The Group had established the guidelines and procedures to ensure that the RRPT contemplated under the Proposed Shareholders' Mandate are undertaken on transaction prices and terms which are not more favourable to the Related Parties than those generally available to the public and are not to the detriment of our minority shareholders:-

(i) Methods for Determination of Transaction Price

- (a) The transaction prices and the terms and conditions are determined by current market forces under similar commercial terms and normal trade practices for transactions with third parties.
- (b) The Group shall ensure that where possible at least 2 other contemporaneous transactions with unrelated third parties for similar products/services and/or quantities will be used as comparison, whenever possible, to determine whether the price and terms offered to/by the related parties are fair and reasonable and comparable to those offered to/by other unrelated third parties for the same or substantially similar type of products/services and/or quantities.
- (c) In the event that quotation or comparative pricing from unrelated third parties cannot be obtained, the Group's pricing for the products/services to be supplied/provided and/or purchased/received will be determined in accordance with the Group's usual business practices and policies, which are on terms not more favourable to the related parties than those extended to third parties/public and not to the detriment of minority shareholders of the Company.
- (d) The rental rates for the properties were determined based on the valuation report from professional valuer and/or conducting an internal market survey and comparison with the rental rate at the adjacent properties.

(ii) Thresholds for Approval of RRPT

There are no specific thresholds for the approval of RRPT within the Group. All the RRPT will be reviewed by the Audit Committee and approved by the Board of Directors (excluding the interested Directors).

(iii) Monitoring of RRPT

- (a) An updated list of related parties shall be circulated within the Group from time to time for reference and at the same time, the related party will be notified to ensure that all RRPT are undertaken in accordance with the policies.
- (b) All operating divisions and subsidiary companies shall review the existing information systems to ensure that information on Related Party Transactions are captured at source.
- (c) Records will be maintained by the Company for Audit Committee's review in order to capture all RRPT which are entered into pursuant to the shareholders' mandate.
- (d) The Audit Committee shall review the internal audit reports as and when required to ascertain that the guidelines and procedures established to monitor RRPT have been complied with.
- (e) The Board and the Audit Committee shall have overall responsibility for the determination of the review procedures with authority to sub-delegate to individuals or committees within the Company as they deem appropriate. If a member of the Board or Audit Committee has an interest, as the case may be, he will abstain from any decision making by the Board and the Audit Committee respectively in respect of the said transaction.
- (f) Additional quotations, if relevant, from third parties will be obtained and will be evaluated based on ranking on the price, delivery, services and other terms and conditions before entering into such transactions.

If it is determined that the guidelines and/or procedures stated in Section 2.6(i) in this Circular are inadequate and to ensure that:-

- (i) the RRPT will be conducted at arm's length and on normal commercial terms which are not more favourable to the Related Parties than those generally available to the public; and
- (ii) such transactions are not to the detriment of the minority shareholders of the Company or prejudicial to the interests of the shareholders.

The Company will obtain a fresh shareholders' mandate based on new guidelines and procedures. The Audit Committee shall also have the discretion to request for limits to be imposed or for additional procedures to be followed if it considers such a request to be appropriate. In that event, such limits or procedures may be implemented without the approval of shareholders, provided that they are more stringent than the existing limits or procedures.

Pursuant to Paragraph 10.09 of the Listing Requirements, in a meeting to obtain the Proposed Shareholders' Mandate, the interested Director, interested Major Shareholder or interested persons connected with a Director and/or Major Shareholder; and where it involves the interest of an interested person connected with a director or major shareholder, such director or major shareholder, must not vote on the resolution approving the transactions.

2.7 Deviation from mandate

The actual value of RRPT did not exceed 10% of the estimated values as approved under the previous shareholders' mandate granted to the Company at the last AGM held on 28 May 2025.

3. STATEMENT BY AUDIT COMMITTEE

The Audit Committee of the Company has seen and reviewed the procedure mentioned in Section 2.6 above and is of the view that:-

- (i) The procedures and processes are sufficient to ensure that the RRPT are carried out on terms that are not more favourable to the related parties than those generally available to the public and are not detrimental to the minority shareholders; and
- (ii) The Group has in place adequate procedures and processes to monitor, track and identify RRPT in a timely and orderly manner, and such procedures and processes are reviewed on a yearly basis or whenever the need arises.

4. RATIONALE FOR AND BENEFITS OF THE PROPOSED SHAREHOLDERS' MANDATE

4.1 Rationale for the Proposed Shareholders' Mandate

The rationale for the Proposed Shareholders' Mandate is to enable Eonmetall Group to obtain general mandate from its shareholders for the RRPT. On the whole, the RRPT are considered by the Board to be beneficial to the Eonmetall Group as they constitute recurrent transactions of a revenue or trading nature which are necessary for the day-to-day operations of Eonmetall Group, and which contribute to the generation of their turnover.

It is envisaged that in the normal course of business of Eonmetall Group, transactions in respect of goods or services with the Related Parties will occur with some degree of frequency from time to time and may arise at any time.

Some of these RRPT may be time-sensitive and it may be impractical to seek shareholders' approval on a case to case basis before entering into such RRPT.

The obtaining of the shareholders' mandate and the renewal thereof on an annual basis would eliminate the necessity to convene separate general meetings from time to time to seek shareholders' approval as and when such RRPT arise, thereby reducing administrative time and cost associated with the corporate objectives or adversely affecting the business opportunities available to Eonmetall Group.

4.2 Benefits of the Proposed Shareholders' Mandate

Some of the benefits to be derived from the Proposed Shareholders' Mandate of these RRPT are:-

- (i) flexibility and choice of parties to enter into such transactions, whether with Related Parties or Non-Related Parties;
- (ii) facilitate transactions with Related Parties which are in the ordinary course of business of Eonmetall Group undertaken at arm's length basis, normal commercial terms and on terms which are not more favourable to the Related Parties than those generally available to the public and are not to the detriment of the minority shareholders of the Company;
- (iii) facilitate transactions with Related Parties in an expeditious manner to meet business needs for the supply and/or provision of goods and services which are necessary for its day-to-day operations, particularly business needs which are time sensitive in nature; and
- (iv) eliminate the need to announce and convene separate general meetings to seek shareholders' mandate for each transaction and as such, substantially reduce expenses, time and other resources associated with the making of announcements and convening of general meetings on an ad hoc basis, improve administrative efficiency considerably and allow financial and manpower resources to be channeled to attain more productive objectives.

In addition to the above benefits, the Related Parties had also proven to be reliable in its delivery of services and products as well as fulfilling the quality expectations of the Eonmetall Group. Due to previous business dealings with the Related Parties, the Related Parties are familiar with the Group's operations and are able to meet the Group's business requirements even when short notice is given. This has allowed the Group to benefit from sudden business opportunities that had arisen.

5. EFFECTS OF THE PROPOSED SHAREHOLDERS' MANDATE

The Proposed Shareholders' Mandate is not expected to have any effect on the total number issued shares, the substantial shareholders' shareholdings of the Company, the NA per share and gearing of the Group for the financial year ending 31 December 2026.

6. APPROVAL REQUIRED

The Proposed Shareholders' Mandate is subject to the approval of the shareholders of Eonmetall at the forthcoming 23rd AGM.
