial statements. These policies have been applied consistently throughout the current and previous financial years.

Segment assets exclude tax asset, assets used primarily for corporate purpose and items that cannot be reasonably allocated to individual segment.

Segment liabilities exclude tax liabilities.

### 4. OPERATING SEGMENTS (Cont'd)

The following summary describes the operations in each of the Group's reportable segments:

- (i) Segment 1 includes manufacture and sale of metalwork machinery and other industrial process machinery and equipment
- (ii) Segment 2 includes manufacture and sale as well as trading of steel product
- (iii) Segment 3 property and investment holding and others

There are varying levels of integration between reportable segments, the machinery and equipment and steel product segments. This integration includes manufacture and sale of machinery and shared distribution services. Inter-segment pricing is determined on negotiated basis.

Performance is measured based on segment operating profit as included in the internal management reports that are reviewed by the Group's Managing Director (the chief operating decision maker). Segment profit is used to measure performance as management believes that such information is the most relevant in evaluating the results of certain segments relative to other entities that operate within these industries. Management monitors the operating results of its business units separately for the purpose of making decision about resource allocation and performance assessment.

### 5. PROPERTY, PLANT AND EQUIPMENT (Cont'd)

(a) All items of property, plant and equipment are initially measured at cost. Cost includes expenditure that is directly attributable to the acquisition of the asset. After initial recognition, property, plant and equipment except for freehold land and buildings are stated at cost less accumulated depreciation and any accumulated impairment losses. Freehold land and buildings are stated at valuation, which is the fair value at the date of revaluation less subsequent accumulated depreciation.

Freehold land and buildings are revalued at least every three (3) to five (5) years to ensure that the carrying amount does not differ materially from that which would be determined using fair value at the end of each reporting period. The surplus arising from such revaluations is credited to shareholders' equity as a revaluation reserve, net of deferred tax and any subsequent deficit is offset against such surplus to the extent of a previous increase for the same property. In all other cases, the deficit would be charged to profit or loss. For a revaluation increase subsequent to a revaluation deficit of the same asset, the surplus is recognised as income to the extent that it reverses the deficit previously recognised as an expense with the balance of increase credited to revaluation reserve.

(b) Depreciation is calculated to write down the cost or valuation of the assets to their residual values on a straight line basis over their estimated useful lives. The principal depreciation periods and annual rates are as follows:

| Buildings   | 30 - 38 years |
|---|---------------|
| Plant and machinery, moulds, tools and equipment            | 2% - 10%      |
| Furniture, fittings, office equipment and computer software | 10% - 20%     |
| Motor vehicles  | 10% - 20%     |
| Electrical installation and renovation                      | 10%           |

- (c) Freehold land has unlimited useful life and is not depreciated. Capital work-in-progress represents machineries and building improvements in progress and is stated at cost. Capital work-in-progress is not depreciated until such time when the asset is available for use.
- (d) Freehold land and buildings were last revalued on 21 June 2024.

Had the revalued assets been carried at cost less accumulated depreciation, the carrying amounts would have been:

### 5. PROPERTY, PLANT AND EQUIPMENT (Cont'd)

- (e) The fair value of freehold land and buildings (at valuation) of the Group are categorised as Level 3 in the fair value hierarchy.
  - (i) Level 3 fair value of freehold land and buildings (at valuation) was determined by an external and independent property valuer, having appropriate recognised professional qualifications and recent experience in the location and category of property being valued. The fair value of freehold land and buildings was derived using comparison/cost method.

The comparison/cost method of valuation entails separate valuations of the land and buildings to arrive at the market value of the subject property. The land is valued by reference to transactions of similar lands in close proximity with adjustments made for differences in location, size and shape of the land, if any other relevant characteristics. Completed buildings are valued by reference to the current estimates on construction costs to erect equivalent buildings, taking into consideration of similar accommodation in term of building differences, improvements and amenities, time element and other relevant characteristics. Appropriate adjustments are then made for the factors of obsolescence, optimisation and existing physical condition of the buildings. The estimated fair value would increase if the yield adjustments based on management's assumptions were higher and vice versa.

- (ii) The fair value measurements of the freehold land and buildings (at valuation) are based on the highest and best use which does not differ from their actual use.
- (iii) The following table shows a reconciliation of balances of property, plant and equipment whose fair values have been classified in Level 3 of the fair value hierarchy:

| Group  | 2024<br>RM  | 2023<br>RM  |

- (a) The Group leases leasehold land, factory, hostels and motor vehicle in the location which it operates. The leases comprise only fixed payments over the lease terms.
- (b) Right-of-use assets are initially measured at cost, which comprise the initial amount of the lease liabilities adjusted for any lease payments made at or before the commencement date of the leases. After initial recognition, right-of-use assets are stated at cost less accumulated depreciation and any accumulated impairment losses, and adjusted for any remeasurement of the lease liabilities.
- (c) Right-of-use assets are depreciated on the straight-line basis over the earlier of the estimated useful lives of the right-of-use assets or the lease term. The lease terms of right-of-use assets are as follows:

| Leasehold land | 10 years    |
|----------------|-------------|
| Factory        | 2 years     |
| Hostels        | 2 - 3 years |
| Motor vehicle  | 5 years     |

- (d) The Group has certain lease of assets with lease term of twelve (12) months or less. The Group applies the 'short-term lease' exemptions for these leases.
- (e) The following are amounts recognised in profit or loss:

#### 7. INVESTMENTS IN SUBSIDIARIES (Cont'd)

During the financial year, the Company reassessed the nature of amount owing by a subsidiary and determined that the outstanding balance of RM45,422,942 constitutes equity loans to a subsidiary. This equity loan is unsecured, interest-bearing and settlement is neither planned nor likely to occur in the foreseeable future, and are considered to be part of the net investment of the Company in providing the subsidiary with a long term source of additional capital.

(a) Investments in subsidiaries, which are eliminated on consolidation, are stated in the separate financial statements of the Company at cost less impairment losses, if any. On disposal of such investments, the difference between net disposal proceeds and their carrying amounts is included in profit or loss.

All components of non-controlling interests shall be initially measured at fair value on the acquisition date, unless another measurement basis is required by MFRS. The choice of the measurement basis is made on a combination-by-combination basis. Subsequent to initial recognition, the carrying amount of the non-controlling interests is the amount of those interests at initial recognition plus the non-controlling interests' share of subsequent changes in equity.

(b) Management reviews the investments in subsidiaries for impairment when there is an indication of impairment. Recoverable amounts of the investments in subsidiaries are assessed by reference to the fair value less cost to sell of the underlying assets or the value-in-use of the respective subsidiaries. Value-in-use is the net present value of the projected future cash flows derived from business operations of the respective subsidiaries discounted at an appropriate pre-tax discount rate. This discounted cash flows method involves the use of estimated future results and a set of assumptions to support their income and cash flows. Significant judgement was used to determine the key assumptions applied to the cash flow projections, which includes the growth rates and the appropriate pre-tax discount rates used for each of the subsidiary. Impairment losses are made when the carrying amount of the investments in subsidiaries exceed its recoverable amount.

During the financial year, the Company recognised a reversal of impairment loss of RM7,223,000 in respect of cost of investment in a subsidiary as the recoverable amount determined based on fair value less costs of disposal ("FVLCD") exceeded its carrying amount. The net assets of the subsidiary is used as a proxy for the recoverable amount based on FVLCD, which is categorised as level 3 in the fair value hierarchy.

In the previous financial year, impairment loss of RM7,978,758 was recognised to bring the carrying amount to their recoverable amount due to the decline in operations of certain subsidiaries of the Company.

(c) Impairment for equity loan and contributions to subsidiaries is recognised based on the general approach within MFRS 9 using the forward looking expected credit loss model as disclosed in Note 11(g) to the financial statements.

Movement in impairment losses of equity loan and contributions to subsidiaries are as follows:

|  | (43,792,446) | (24,684,060) |

Deferred tax assets of certain subsidiaries have not been recognised in respect of these items as it is not probable that taxable profits of the subsidiaries would be available against which the deductible temporary differences could be utilised.

The amount and availability of these items to be carried forward up to the periods as disclosed above are subject to the agreement of the tax authority. Unabsorbed tax losses of the holding company and subsidiaries incorporated in Malaysia can be carried forward up to 10 consecutive years of assessment immediately following the year of assessment under the tax legislation of Inland Revenue Board.

- (a) Trade and other receivables excluding prepayments are classified as financial assets measured at amortised cost.
- (b) Trade receivables are non-interest bearing and the normal trade credit terms granted by the Group range from 30 to 120 days (2023: 30 to 120 days). They are recognised at their original invoice amounts which represent their fair values on initial recognition.
- (c) Non-trade portion of amounts owing by subsidiaries are unsecured, not payable within the next twelve (12) months and bear interest at a rate of 5.11% (2023: 5.48%) per annum.
- (d) Non-trade portion of amount owing by associate is unsecured, interest-free and payable within the next twelve (12) months.
- (e) Included in other receivables of the Group are advances to suppliers amounting to RM16,792,770 (2023: RM8,618,320) and remaining consideration receivable for disposal of a subsidiary amounting to RM6,749,292 (2023: RM8,126,262).

Included in prepayments of the Group are prepayment for construction in-progress amounting to RM19,886,599 (2023: RM13,016,744).

### (g) Recognition and measurement of impairment loss

Impairment for trade receivables and contract assets that do not contain a significant financing component are recognised based on the simplified approach using the lifetime expected credit losses ('ECL').

Lifetime ECL are the ECL that result from all possible default events over the expected life of the asset, while twelve (12)-month ECL are the portion of ECL that result from default events that are possible within the twelve (12) months after the reporting date. The maximum period considered when estimating ECL is the maximum contractual period over which the Group and the Company are exposed to credit risk.

The Group uses an allowance matrix to measure the ECL of trade receivables from monthly aging based on a common credit risk characteristic - industry.

During this process, the probability of non-payment by the trade receivables is adjusted by forward-looking information (exports of manufactured goods) and multiplied by the amount of the expected loss arising from default to determine the lifetime ECL for the trade receivables. For trade receivables, which are reported net, such impairments are recorded in a separate impairment account with the loss being recognised in the statements of profit or loss and other comprehensive income. On confirmation that the trade receivable would not be collectable, the gross carrying amount of the asset would be written off against the associated impairment.

Impairment of trade receivables are separately assessed under individual assessment when it is probable that cash due will not be received in full.

Significant judgement is required in determining the probability of default by trade receivables, appropriate forward-looking information and estimates cash flows recoverable in worst-case scenarios.

Lifetime expected loss provision for trade receivables are as follows:

|                    | Gross carrying |              | Net carrying |

Trade receivables are not secured by any collateral or credit enhancement.

During the financial year, the Group did not renegotiate the terms of any trade receivables.

Impairment for other receivables and intercompany balances are recognised based on the general approach of MFRS 9. The methodology used to determine the amount of the impairment is based on whether there has been a significant increase in credit risk since initial recognition of the financial asset by comparing the risk of default occurring over the expected life with the risk of default since initial recognition.

For balances in which the credit risk has not increased significantly since initial recognition of the financial asset, twelve (12)-month ECL along with gross interest income are recognised. For balances in which credit risk has increased significantly, lifetime ECL along with the gross interest income are recognised. For those that are determined to be credit-impaired, lifetime ECL along with interest income on a net basis are recognised.

The Group and the Company defined significant increase in credit risk based on payment trends and operational performance of other receivables, amounts owing by subsidiairies and amount owing by associate.

Credit-impaired refers to individually determined receivables who have defaulted on payments and are in significant financial difficulties as at the end of the reporting period.

The Group considers receivables to be in default when the receivables there is no reasonable expectation of recovery.

The probability of non-payment by other receivables and intercompany balances is adjusted by forward-looking information (exports of manufactured goods) and multiplied by the amount of the expected loss arising from default to determine the twelve (12)-month or lifetime ECL for other receivables.

Carrying amount of the financial asset is reduced through the use of an allowance for impairment loss account and the amount of the impairment loss is recognised in profit or loss. When a financial asset becomes uncollectible, it is written off against the allowance for impairment loss account.

| Total                    | 171,227,665 | 178,315,629 |

- (a) Inventories are stated at the lower of cost and net realisable value.
- (b) Cost is determined using the first-in, first-out formula. Cost comprises all costs of purchase, costs of conversion and other costs incurred in bringing the inventories to their present location and condition. Cost of work-in-progress and manufactured inventories included the cost of raw materials, direct labour, other direct cost and an appropriate portion of production overheads based on normal operating capacity of the production facilities.
- (c) During the financial year, the amount of inventories recognised as an expense in cost of sales of the Group was RM137,186,447 (2023: RM106,389,396). The Group has also written down inventories of RM14,014 (2023: RM83,289) to their net realisable value.

#### (a) Construction contracts

Construction contracts represent the timing differences in revenue recognition and the milestone billings. The milestone billings are structured and/or negotiated with customers to reflect physical completion of the contracts.

Contract assets are transferred to receivables when the rights to economic benefits become unconditional. This usually occurs when the Group issues billing to the customer.

There are no significant changes in the contract assets during the financial year.

(b) Revenue expected to be recognised in the future relating to performance obligations that are unsatisfied (or partially unsatisfied) at the end of the reporting period, are as follows:

|                  | 2024<br>RM | 2025<br>RM | Total<br>RM |

- (a) Borrowings are classified as financial liabilities measured at amortised cost.
- (b) Borrowings of the Group are secured by the following:
  - (i) fixed charges over freehold land and buildings of the Group as disclosed in Note 5(f) to the financial statements;
  - (ii) corporate guarantees of RM311,008,000 (2023: RM406,028,000) by the Company and subsidiaries of the Company; and
  - (iii) debt service reserve account of RM1,523,604 (2023: RM1,523,604) as disclosed in Note 14(b) to the financial statements.
- (c) All borrowings are denominated in Ringgit Malaysia.

31 DECEMBER 2024

#### 18. BORROWINGS (Cont'd)

(d) The carrying amounts of the current borrowings are reasonable approximation of the fair value due to insignificant impact of discounting.

The carrying amounts of the non-current borrowings are reasonable approximation of the fair values as they are floating rate instruments that are re-priced to market interest rates on or near the reporting date.

Fair value of the term loans of the Group for presentation purposes are categorised as Level 3 in the fair value hierarchy.

(e) Information on financial risks of borrowings is disclosed in Note 33 to the financial statements.

#### 19. FINANCIAL GUARANTEE CONTRACTS

- (a) The Company provides financial guarantees to banks for credit facilities granted to certain subsidiaries. The Company designates financial guarantees contract as financial liabilities as defined in MFRS 9 Financial Instruments.
- (b) Financial guarantee contracts issued are initially measured at fair value. Subsequently, they are measured at higher of:
  - (i) the amount of the loss allowance; and
  - (ii) the amount initially recognised less, when appropriate, the cumulative amount of income recognised in accordance to the principles of MFRS 15 Revenue from Contracts with Customers.
- (c) The fair value of financial guarantee is determined based on the present value of the different in cash flows between the contractual payments required under the debt instrument and the payments that would be required without the guarantee, or the estimated amount that would be payable to a third party for assuming the obligations.
- (d) Maturity profile of financial guarantee contracts of the Company at the end of each reporting period based on contractual undiscounted repayment obligation is repayable upon any default by the subsidiaries in respect of the guaranteed bank facilities.
- (e) The movements of the financial guarantee contracts are as follows:

|   |            | Company    |  |
|---|------------|------------|--|
|   | 2024<br>RM | 2023<br>RM |  |

- (a) Derivative liabilities are classified as financial liabilities measured at fair value through profit or loss.
- (b) The Group uses forward currency derivatives to manage some of the foreign transaction exposure. These derivatives are not designated as cash flow or fair value hedges and are entered into for period consistent with currency transaction exposure and fair value changes exposure. Such derivatives do not qualify for hedge accounting.
- (c) Derivative liabilities of the Group are categorised as Level 2 in the fair value hierarchy. There is no transfer between levels in the hierarchy during the financial year.
- (d) Fair value of a forward foreign currency contract is the amount that would be payable or receivable upon termination of the outstanding position arising and is determined by reference to the difference between contracted rate and the forward exchange rate as at the end of each reporting period applied to a contract of similar amount and maturity profile.
- (e) The fair value adjustments on derivative financial instruments are as follows:

### 21. REVENUE (Cont'd)

(a) Revenue from contracts with customers is disaggregated in Note 4 to the financial statements by geographical area.

#### (b) Sale of goods

Revenue from the sale of goods is recognised at a point in time when the Group satisfies a performance obligation by transferring a promised goods to a customer. An asset is transferred as and when the customer obtains control of that asset, which coincides with the delivery of goods and acceptance by customers.

There is no right of return and warranty provided to the customers on the sale of goods.

There is no significant financing component in the revenue arising from sale of goods as the sales are made on the normal credit terms not exceeding twelve (12) months.

#### (c) Construction contracts revenue

The Group recognised revenue from construction contracts over time if it creates an asset with no alternative use to the Group and the Group has an enforceable right to payment for performance completed to-date. Revenue is recognised over the period of the contract using the input method by reference to the cost incurred relative to the total expected cost for satisfaction of that performance obligation.

There is no significant financing component in the revenue arising from construction contracts as the contracts are on normal credit terms not exceeding twelve (12) months.

### 25. EMPLOYEE SHARE OPTIONS SCHEME ('ESOS') (Cont'd)

The details of the options over ordinary shares of the Company are as follows: (Cont'd)

| 2023          | Exercise Price<br>RM | Exercise period         |
|---------------|----------------------|-------------------------|
| 18 April 2023 | 0.48                 | 18.04.2023 - 17.04.2028 |

Share options exercised during the previous financial year resulted in the issuance of 420,000 ordinary shares at an average price of RM0.48 each. The related weighted average ordinary share price at the date of exercise was RM0.53 each.

The fair value of share options granted during the financial year was estimated by using the Black-Scholes-Merton option pricing model, taking into account the terms and conditions upon which the options were granted. The fair value of share options measured at grant date and the assumptions used are as follows:

|                                      | Grant date<br>18 April 2023 |

#### 31. MATERIAL LITIGATIONS

(a) Eonmetall Systems Sdn. Bhd. ('EMS') vs United Motors And Heavy Equipment Co. (L.L.C.) ('UMHE')

On 8 May 2020, EMS, a wholly-owned subsidiary of the Company, filed a Statement of Claim against UMHE for claims arising from the supply of goods for a sum of USD304,287 together with interest of 5% per annum thereon from the date of filing until the full settlement of the sum.

On 12 March 2021, EMS filed an application for summary judgement ('SJ') against UMHE. Subsequently, on 2 June 2021, UMHE filed an application to strike out ('SO') EMS's claim. To this end, both parties have exhausted the affidavits and filed written submissions for both SJ and SO applications. As directed by the new Judge, both parties have filed the Common Chronology of Facts and Executive Summary on 1 July 2022. The hearing has been fixed for 23 March 2023 via Zoom.

The Court has dismissed both summary judgement application and striking out application on 23 March 2023. The full trial of the matter has been fixed on 22, 25 and 26 July 2024 as well as 14 to 16 August 2024. However, the trial dates have been vacated giving way to disposal of earlier cases.

Full trial of the matter has been fixed on 21 to 24 and 28 to 29 of July 2025. The pre-trial case management has been completed on 4 March 2025 for EMS to restructure the Witness Statement(s) filed for the convenience of the trial as directed by the Court. The next case management is scheduled for 11 June 2025 to assess general readiness for trial.

The Directors are of the opinion, after taking appropriate legal advice, that no contingent asset has been recognised as the outcome of the litigation is uncertain and not virtually certain to result in an inflow of economic benefits to the Company.

(b) Cosco Shipping Lines Co., Ltd. and Cosco Shipping Lines (Malaysia) Sdn. Bhd. ('COSCO') vs EMS

On 25 May 2021, COSCO filed a claim against EMS, a wholly-owned subsidiary of the Company, for an alleged to be due and owing to COSCO arising from demurrage charges dated 22 March 2021 amounting to RM1,194,026 and a contractual interest of the sum at a daily rate of 0.1%, fourteen (14) days from 22 March 2021 until the date of full and final payment.

EMS has since filed its defence on 10 August 2021 and the reply was then filed by COSCO on 8 September 2021. Subsequently, EMS filed an application to seek leave of Court to issue Third Party Notice against UMHE, and was granted by the Court on 30 September 2021.

The Third Party Notice was issued on 4 October 2021, and on 14 October 2021, EMS obtained leave of Court to serve the Third Party Notice out of jurisdiction (i.e. to United Arab Emirates). The Third Party Notice was served to UMHE, and on 23 January 2022, UMHE filed its Memorandum of Appearance.

EMS proceeded to file a Notice for Third Party Directions on 21 February 2022. Subsequently, on 28 February 2022, UMHE applied for an order to set aside the Third Party Notice. EMS's Notice for Third Party Directions will be kept in abeyance pending the disposal of UMHE's setting aside application. To this end, both parties have exhausted the affidavits and filed written submissions for UMHE's setting aside application, and the case management for the said application is fixed for 26 May 2022.

Subsequently, the Court has proceeded to direct both parties to file the Defendant's Statement of Claim, Third Party's Defence and the Defendant's Reply to Defence respectively on 9 June 2022, 27 June 2022 and 11 July 2022. To this end, both parties have completed the pleadings of Third Party Proceedings.

## 31. MATERIAL LITIGATIONS (Cont'd)

(b) Cosco Shipping Lines Co., Ltd. and Cosco Shipping Lines (Malaysia) Sdn. Bhd. ('COSCO') vs EMS (Cont'd)

During the Case Management on 4 July 2022, the Court informed parties that the trial dates for the Main Action which initially fixed on 26 September 2022 to 29 September 2022 have been vacated and rescheduled to 12 June to 15 June, 26 and 27 June 2023.

The Defendant has filed an application on 16 November 2022 vide Enclosure 78 to transfer the present suit to the High Court in Penang to be tried together and/or to be heard within the Penang Suit. To this end, the filing of affidavits have been exhausted and parties have filed their respective written submission on 12 January 2023. The Hearing for the transfer application is fixed on 19 January 2023.

Pursuant to the transfer application filed by UMHE, the Kuala Lumpur High Court has allowed the application and transferred the admiralty in personam for the case to Penang High Court to be tried and to be heard. The full trial of the matter has been fixed from 22, 25 60 26 July and 14 to 16 August 2024. However, the trial dates have been vacated giving way to disposal of earlier cases.

Full trial of the matter has been fixed on 21 to 24 and 28 to 29 of July 2025. The pre-trial case management has been completed on 4 March 2025 for EMS to restructure the Witness Statement(s) filed for the convenience of the trial as directed by the Court. The next case management is scheduled for 11 June 2025 to assess general readiness for trial.

The Directors are of the opinion, after taking appropriate legal advice, that no provision for the abovementioned claims is necessary.

(c) Eonmetall Group Berhad ('EGB') vs Rizhao Xingyang International Trade Co., Ltd. ('Rizhao') and Eng Meng Kong ('EMK')

On 24 September 2021, EGB filed a Statement of Claim against Rizhao and EMK for claims arising from a Share Sale Agreement ('SSA') entered on 18 March 2021 for the disposal of 510,000 shares in Eonmetall China Sdn. Bhd. to Rizhao for a total purchase price of USD1,020,000. Rizhao failed to pay the balance purchase price of USD1,000,000 in accordance with the terms and conditions of the SSA. The EGB filed an application against Rizhao to declare that the SSA is null and void and seeking an order for the company secretary to register the 510,000 shares into the EGB or nominee's name.

EGB has on 11 February 2022 and 20 March 2022 served the Originating Summons to Rizhao and EMK accordingly. EGB has on 21 March 2022 files application to extend the Originating Summons for another six (6) months due to on-going Covid-19 lockdown in China for his agent in Shanghai to affirm an affidavit of service before the Consulate of Malaysia. The matter is now fixed for hearing on 31 January 2023.

EMK has the time until 17 April 2023 to file the application for extension of time to file an affidavit in reply. The judge has rescheduled the matter to 10 May 2023 for both the defendants to file the application to extension of time to file an affidavit in reply and deferred the case against EMK to the same date as Case Management.

The matter came up for hearing on 11 December 2023. Upon hearing from both side, the judge was of the opinion that the dispute between both parties was not suitable to be disposed by way of Originating Summon and directed the Company to file a new Writ action if the Company wants to pursue the matter. EGB has refiled this as a civil suit under Writ action.

After taking some time to get leave to sere the Writ out of jurisdiction to Rizhao's address in People's Republic of China ('PRC') and engaging a law firm in PRC to be the agent to serve the Writ on Rizhao, EGB is now at the stage of application to enter judgement in default of defence.

The case had been concluded on 26 March 2025 as the court has allowed EGB's application to record Judgment in Default of Defence against Rizhao and EMK and allowing the claims of EGB. As a result, the company secretary of Eonmetall China Sdn. Bhd. is instructed to transfer the 510,000 shares back to EGB and issue the relevant share certificate.

As the Court Order was released subsequent to the financial year end and the share transfer is not effected up to report date, the financial statements for the current financial year do not reflect the impact. The relevant transaction will be accounted for during the financial year ending 31 December 2025.

31 DECEMBER 2024

## 31. MATERIAL LITIGATIONS (Cont'd)

(d) Xin Xin Engineering Sdn. Bhd. ('XXE') vs Eonmetall Technology Sdn. Bhd. ('EMT')

On 26 November 2021, XXE filed a claim against EMT, a wholly-owned subsidiary of the Company, for an alleged to be due and owing to XXE arising from a latex glove dipping line Purchase Agreement dated 30 June 2020 for a sum of RM2,676,911. EMT filed its defence on 18 February 2022.

On 13 April and 15 September 2022, the court has dismissed the summary judgement application filed by XXE. The case is now proceeded for full trial and the full trial has not concluded yet and is fixed for further continuation on 20 to 21 May 2024.

Pursuant to the latest case management held on 14 January 2025, the High Court has dixed the Trial to continue on the following dates 14 July 2025, 15 July 2025, 16 July 2025, 17 July 2025, 25 August 2025, 26 August 2025, 27 August 2025, 28 August 2025 and 29 August 2025.

The Directors are of the opinion, after taking appropriate legal advice, that no provision for the abovementioned claims is necessary.

(e) Eonmetall Industries Sdn. Bhd. ('EMI') vs Power Portal Sdn. Bhd. ('Power Portal')

EMI, a wholly-owned subsidiary of the Company, had sued Power Portal for outstanding rental amounting to RM657,768.15 from Power Portal in relating to granting early possession of a property pending completion of the sale of the said property to the debtor.

The case is now at filing pre-trial document stage and court directed parties to try mediation.

The Directors are of the opinion, after taking appropriate legal advice, that no contingent asset has been recognised as the outcome of the litigation is uncertain and not virtually certain to result in an inflow of economic benefits to the Company.

(f) Eonsteel Sdn. Bhd. ('ESL') vs Power Portal Sdn. Bhd. ('Power Portal')

ESL, a wholly-owned subsidiary of the Company, had seeked an order to evict Power Portal from the land rented by Power Portal on basis of breach of the tenancy agreement.

On 15 January 2025, the case is still at the stage of application for summary judgment and application for summary striking out of claim stage because the matter was kept in abeyance for retiring judge to clear old cases and for new judge to assume duty.

The Directors are of the opinion, after taking appropriate legal advice, that no contingent asset has been recognised as the outcome of the litigation is uncertain and not virtually certain to result in an inflow of economic benefits to the Company.

### 32. CAPITAL MANAGEMENT

The primary objective of the capital management of the Group is to ensure that entities of the Group would be able to continue as going concerns whilst maximising the return to shareholders through the optimisation of the debt and equity ratios. The overall strategy of the Group remains unchanged throughout the reporting period.

The Group manages its capital structure and makes adjustments to it in response to changes in economic conditions. In order to maintain or adjust the capital structure, the Group may adjust the dividend payment to shareholders, return capital to shareholders or issue new shares. No changes were made in the objectives, policies or processes throughout the reporting period.

31 DECEMBER 2024

# 32. CAPITAL MANAGEMENT (Cont'd)

The Group monitors capital using a gearing ratio, which is net debt divided by total capital plus net debt. The strategy of the Group is to maintain the balance between debt and equity and to ensure sufficient operating cash flows to repay its liabilities as and when they fall due. The Group includes within net debt, trade and other payables, external borrowings and lease liabilities, less cash and bank balances. Capital represents equity attributable to owners of the parent. The gearing ratios are as follows:

Pursuant to the requirements of Practice Note No. 17/2005 of Bursa Malaysia Securities Berhad, the Group is required to maintain a consolidated shareholders' equity of more than twenty-five per centum (25%) of the issued and paid-up capital (excluding treasury shares) and such shareholders' equity is not less than RM40 million. The Group has complied with this requirement during the financial year ended 31 December 2024.

# 33. FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES

The financial risk management objective of the Group is to optimise value creation for shareholders whilst minimising the potential adverse impact arising from fluctuations in foreign currency exchange and interest rates and the unpredictability of the financial markets.

The Group is exposed mainly to credit risk, liquidity and cash flow risk, foreign currency risk, interest rate risk and commodity price risk. Information on the management of the related exposures is detailed below.

### (a) Credit risk

Bank balances with licensed banks and receivables could give rise to credit risk, which requires the loss to be recognised if a counter party failed to perform as contracted. It is the policy of the Group to monitor the financial standing of these counter parties on an ongoing basis to ensure that the Group is exposed to minimal credit risk.

Credit risk is the risk that a counterparty will not meet its obligations under a financial instrument or customer contract, leading to a financial loss.

Exposure to credit risk arises mainly from sales made on credit terms. The Group controls the credit risk on sales by ensuring that its customers have sound financial position and credit history. The Group also seeks to invest cash assets safely and profitably with approved financial institutions in line with the policy of the Group.

In respect of the bank balances placed with licensed banks, the Directors believe that the possibility of non-performance by these financial institutions is remote on the basis of their financial strength.

- (ii) Approximate 100% (2023: 100%) of the receivables of the Company were balances with its subsidiaries.

The maximum exposure to credit risk in relation to financial guarantee contracts provided as credit enhancements to the secured loans of subsidiaries amounts to RM311,008,000 (2023: RM406,028,000) representing the outstanding banking facilities of the subsidiaries as at the end of the reporting period.

31 DECEMBER 2024

## 33. FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES (Cont'd)

(a) Credit risk (Cont'd)

Recognition and measurement of impairment loss of financial guarantee contracts

The Company assumes that there is a significant increase in credit risk when the financial position of the subsidiary deteriorates significantly. The Company consider a financial guarantee to be credit impaired when:

- (a) the subsidiary is unlikely to repay its credit obligation to the bank in full; or
- (b) the subsidiary is continuously loss making and is having a deficit shareholders' fund.

The Company determine the probability of default of the guaranteed loans individually using internal information available. As at the end of the reporting period, the Company did not recognise any allowance for impairment loss.

# (b) Liquidity and cash flow risk

Liquidity and cash flow risk is the risk that the Group will encounter difficulty in meeting their financial obligations due to the shortage of funds. The Group's exposure to liquidity risk arises principally from its various payables, lease liabilities, derivative liabilities and borrowings.

The Group actively manages its debt maturity profile, operating cash flows and availability of funding so as to ensure that all operating, investing and financing needs are met. In executing its liquidity risk management strategy, the Group measures and forecasts its cash commitments and maintains a level of cash and cash equivalents deemed adequate to finance the activities of the Group.

The Group also manage the liquidity risk by minimising the mismatch of financial assets and liabilities whilst maintaining sufficient cash and marketable securities, the availability of funding through standby credit facilities and the ability to close out market positions.

As at 31 December 2024, the current liabilities of the Company exceeded its current assets by RM629,134. The Directors are confident that the Company will obtain sufficient funds from the support of its subsidiaries to meet its obligations as and when they fall due. Historical results of the treasury management show that the Company has not defaulted on any obligations due or payable to creditors and has the ability to meet its obligations as and when they fall due.

The table below summaries the maturity profile of the liabilities of the Group and of the Company at the end of the reporting period based on contractual undiscounted repayment obligations:

# (c) Foreign currency risk

Foreign currency risk is the risk that the fair value or future cash flows of a financial instrument would fluctuate because of changes in foreign exchange rates.

Certain subsidiaries of the Group have assets and liabilities together with expected cash flows from anticipated transactions denominated in foreign currencies that give rise to foreign exchange exposures.

The Group is also exposed to foreign currency risk on sales and purchases that are denominated in a currency other than the respective functional currencies of entities with the Group.

Sensitivity analysis for foreign currency risk

The following table demonstrates the sensitivity analysis of the profit after tax of the Group to a reasonably possible change in the United States Dollar ('USD'), Chinese Yuan ('CNY'), Euro Dollar ('EURO') exchange rates against the respective functional currencies of entities within the Group, with all other variables held constant:

|                  |                               |            | Group      |

Sensitivity analysis of other foreign currencies are not disclosed as they are not material to the Group.

The effect to the equity of the Group and the Company are not presented as they are not affected by the changes in the exchange rates.

# 33. FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES (Cont'd)

## (d) Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of the financial instruments of the Group and of the Company would fluctuate because of changes in market interest rates.

The exposures of the Group to interest rate risk arises primarily from lease liabilities and external borrowings while the exposures of the Company to interest rate risk arises primarily from amounts due from and due to subsidiaries. The Group and the Company borrow at both, floating and fixed rates of interest to generate the desired interest profile and to manage the exposures of the Group and of the Company to interest rate fluctuations.

# Sensitivity analysis for interest rate risk

The following table demonstrates the sensitivity analysis of the Group and of the Company if interest rates at the end of each reporting period changed by ten (10) basis points with all other variables held constant:

|                                   | 2024<br>RM | 2023<br>RM |
|-----------------------------------|------------|------------|

| Increase by 0.1% (2023: 0.1%)     | 103,558    | (129,083)  |
| Decrease by 0.1% (2023: 0.1%)     | (103,558)  | 129,083    |
|                                   | Cor        | npany      |
|                                   | 2024<br>RM | 2023<br>RM |
| Profit/(Loss) after tax           |            |            |
| Increase by 0.1% (2023: 0.1%)     | (18,816)   | 9,698      |
| 11101 Case By 6.176 (2020. 6.176) |            |            |

There is no interest rate risk exposure to the equity, hence the effect of change in the interest rate is not explained.

No sensitivity analysis for fixed rate instruments was prepared as the change in market interest rate at the end of the reporting period would not affect profit or loss.

## 33. FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES (Cont'd)

## (e) Commodity price risk

Commodity price risk is the risk that the fair value of future cash flows of the financial instruments of the Group would fluctuate because of changes in market prices (other than interest or exchange rates).

The principal exposure of the Group to commodity price risk arises mainly from the changes in steel raw material prices. Raw material is classified as current assets and the Group manage the procurement of its raw material to optimise return on realisation of its inventories.

Sensitivity analysis on world composite steel prices

The following table demonstrates the sensitivity analysis of the profit after tax of the Group to a reasonably possible change in world composite steel prices, with all other variables held constant:

|                           |             | Group       |
|---------------------------|-------------|-------------|

| Increase by 5% (2023: 5%) | 1,479,585   | 2,009,101   |
| Decrease by 5% (2023: 5%) | (1,479,585) | (2,009,101) |

## 34. SIGNIFICANT EVENT SUBSEQUENT TO THE END OF THE REPORTING PERIOD

On 27 January 2025, the Company has proposed to undertake the proposed private placement of up to 30% of the total number of issued shares of the Company (excluding treasury shares) ('Proposed Private Placement'). Up to 91,405,947 new Placement shares may be issued pursuant to the Proposed Private Placement on the Main Market of Bursa Malaysia Securities, subject to the conditions set out by Bursa Malaysia Securities.

The Company further announced on 9 April 2025 that Bursa Malaysia Securities Berhad had, via its letter dated 9 April 2025, approved the listing and quotation for up to 91,405,947 Placement Shares to be issued pursuant to the Proposed Private Placement on the Main Market of Bursa Malaysia Securities, subject to the conditions set out in the letter by Bursa Malaysia Securities.

## 35. ADOPTION OF NEW MFRSs AND AMENDMENTS TO MFRSs

# 35.1 New MFRSs adopted during the financial year

The Group and the Company adopted the following Amendments to Standards of the MFRS Framework that were issued by the Malaysian Accounting Standards Board ('MASB') during the financial year:

| Title   | Effective Date |
|---|----------------|
| Amendments to MFRS 16 Lease Liability in a Sale and Leaseback   | 1 January 2024 |
| Amendments to MFRS 101 Classification of Liabilities as Current or Non-current  | 1 January 2024 |

"THAT pursuant to the provisions of the MMLR of Bursa Securities, a general mandate of the shareholders be and is hereby granted for the Company and/or its subsidiaries to enter into recurrent related party transactions as set out in Section 2.4 under Part A of the Circular and Statement to Shareholders dated 29 April 2025, which are necessary for the Group's day-to-day operations and are carried out in the ordinary course of business and are on normal commercial terms which are not more favourable to the related parties than those generally available to the public and not detrimental to the minority shareholders of the Company; and that the approval shall continue to be in force until the conclusion of the next AGM of the Company at which time it will lapse unless the authority is renewed by a resolution passed at the meeting; or the expiration of the period within which the next AGM after the date it is required to be held pursuant to Section 340(2) of the Act (but shall not extend to such extension as may be allowed pursuant to Section 340(4) of the Act); or revoked or varied by resolutions passed by the shareholders of the Company in a general meeting; whichever is the earlier.

AND THAT the Directors of the Company be and are hereby authorised to do all acts, deeds, things and execute all necessary documents as they may consider necessary or expedient in the best interest of the Company with full powers to assent to any conditions, variations, modifications and/or amendments in any manner as may be required or permitted under relevant authorities to give full effect to the Proposed Shareholders' Mandate."

# 10. PROPOSED ALLOCATION OF OPTIONS GRANTED UNDER THE EMPLOYEES' SHARE OPTION SCHEME ("ESOS" OR THE "SCHEME") ("ESOS OPTIONS") TO DATIN TAN PAK SAY, MANAGING DIRECTOR & CHIEF EXECUTIVE OFFICER OF THE COMPANY

**Ordinary Resolution 11** 

"THAT approval be and is hereby given to the Board to authorise the ESOS Committee, at any time and from time to time throughout the duration of the ESOS, to offer and grant to the Director, Datin Tan Pak Say ESOS Options to subscribe for new ordinary shares in Eonmetall Group Berhad ("Shares") under the ESOS in accordance with the by-laws governing the ESOS ("By-laws") provided always that:-

- she shall not participate in the deliberation or discussion of her own allocation as well as allocation to persons connected with her;
- the allocation to her, who singly or collectively through persons connected with her, holds 20% or more of the total number of issued Shares (excluding treasury shares), shall not exceed 10% of the total number of new Shares to be issued under the Scheme; and
- such offer and grant of ESOS Options are subject always to such terms and conditions and/or adjustments which may be made in accordance with the provisions of the By-laws, MMLR of Bursa Securities or any prevailing guidelines issued by Bursa Securities or any other relevant authority, as amended from time

THAT the Board is authorised to allot and issue such number of new Shares arising from the exercise of the ESOS Options issued under the Scheme;

AND THAT the Shares to be allotted and issued upon the exercise of any ESOS Options granted under the Scheme will be subject to the provisions of the Constitution of the Company and will, upon allotment and issuance, rank pari passu in all respects with the then existing issued Shares, save and except that the Shares so allotted and issued will not be entitled to any dividends, rights, allotments or other distributions, which may be declared, made or paid to shareholders of the Company, the entitlement date of which is prior to the date of allotment and issuance of such new Shares."

11. To transact any other business of which due notice shall have been given.

By Order of the Board

Company Secretaries Penang, 29 April 2025

### Notes:

### **Appointment of Proxy**

- A proxy may but need not be a member.
- The instrument appointing a proxy must be deposited at the Company's Registered Office at 170-09-01, Livingston Tower, Jalan Argyll, 10050 George Town, Pulau Pinang, Malaysia, not less than forty-eight (48) hours before the time set for holding the 22<sup>nd</sup> AGM or at any adjournment thereof.
- 3. A member entitled to attend, participate, speak and vote is entitled to appoint not more than two (2) proxies to attend, participate, speak and vote instead of him. Where a member appoints more than one (1) proxy, the appointment shall be invalid unless he specifies the proportions of his holdings to be represented by each proxy.
- 4. Where a member is an Exempt Authorised Nominee which holds ordinary shares in the Company for multiple beneficial owners in one securities account ("omnibus account"), there shall be no limit to the number of proxies which the Exempt Authorised Nominee may appoint in respect of each omnibus account it holds.
- 5. If the appointor is a corporation, the Form of Proxy must be executed under the corporation's common seal or under the hand of an officer or attorney duly authorised.
- In respect of deposited securities, only members whose names appear on the Record of Depositors on 21 May 2025 (General Meeting Record of Depositors) shall be eligible to attend the meeting or appoint proxy(ies) to attend and/or vote on his/her behalf.

# **Explanatory Notes:**

1. Ordinary Resolutions 1, 2, 3 and 4 deal with the re-election of Tan Sri Dato' Mohd Desa Bin Pachi, Mr. Yeoh Cheng Chye, Mr. Goh Kee Seng and Datin Tan Pak Say. All of them are standing for re-election and being eligible, have offered themselves for re-election at this 22<sup>nd</sup> AGM. The Board of Directors ("the Board"), through the Nominating Committee ("NC"), had conducted assessments on Tan Sri Dato' Mohd Desa Bin Pachi, Mr. Yeoh Cheng Chye and Mr. Goh Kee Seng and considered the results of the assessments based on the criteria set out in the Fit and Proper Policy which include commitment, contributions, knowledge, integrity and experience and their overall performance and was satisfied that all of them met the performance criteria set out therein in the discharge of their duties and responsibilities.

Tan Sri Dato' Mohd Desa Bin Pachi is an Independent Director ("**ID**") of the Company. He has fulfilled the requirements on independence as set out in the Main Market Listing Requirements of Bursa Malaysia Securities Berhad ("**Bursa Securities**") ("**MMLR**") and has provided confirmation of independence. Throughout his tenure, he has provided strong leadership and guidance to the Board, fostering effective decision-making processes and promoting transparency and accountability as well as sharing impartial views and opinions. Mr. Yeoh Cheng Chye and Mr. Goh Kee Seng are Non-IDs. Both had demonstrated their objectivity through proactive engagements during meetings of the Board. Following re-designation as Non-ID, Mr. Yeoh Cheng Chye continued to contribute his valuable expertise and insights to the Company and its subsidiaries ("**Group**") to ease the transition to the new executive leadership. Datin Tan Pak Say did not participate in the annual assessment as she was only appointed in January 2025. Nonetheless, the Board viewed that she has, since her appointment, added value to the Board's decision making process. Accordingly, the Board would like to recommend the re-election of all four Directors at the forthcoming 22<sup>nd</sup> AGM.

The retiring Directors do not have any conflict of interest with the Company save as disclosed in the Annual Report 2024 and the Circular and Statement to the shareholders and had also abstained from deliberation and decision making on their re-election.

# **Explanatory Notes: (Cont'd)**

- 2. In respect of Ordinary Resolution 5 and Ordinary Resolution 6, the Directors' fees and benefits have been reviewed by the Remuneration Committee ("RC") and the Board which considered the fees and benefits are in the best interest of the Company and in accordance with the remuneration framework. The fee also includes a contingency sum to cater to unforeseen circumstances such as the appointment of any additional Director and/or for the formation of additional Board Committees (collectively, the Audit Committee, NC and RC). The benefits payable comprises of meeting day allowances and is calculated based on the number of days scheduled for meetings of the Board and Board Committees. It also included contingency to account for additional unscheduled meeting days. In the event the proposed amounts are insufficient, approval will be sought at the next AGM for the shortfall.
- 3. Ordinary Resolution 8: Waiver of the pre-emptive rights under Section 85 of the Companies Act 2016 ("Act") Pursuant to Section 85 of the Act read together with Clause 65 of the Company's Constitution, shareholders have pre-emptive rights to be offered any new shares in the Company which rank equally to the existing issued shares in the Company or other convertible securities. In order for the Board to issue (a) all new shares in the Company, (b) all options offered or to be offered pursuant to the Company's Employees Share Option Scheme ("ESOS Options") and (c) any offers, agreements, rights, options or other convertible securities of whatever kind in respect of any new shares in the Company free of pre-emptive rights, such pre-emptive rights must be waived. The Ordinary Resolution, if passed, will exclude the shareholders' pre-emptive rights over all new shares in the Company, ESOS Options and any offers, agreements, rights, options or other convertible securities of whatever kind in the Company.
- 4. Ordinary Resolution 9: Power to issue and allot shares pursuant to Sections 75 and 76 of the Act
  This Ordinary Resolution, is for the purpose of granting a renewed general mandate ("General Mandate") and if
  passed, will give authority to the Board to issue and allot ordinary shares at any time in their absolute discretion and
  that such authority shall continue in force until the conclusion of the next AGM of the Company or the expiration
  of the period within which the next AGM is required by law to be held or revoked/varied by resolution passed by
  the shareholders in general meeting, whichever is the earlier.

As at the date of this Notice, no new shares in the Company were issued pursuant to the mandate granted to the Directors at the last AGM held on 31 May 2024 and which will lapse at the conclusion of the 22<sup>nd</sup> AGM. The renewal of this General Mandate will provide flexibility to the Company for any possible fundraising activities, including but not limited to further placing of shares, for purpose of funding future investment project(s), working capital and/ or acquisitions.

At this juncture, there is no decision to issue new shares but the Directors consider it desirable to have the flexibility permitted to respond to market developments and to enable allotments to take place to finance business opportunities without making a pre-emptive offer to existing shareholders. If there should be a decision to issue new shares after the General Mandate is obtained, the Company will make announcement in respect thereof.

5. Ordinary Resolution 10: Proposed Renewal of Shareholders' Mandate for Recurrent Related Party Transactions of a Revenue or Trading Nature

This Ordinary Resolution, if approved, will allow the Group to enter into existing recurrent related party transactions of a revenue and trading nature under the Proposed Shareholders' Mandate with related parties. Please refer to Part A of the Circular and Statement to Shareholders dated 29 April 2025 for further information.

6. Ordinary Resolution 11: Proposed allocation of ESOS Options to a Director of the Company: Datin Tan Pak Sav

The ESOS was approved by the shareholders of the Company at the EGM held on 20 May 2021 and subsequently became effective on 8 October 2021. The proposed Resolution 11, if passed, will empower the Board to offer and grant to Datin Tan Pak Say ESOS Options to subscribe for new Shares under the ESOS in accordance with the Bylaws provided always that:

- (a) she shall not participate in the deliberation or discussion of her own allocation as well as allocation to persons connected with her;
- (b) the allocation to her, who singly or collectively through persons connected with him, holds 20% or more of the total number of issued Shares (excluding treasury shares), shall not exceed 10% of the total number of new Shares to be issued under the Scheme; and
- (c) such offer and grant of ESOS Options are subject always to such terms and conditions and/or adjustments which may be made in accordance with the provisions of the By-laws, the MMLR or any prevailing guidelines issued by Bursa Securities or any other relevant authority, as amended from time to time.
